Nakasone, 2015-09-01 A resource ideal for students as well as general readers this two volume encyclopedia examines the diversity of the Asian American and Pacific Islander spiritual experience Despite constituting a fairly small proportion of the U S population roughly 5 percent Asian Americans are a widely diverse group with equally heterogeneous religious beliefs and traditions This encyclopedia provides a single source for authoritative information on the Asian American and Pacific Islander religious experience addressing South Asian Americans such as Indian Americans and Pakistani Americans East Asian Americans including Chinese Americans Japanese Americans and Korean Americans and Southeast Asian Americans whose ethnicities include Filipino Americans Thai Americans and Vietnamese Americans Pacific Islanders include Hawaiians Samoans Marshallese Tongan and Chamorro The coverage includes not only traditional eastern belief systems and traditions such as Buddhism Confucianism and Hinduism as well as Micronesian and Polynesian religious traditions in the United States but also the culture and religious rituals of Asian American Christians [Buddha Root Farm](#) Hsuan Hua, 2011-01-07 Pure Land Buddhist practice consists of reciting the name of Amitabha Buddha This is a method of mindfulness and concentration is considered the easiest and most certain path to enlightenment In lectures given in 1975 during the course of a seven day Amitabha recitation session the late Tripitaka Master Hsuan Hua explains the methods of Pure Land Buddhism and how it relates to Chan Zen meditation and other Buddhist practices **Records of the Life of the Venerable Master Hsüan Hua** ,1973 **Buddhism in the Global Eye** John S. Harding, Victor Sogen Hori, Alexander Soucy, 2020-03-05 Buddhism in the Global Eye focuses on the importance of a global context and transnational connections for understanding Buddhist modernizing movements It also explores how Asian agency has been central to the development of modern Buddhism and provides theoretical reflections that seek to overcome misleading East West binaries Using case studies from China Japan Vietnam India Tibet Canada and the USA the book introduces new research that reveals the permeable nature of certain categories such as modern global and contemporary Buddhism In the book contributors recognize the multiple nodes of intra Asian and global influence For example monks

travelled among Asian countries creating networks of information and influence mutually stimulating each other's modernization movements. The studies demonstrate that in modernization movements Asian reformers mobilized all available cultural resources both to adapt local forms of Buddhism to a new global context and to shape new foreign concepts to local Asian forms.

Buddhist-Based Universities in the United States Tanya Storch, 2015-05-05 Buddhist Based Universities in the United States Searching for a New Model in Higher Education investigates in depth four American Buddhist universities namely the Dharma Realm Buddhist University the University of the West the Soka University of America and the Naropa University all of which offer degrees in liberal arts and professional fields and at the same time educate their students in the philosophy and practices of Buddhism. Buddhist universities in the United States are unique because there are no comparable universities based on the philosophy and practices of other Asian religions also popular in the United States such as Hinduism Confucianism or Sikhism. Even the Jewish community has created only two universities in which professional skills and liberal arts are taught from the position of the moral philosophical principles of Judaism. This book presents the institutional history and academic programs of four Buddhist universities in America and analyzes Buddhist based pedagogical principles as well as teaching and learning techniques which can be very useful for other colleges and universities in the United States.

Buddhism after Mao Ji Zhe, Gareth Fisher, André Laliberté, 2020-02-29 With well over 100 million adherents Buddhism emerged from near annihilation during the Cultural Revolution to become the largest religion in China today. Despite this Buddhism's rise has received relatively little scholarly attention. The present volume with contributions by leading scholars in sociology anthropology political science and religious studies explores the evolution of Chinese Buddhism in the post Mao period with a depth not seen before in a single study. Chapters critically analyze the effects of state policies on the evolution of Buddhist institutions the challenge of rebuilding temples under the watchful eye of the state efforts to rebuild monastic lineages and schools left broken in the aftermath of Mao's rule and the development of new lay Buddhist spaces both at temple sites and online. Through its multidisciplinary perspectives the book provides both an extensive overview of the social and political conditions under which Buddhism has grown as well as discussions of the individual projects of both monastic and lay entrepreneurs who dynamically and creatively carve out spaces for Buddhist growth in contemporary Chinese society. As a wide ranging study that illuminates many facets of China's Buddhist revival Buddhism after Mao will be required reading for scholars of Chinese Buddhism and of Buddhism and modernity more broadly. Its detailed case studies examining the intersections among religion state and contemporary Chinese society will be welcomed by sociologists and anthropologists of China political scientists focusing on the role of religion in state formation in Asian societies and all those interested in the relationship between religion and social change.

The Surangama Sutra Ronald Epstein, PhD, David Rounds, 2012-08-06 For more than a thousand years the Surangama Sutra has been held in high regard in the Mahayana Buddhist countries of East and Southeast Asia and has been as popular as the Lotus Heart and

Diamond Sutra Its wealth of theoretical and practical instruction in living a spiritual life often made it the first major text studied by newly ordained monks particularly in the Chan tradition This Sutra is regarded as a complete and practical manual for spiritual practice that will lead to enlightenment It provides instruction on understanding one's own Buddha nature the potential within every being for becoming a Buddha The Sutra explains how and why this nature is hidden and how we can uncover it and recognize it as our own true mind The Sutra also explains why personal integrity and purity of conduct are prerequisites for spiritual awakening It presents the principles of meditation and provides guidelines for discerning correct practices from those which deviate into wrong ones It explains how our own intentional acts whether physical verbal or mental result in karmic experiences including rebirths into various levels of being both human and non human At the heart of the Sutra is the Vajrasattva Mantra The Sutra promises that the practice of reciting this mantra in the context of the other practices taught in the Sutra can successfully eliminate internal or external obstacles that block the path of spiritual progress

Highway Dharma Letters Buddhist Text Translation Society, 2014-10-17 They were Midwesterners with Christian upbringing involved in Buddhism and eastern culture at the tail end of the Beat generation They had found their guru in San Francisco and were formally ordained as Buddhist monks From 1977 to 1979 Heng Sure and Heng Chao undertook the ancient ascetic practice of bowing once every three steps on a two and a half year pilgrimage up the coast of California They took with them only their faith and a wish for world peace as they inched their way along at about a mile and a half a day Who gave them food Where did they sleep How did they diffuse the anger of drunks and overcome the hostility of law enforcement What lessons did they learn in compassion and humility And most important what can we learn from their journey Now 35th years after of the completion of their pilgrimage the collection of letters they wrote during this time to their teacher Tripitaka Master Hsuan Hua is republished as Highway Dharma Letters a fascinating glimpse at their external journey up the coast and their internal journey towards transformation

Three Steps, One Bow Heng Ju (Bhikshu), Heng Yo (Bhikshu), 2014-08-17 Based on the principle that peace in the world begins with peace in our hearts two American monks Heng Ju and Heng Yo undertook an arduous 10 month pilgrimage in 1973 As they bowed down in full prostrations to the ground once every three steps they prayed for world peace and sought spiritual awakening A collection of excerpts from the journal they kept this book offers an honest and moving account of their journey as they relate their internal and external hardships as well as their interactions with their teacher Master Hsuan Hua and their awakenings This book shows Buddhism in its true form a practice to transform the mind and thereby the world in which we live This 40th anniversary edition comes with a preface written by Jeanette Testu daughter of the former Heng Ju who had returned to lay life
