In One Body Through The Cross The Princeton Proposal For Christian Unity:

Discipleship and Unity Cole Jodon, 2022-06-01 Discipleship and Unity Bonhoeffer's Ecumenical Theology presents a fresh approach to church unity and discipleship from a familiar voice Building constructively from the thought of Dietrich Bonhoeffer Cole Jodon offers an account of ecumenism in which the church is understood to be united as the person of Christ a unity that is concrete today through active obedient discipleship To develop this theology Jodon draws from Bonhoeffer's ecumenical engagement which is deepened through the theology of Bonhoeffer's wider corpus Jodon illumines Bonhoeffer's dynamic understanding of the church its unity and the manner in which that unity is made concrete in the world At its heart this book serves to advance an ecumenical theology enlivened by the living and present Christ who calls his church to follow after him together *In One Body Through the Cross*, 2003 Since the study group that produces this statement was instituted and its participants were chosen by an independent ecumenical foundation the Center for Catholic and Evangelical Theology their unofficial work presents especially profound and creative reflection on the ecumenical task With this report the study group members do not claim to speak for their churches but hope to speak to all the churches out of shared concern for the founding ecumenical imperative that they all may be one so that the world may believe Receptive Ecumenism and the Call to Catholic Learning Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other's gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts *The Interruptive Word* R. David Nelson, 2013-07-18 While German Lutheran theologian Eberhard Jüngel 1934 has made a number of significant contributions to contemporaneous discussions of sacramental theology this topic has largely been ignored by interpreters of his thought This study summarizes and evaluates through a close reading of primary and secondary source materials Jüngel's approach to the problem of sacrament R. David Nelson considers Jüngel's claim that the word of God functions sacramentally

as it addresses its hearer and analyses his assertion that Jesus Christ is the unique and preeminent sacrament of God for the world Progressing to an exploration of J ngel s ecclesiology Nelson reveals J ngel s interesting approach to the question of the church s sacramentality The volume concludes with an investigation into J ngel s doctrines of baptism and the Lord s Supper The Interruptive Word demonstrates that J ngel consistently appeals to the category of interruption for describing God s sacramental relation to the world and its actualities concluding that the hegemony of the category of interruption in J ngel s theology of sacrament raises important questions concerning its coherence and tenability Pro Ecclesia Vol 18-N3 Pro Ecclesia,2009-10-16 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology It seeks to give contemporary expression to the one apostolic faith and its classic traditions working for and manifesting the church s unity by research theological construction and free exchange of opinion Members of its advisory council represent communities committed to the authority of Holy Scripture ecumenical dogmatic teaching and the structural continuity of the church and are themselves dedicated to maintaining and invigorating these commitments The journal publishes biblical liturgical historical and doctrinal articles that promote or illumine its purposes Ways to subscribe Call toll free 800 273 2223 Email journals rowman com For back issues please contact journals rowman com Editorial inquiries Joseph Mangina joseph mangina utoronto ca Submissions should be sent by email attachment in Microsoft Word double spaced with identifying marks removed for the purposes of blind peer review Book review inquiries Chad Pecknold pecknold cua edu Advertising inquiries Charles Roth Jr charlie spireads com Subscription inquiries journals rowman com ISSN 1063 8512

Attending to the Wounds on Christ's Body Elizabeth Newman,2013-02-28 The disunity of the church is a social and theological scandal for it betrays the prayer of Jesus that we will be one so that the world will believe John 17 21 As a Baptist whose academic background focused on the Orthodox Church and whose teaching has included Catholic and Protestant contexts this division is for Elizabeth Newman personal and professional Attending to the Wounds on Christ s Body rests on the conviction that the broad tradition of Christianity already contains resources to heal the church namely the saints of the church Newman examines especially how Teresa of Avila 1515 1582 speaks to the whole church today in the midst of political economic and ecclesial brokenness Teresa s reliance upon three scriptural figures dwellings marriage and pilgrimage helps make sense of an ecclesial way of life that is inherently unitive a unity that stands in contrast to that of the nation state or the global market Teresa s scriptural journey offers an alternative at once liturgical political and economic This Doctor of the Church provides *Setting the Spiritual Clock* Paul Louis Metzger,2020-11-15 Various Christian traditions mark their calendars to reflect the biblical and ecclesial narrative and enhance public worship Such efforts safeguard against secularization s encroachment in the church s life Setting the Spiritual Clock serves as a guide and traveling companion for the liturgical year which circles the glorious Son as he breaks through the secular eclipse

Towards a Truly Catholic Church Thomas P. Rausch,2005 Ecclesiology which takes into account the Second Vatican

Council ecumenism and globalization Provided by publisher Proclaiming Jesus Thomas H. L. Cornman, 2007-01-01 In the days immediately following 9 11 Joseph Stowell attended a special Chicago Prayer Breakfast He was encouraged to learn there was much interest in God and spirituality among the attendees He was troubled however by the subtle implication common among the speakers that day that Jesus with His exclusive claims was unwelcome That given the broad diversity of religions in America we now need to give up the traditions that divide those of us who believe in God Stowell left the breakfast even more determined to preach the centrality of Christ in the church Proclaiming Jesus is a collection of essays written by faculty of the Moody Bible Institute in honor of Dr Stowell that take up the message he proclaimed making it clear that every area of church life and ministry is about Jesus

God's Opportunity Athanasios Scott Tonk, 2016-02-05 We human beings have messed up so badly We have atomized the Body of Christ so that only a miracle can heal the wounds of the Body again But God is already acting to heal the Body of His Son as you will see in part 1 of the book This book does not deal in generalities when it comes to Christians It views the Body of Christ as one big family complete with a mother our heavenly Father His Son who is the head of the Body and children kissin cousins aunts uncles and so forth Oh yes we have had our fights but they have all been family fights Now this book issues a challenge to all of the members of the family Appreciate one another s heritage and bring it to the table of the Lord This book is also a call to greater evangelism and mission but it by and large recognizes that the churches are going all out to bring the world to Christ Its Gods Time Its Kingdom Time Its the Fullness of Time Its Gods Opportunity

Apostolic and Prophetic Gesa Elsbeth Thiessen, 2012-07-26 Apostolic ecumenical and radical these are the ecclesial characteristics highlighted by Gesa E Thiessen while explaining her vision of the church The author focuses on the meaning of each of these marks as well as on their intrinsic connections an approach that leads her to delve deep into the history of the church and to draw a wide span between the apostolic past and a radical perspective on the present and future ecumenical church Apostolic and Prophetic studies the concept of apostolicity emerging in patristic theology and examines this concept as it has been developed in select Lutheran Roman Catholic and Anglican ecumenical documents

Church and Communion Philip Goyret, 2022-01-21 This book is about ecumenism from a Catholic point of view The first part chapters 1 and 2 describe the history of divisions within the Church as well as of the efforts to bring about Christian unity The second part examines Ecumenism from a systematic theological perspective This first part takes into account the different factors that led to definitive ruptures within the Church which usually are not only theological The text gives useful information about what happened after the respective divisions as well as about the various attempts to restore unity the development of the Ecumenical Movement in the 20th Century and the current situation of ecumenical dialogue within the Catholic Church While offering insight into the sad history that has led to the present disunity this work also highlights the way Christians have sought to bring to fulfill the petition of Christ that his disciples might be one as He and the Father are one The second

part chapters three four and five offers a systematic theological analysis of unity in the Church from the point of view of dogmatic theology We find here an explanation of the Catholic concept of ecumenism of how Catholic theology understands the unity of the Church and finally of the Catholic principles which sustain the efforts for regaining unity in the Church The Second Vatican Council and particularly the Constitution Lumen gentium and the Decree Unitatis redintegratio are at the foundation of these reflections At the same time since the theology of the Church and the life of the Church are intimately connected there is a profound link between this dogmatic section and the earlier historical section The last chapter about the practice of ecumenism is also written from a theological perspective but with more links with life and spirituality The chapter recalls that ecumenism can never simply remain a set of theological principles but rather inspires an attitude and action in charity which are essential to the Christian life **Christ and the Catholic Priesthood** Matthew Levering,2010

Jenson,2004-01-15 Last year a group of sixteen theologians from various church traditions published In One Body through the Cross a landmark statement on the present state and future possibilities of modern ecumenism In order to help readers understand the true depth of this document also known as The Princeton Proposal The Ecumenical Future makes available the scholarly studies that stand behind it According to the editors of this timely and provocative volume the perception is widespread that the ecumenical train is stalling or has even run off the tracks In spite of significant gains in understanding between Catholics Orthodox and various Protestant denominations the church s present divisions are nothing less than a scandal Seen in the light of Jesus prayer in John 17 that all may be one ecumenism is neither an option nor a social or political football The fourteen essays in this book represent a focused examination of the issues that still divide and of the common ground still to be discovered

Pentecostal Orthodoxy Emilio Alvarez,2022-09-06 In this manifesto of sorts Bishop Emilio Alvarez introduces the phenomenon of Pentecostals returning to the ancient creedal Christian faith and extends the project of paleo orthodox

Local and Universal C. Ryan Fields, 2024-02-06 How might we reclaim the universality of the church without losing its local situatedness In this SCDS volume C Ryan Fields juxtaposes the Free Church tradition with its Episcopal counterpart arguing that the Free Church tradition can helpfully inform our understanding of the one body of Christ while remaining true to its local roots

Today When You Hear His Voice Gregory W. Lee, 2016-06-06 Presents a doctrine of Scripture based on Hebrews in dialogue with Augustine and Calvin What vision of biblical authority arises from Scripture's own use of Scripture This question has received surprisingly little attention from theologians seeking to develop a comprehensive doctrine of Scripture Today When You Hear His Voice by Gregory W Lee fills this gap by listening carefully to the Epistle to the Hebrews Lee illuminates the unique way that Hebrews appropriates Old Testament texts as he considers the theological relationship between salvation history and scriptural interpretation He illustrates these dynamics through extended treatments of Augustine and Calvin whose contrasting perspectives on the covenants Israel and the literal and figural senses provide theological categories for appreciating how Hebrews innovatively presents Scripture as God's direct address in the contemporary moment
