Howard Pesket,Vinoth Ramachandra,2024-09-19 The root of the word mission means sending All Christian mission has its fountainhead in the God revealed in Scripture who sent his Son for us sends his Spirit to us and summons all people to himself The privilege and responsibility of his church sent into all the world is to testify by his words and deeds to Jesus Christ God s unique son crucified risen and ascended The East West partnership in missiological exploration expounds a variety of Old and New Testament texts and examines a wide range of issues The authors desire is that Jesus Christ might be glorified more and more in the church and in the world their eager expectation is that one day the whole creation will find its consummation in him and God will be all and in all **A Theology for the Twenty-First Century** Douglas F.

Ottati,2020-10-15 Christianity in the United States is in crisis Liberalism is declining evangelicalism is splintering increasing numbers of Christians are slipping away from churches and more and more young people are for various reasons finding Christianity as they conceive it a metaphysical thought system or society of science deniers or an ideology for oppressors not just implausible but repellent At the same time Christians across denominational and ideological divides are rediscovering a moral core especially in the Jesus of the Gospels that reactivates and unites them and this kind of faith appeals to many who consider themselves averse to all traditional organized religion But any revitalized Christian faith is going to need to understand its rootedness in and interpretation of Christianity s foundational texts and traditions Noted theologian Douglas F Ottati steps in to offer a theology for this new era Combining deep learning in texts and traditions with astute awareness of contemporary questions and patterns of thought and life he asks what does it mean in our time to understand the God of the Bible as Creator and Redeemer Distilling the content of Christian faith into seventy concise propositions he explains each in lucid cogent prose A Theology for the Twenty First Century will be an essential textbook for those training for ministry in our current climate a wise guide for contemporary believers who wonder how best to understand and communicate their faith and an inviting and intelligent resource for serious inquirers who wonder whether the way of Jesus might help them grasp

the real world while remaining open to the transcendent Jesus - God and Man ,1982-12-01 One of the most influential twentieth century studies on the doctrine of Christ this highly acclaimed work demonstrates Pannenberg s belief that at the heart of every Christian theology lies its teaching about Jesus Christ The second edition available for the first time in paperback contains an Afterword in which the author reviews other theologians responses to his thesis and methodology and shows the progression of his own interpretation **Paul, Missionary of Jesus** Paul Barnett,2008-01-14 Looking at whether Paul was converted or called and if the new perspectives on Paul are true to evidence the author argues that Paul s own writings are supplemented by Luke s contemporaneously written narrative of the acts of the Apostles *Resolving the Tension of Jesus's Mission in Matthew's Ancient Biography* Jerry D. Breen,2024-10-03 Jerry D Breen argues that reading Matthew and all the Gospels as ancient biography is the necessary next step for Gospel studies In particular Breen contends that more specific comparisons should be made between the Gospels and ancient literature Breen stresses that this reading invites narrative critics to place more emphasis on examining the use of sources and the importance of intertextual and historical information that the author introduces to the text Breen places emphasis on the relationship between Jews and non Jews in ancient Galilee and Palestine and challenges the long supported theory that Jesus did not minister to non Jews beyond two or three exceptions Demonstrating that Jesus is inclusive of everyone who comes to him even though he was sent primarily to the Jews Breen argues that the portrait which Matthew creates is one of a Jewish Messiah who is on a mission to restore Israel so that the restored people of God can bless the nations Concluding that rather than two conflicting missions the audience of the gospel is encouraged to view the healing of non Jews during Jesus s ministry as further proof that the Jewish Messiah is bringing restoration to Israel **Dictionary of Jesus and the Gospels** Joel B. We live in a world that is post-Christian, postmodern, and multiethnic; whether we realize it or not, says the author.
