

# IN SEARCH OF A NON-DOGMATIC THEOLOGY

Jeffrey W. Robbins

*In another respect, it is our epoch which has discovered theology. One no longer needs to believe in God. We seek rather the "structure," that is, the form which may be filled with beliefs, but the structure has no need to be filled in order to be called "theological." Theology is now the science of nonexistent entities, the manner in which these entities—divine or anti-divine, Christ or Antichrist—animate language and make for it this glorious body which is divided into disjunctions.*

—Gilles Deleuze, *The Logic of Sense*

*By the "end" of theology, we should warn here, we do not necessarily mean simply the termination, or even the actual demise, of the kind of reflective habit that has been plied by theologians in the Occident for centuries. . . . Theologians will continue to theologize, even though the genuine impetus for theological work has dampened. The end of theology refers not to the cessation of theological work, but to the onset of a fundamental question of the *raison d'être* for what historically has been known as "theology."*

—Carl Raschke, *The End of Theology*

**A**s the two epigraphs above suggest, there is still a certain stubborn confusion with regard to the meaningfulness and possibility of theological thinking in a postmodern age—namely, does the postmodern mark the "discovery" or "end" of theology? Perhaps it depends on what is meant by the term theology.

Critics have rightly pointed out that theological thinking is intrinsically value-laden, and thus, that the study of this tradition is unavoidably a political act. Theological study and politics are deeply intertwined and form a complex web that reflects not only back onto the particular religious tradition under scrutiny as intended, but also on its perception of other religious traditions, values, and convictions with which it might have much or little in common. A theology of world religions, for instance, would reflect not so much the actual "the-

# In Search Of A Nondogmatic Theology

**Jeanine Diller, Asa Kasher**

## **In Search Of A Nondogmatic Theology:**

*In Search of a Non-Dogmatic Theology* Jeffrey W. Robbins, 2003      **The Theology of Dallas Willard** Gary Black Jr., 2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard s unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith

**Rethinking Trinitarian Theology** Giulio Maspero, Robert J. Wozniak, 2012-03-01      **The Call to Radical Theology** Thomas J. J. Altizer, 2013-01-02 The major death of God theologian explores the meaning and purpose of radical theology

**The Weakness of God** John D. Caputo, 2006-04-27 The author of *What Would Jesus Deconstruct* makes a bold attempt to reconfigure the terms of debate around the topic of divine omnipotence Choice Applying an ever more radical hermeneutics including Husserlian and Heideggerian phenomenology Derridian deconstruction and feminism John D Caputo breaks down the name of God in this irrepressible book Instead of looking at God as merely a name Caputo views it as an event or what the name conjures or promises in the future For Caputo the event exposes God as weak unstable and barely functional While this view of God flies in the face of most religions and philosophies it also puts up a serious challenge to fundamental tenets of theology and ontology Along the way Caputo s readings of the New Testament especially of Paul s view of the Kingdom of God help to support the weak force theory This penetrating work cuts to the core of issues and questions What is the nature of God What is the nature of being What is the relationship between God and being What is the meaning of forgiveness faith piety or transcendence that define the terrain of contemporary philosophy of religion Caputo comes out of the closet as a theologian in this work Catherine Keller Drew University Caputo has a gift for explaining Continental philosophy s jargon succinctly and accurately and despite technical and foreign terms this book will engage upper level undergraduates Includes scriptural and general indexes Highly recommended Choice

**Radical Theology** Jeffrey W. Robbins, 2016-08-08 Radical theology and political theology are terms that have gained a lot of currency among philosophers of religion today In this visionary new book Jeffrey W Robbins explores the contemporary direction of these movements as he charts a course for their future Robbins claims that radical theology is no longer bound by earlier thinking about God and that it must be conceived of as postsecular and postliberal As he engages with themes of liberation gender and race Robbins moves beyond the usual canon of death of God thinkers thinking against them as much as with them He presents revolutionary thinking in the face of changing theological concepts from reformation to transformation transcendence to immanence messianism to metamorphosis and from the proclamation of the death of God to the notion of God s plasticity      **The Counter-Narratives of**

Radical Theology and Popular Music M. Grimshaw, 2014-05-21 In this unique collection theologians born and formed during the Cold War offer their insights and perspectives on theological relationships with such musical artists and groups as Joy Division U2 Nick Cave and John Coltrane These essays demonstrate that one's personal music preferences can inform and influence professional interests *Jonathan Z. Smith on Religion* Christopher I. Lehrich, 2020-12-30 Jonathan Z Smith 1938-2017 was unquestionably one of the most important and influential voices of critical reflection within the academic study of religion in the last century His work explored the nature and history of religious phenomena across cultures from ancient Jewish practices to Maori cults from early Christianity to mass suicide in the twentieth century while critiquing the assumptions underlying the very category of religion This important volume offers the first full critical assessment of the influence of Jonathan Z Smith's thought on the subject of religion Christopher I Lehrich systematically examines and develops a critical overview that will assist others in engaging more fully with Smith's scholarship This book is an essential reading for students and scholars interested in the work of Jonathan Z Smith as well as the history of religion more broadly

Explorations in Contemporary Continental Philosophy of Religion , 2021-10-25 This book is an exploration of the content and dimensions of contemporary Continental philosophy of religion It is also a showcase of the work of some of the philosophers who are by their scholarship filling out the meaning of the term Continental philosophy of religion

**Neoliberalism and Political Theology** Raschke Carl Raschke, 2020-01-10 Neoliberalism has become the operative buzzword among pundits and academics to characterise an increasingly dysfunctional global political economy It is often wrongly identified exclusively with free market fundamentalism and illiberal types of cultural conservatism Combining penetrating argument and broad ranging scholarship Carl Raschke shows what the term really means how it evolved and why it has been so misunderstood He lays out how the present new world disorder signalled by the election of Trump and Brexit derives less from the ascendancy of reactionary forces and more from the implosion of the post Cold War effort to establish a progressive international moral and political order for the cynical benefit of a new cosmopolitan knowledge class mimicking the so called civilising mission of 19th century European colonialists *Existentia Hermeneutica* Andrzej

Wiercinski, 2020-03-10 *Existentia hermeneutica* is phronetic existence with the aim of cultivating practical wisdom in human life It comes from life influences life and transforms life Understanding what is happening in life requires reaching the hermeneutic truth which is the truth of understanding The experience of hermeneutic truth calls for personal commitment and existential response and thus expresses the hermeneutic moral imperative Referring to Heidegger's phenomenological analytics of Dasein Gadamer emphasizes that understanding is not only one of the human capabilities but a way of Dasein's being in the world

**The Messianic Now** Arthur Bradley, Paul Fletcher, 2013-10-18 This collection explores the phenomenon of the messianic in contemporary philosophy religion and culture From the later Derrida's work on Marx and Benjamin to Agamben and Badiou's recent texts on St Paul it is becoming possible to detect a marked messianic turn in

contemporary continental thought However despite the plethora of work in the field there has not been any sustained attempt to think through the larger philosophical theological and cultural implications of this phenomenon What then characterises our contemporary messianic moment Where does it come from And why speak of the messianic now In *The Messianic Now* Philosophy Religion Culture a group of internationally known figures and rising stars within the fields of continental philosophy religious studies and cultural studies come together to consider what the messianic might mean at the beginning of the 21st century This book was published as a special issue of the Journal of Cultural Research *Models of God and Alternative Ultimate Realities* Jeanine Diller,Asa Kasher,2013-06-13 The envisioned volume is a collection of recent essays about the philosophical exploration critique and comparison of a the major philosophical models of God gods and other ultimate realities implicit in the world s philosophical schools and religions and of b the ideas of such models and doing such modeling per se The aim is to identify exactly what a model of ultimate reality is create a comprehensive and accessible collection of extant models and determine how best philosophically to model ultimate reality if possible and desirable The Thinking Christian Gene Wesley Marshall,2020-04-13 The practice of Christianity is going through a transition that is deeper than the Reformation The Thinking Christian explores two main questions 1 What is religion as a general social process that can link humans to Profound Reality and 2 what is a meaningful and appropriate mode of Christian theologizing communal life and mission to this planet for a viable and vital next Christian practice These are profound probes and they are communal and activist guidelines for general readers Such union of the profound and the practical pertains to the needs of scholars as well **Too Good to be True** Christopher D. Rodkey,2014-02-28 With a foreword by Peter Rollins and an afterword by Thomas J J Altizer Too Good to be True is a collection of sermons written and preached from a radical theology perspective which demonstrate preaching in a post Christendom post God world These sermons were actually preached in a mainline church in the US The sermons follow the liturgical and lectionary year A so clergy may use the books for their own preaching and easily reference it in their professional work *In Search of Authority* Paul Avis,2014-03-13 In this new three part book series Avis tackles a series of issues relevant to Anglicanism in the current day The first book In Search of Authority seeks to examine Anglican Theology in relation to questions of authority Anglican theology has been a hotbed of debate about the issue of authority since the Reformation What do we really appeal to when attempting to decide matters of doctrine worship ministry or ethics The debate is very much alive today between Evangelical Liberal and Catholic Anglicans around the world This book focuses on the understanding of authority in Anglican theology **Leaving Fundamentalism** G. Elijah Dann,2009-07-30 In a time when religious conservatives have placed their faith and values at the forefront of the so called culture wars this book is extremely relevant The stories in Leaving Fundamentalism provide a personal and intimate look behind sermons religious services and church life and promote an understanding of those who have been deeply involved in the conservative Christian church These autobiographies come from within the congregations and homes of religious

fundamentalists where their highly idealized faith in all its complexities and problems meets the reality of everyday life Told from the perspective of distance gained by leaving fundamentalism each story gives the reader a snapshot of what it is like to go through the experiences thoughts feelings passions and pains that for many of the writers are still raw Explaining how their lives might continue after fundamentalism these writers offer a spiritual lifeline for others who may be questioning their faith Foreword by Thomas Moore      *Radical Neo-Enlightenment* Mark Manolopoulos,2018-11-21 Radical Neo

Enlightenment is a spirited response to the multiple and accelerating crises we face today The provocative and ambitious work contends that we require a radical neo Enlightenment to counter these systemic crises The driving idea is that Reason must now be reclaimed as a powerful force for positive social change Along the way the book criticizes philosophy s failings and restores its noble compulsion to change the world Radical Neo Enlightenment then criticizes conventional religion and advances a reconstructed faith that would be an ally of socially transformative Reason It then marks out practical core steps that would lead to rational global transformation While the book is introductory and accessible in scope and style it confronts and develops the thought of some of the most important subversive thinkers of the past and present      *In Defense of*

*Religious Moderation* William Egginton,2011 William Egginton laments the current debate over religion in America in which religious fundamentalists have set the tone of political discourse no one can get elected without advertising a personal relation to God for example and prominent atheists treat religious belief as the root of all evil Neither of these positions Egginton argues adequately represents the attitudes of a majority of Americans who while identifying as Christian Jewish or Muslim do not find fault with those who support different faiths and philosophies In fact Egginton goes so far as to question whether fundamentalists and atheists truly oppose each other united as they are in their commitment to a code of codes

Fundamentalists and stringent atheists unconsciously believe that the methods we use to understand the world are all versions of an underlying master code This code of codes represents an ultimate truth explaining everything The moderately religious with their inherent skepticism toward a master code are best suited to protect science politics and other diverse strains of knowledge from fundamentalist attack and to promote a worldview based on the compatibility between religious faith and scientific method      **Educational Research: The Attraction of Psychology** Paul Smeyers,2012-10-23 The

closely argued and provocative contributions to this volume challenge psychology s hegemony as an interpretive paradigm in a range of social contexts such as education and child development They start from the core observation that modern psychology has successfully penetrated numerous domains of society in its quest to develop a properly scientific methodology for analyzing the human mind and behaviour For example educational psychology continues to hold a central position in the curricula of trainee teachers in the US while the language of developmental psychology holds primal sway over our understanding of childrearing and the parent child relationship Questioning the default position of modern psychology as a way of conceptualizing human relations this collection of papers reexamines key assumptions that include psychology s self

image as a scientific discipline Authors also argue that the dogma of neuropsychology in education has demoted concepts such as emotion feeling and relationship so that they are now blind spots in educational theory Other chapters offer a cautionary analysis of how misshapen notions of psychology can legitimize eugenics as in Nazi Germany and poison racial attitudes Above all has psychology with its focus on individual merit been complicit in hiding the impacts of power and privilege in education This bracing new volume adopts a broader definition of education and childrearing that admits the essential contribution of the humanities to the proper study of mankind This publication as well as the ones that are mentioned in the preliminary pages of this work were realized by the Research Community FWO Vlaanderen Research Foundation Flanders Belgium Philosophy and History of the Discipline of Education Faces and Spaces of Educational Research

This book delves into In Search Of A Nondogmatic Theology. In Search Of A Nondogmatic Theology is a vital topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into In Search Of A Nondogmatic Theology, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
    - Chapter 1: Introduction to In Search Of A Nondogmatic Theology
    - Chapter 2: Essential Elements of In Search Of A Nondogmatic Theology
    - Chapter 3: In Search Of A Nondogmatic Theology in Everyday Life
    - Chapter 4: In Search Of A Nondogmatic Theology in Specific Contexts
    - Chapter 5: Conclusion
  2. In chapter 1, this book will provide an overview of In Search Of A Nondogmatic Theology. This chapter will explore what In Search Of A Nondogmatic Theology is, why In Search Of A Nondogmatic Theology is vital, and how to effectively learn about In Search Of A Nondogmatic Theology.
  3. In chapter 2, this book will delve into the foundational concepts of In Search Of A Nondogmatic Theology. The second chapter will elucidate the essential principles that need to be understood to grasp In Search Of A Nondogmatic Theology in its entirety.
  4. In chapter 3, the author will examine the practical applications of In Search Of A Nondogmatic Theology in daily life. The third chapter will showcase real-world examples of how In Search Of A Nondogmatic Theology can be effectively utilized in everyday scenarios.
  5. In chapter 4, the author will scrutinize the relevance of In Search Of A Nondogmatic Theology in specific contexts. This chapter will explore how In Search Of A Nondogmatic Theology is applied in specialized fields, such as education, business, and technology.
  6. In chapter 5, the author will draw a conclusion about In Search Of A Nondogmatic Theology. The final chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of In Search Of A Nondogmatic Theology.

### **In Search Of A Nondogmatic Theology Introduction**

In the digital age, access to information has become easier than ever before. The ability to download In Search Of A Nondogmatic Theology has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download In Search Of A Nondogmatic Theology has opened up a world of possibilities. Downloading In Search Of A Nondogmatic Theology provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly

convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading In Search Of A Nondogmatic Theology has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download In Search Of A Nondogmatic Theology. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading In Search Of A Nondogmatic Theology. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading In Search Of A Nondogmatic Theology, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download In Search Of A Nondogmatic Theology has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About In Search Of A Nondogmatic Theology Books**
