La Lucha for Cuba Miguel A. De La Torre, 2003-10-10. For many in Miami's Cuban exile community, hating Fidel Castro is as natural as loving one's children. This hatred, Miguel De La Torre suggests, has in fact taken on religious significance. In *La Lucha for Cuba*, De La Torre shows how Exilic Cubans, a once marginalized group, have risen to power and privilege, distinguishing themselves from other Hispanic communities in the United States and how religion has figured in their ascension. Through the lens of religion and culture, his work also unmaskes and explores intra-Hispanic structures of oppression operating among Cubans in Miami. Miami Cubans use a religious expression, *la lucha*, or the struggle, to justify the power and privilege they have achieved. Within the context of *la lucha*, De La Torre explores the religious dichotomy created between the children of light, Exilic Cubans, and the children of darkness, Resident Cubans. Examining the recent saga of the Elián González custody battle, he shows how the cultural construction of *la lucha* has become a distinctly Miami style spirituality that makes *el exilio* the basis for religious reflection, understanding, and practice, and that conflates political mobilization with spiritual meaning in an ongoing confrontation with evil.

Beyond the Pale Miguel A. De La Torre, Stacey M. Floyd-Thomas, 2011-01-01. How should Origen, Anselm, Luther, Wesley, Kierkegaard, Barth, and Whitehead be read today in light of postcolonial theory and twenty-first century understandings? This book offers a reader-friendly introduction to liberation theology by having scholars from the margins explore how questions of race and gender should be brought to bear on thirty classic theologians. Each short chapter gives historical background for the thinker, describes that thinker's most important contributions, then raises issues of concern for women and persons of color. Contributors include Rita Nakashima Brock, Cheryl A. Kirk Duggan, Harold J. Recinos, M. Shawn Copeland, Kwok Pui-Lan, Joerg Rieger, and many others.

¿Santo! Edwin David Aponte, 2012. An overview of Latino spiritualities today: Protestant, Catholic, Pentecostal, and non-Christian, and the challenges they bring to Christian theology and ministry. Given the context of increasing religious pluralism and a burgeoning interest in religion, religiosity, and spirituality within the United States, and the knowledge that by the mid-twenty-first century an estimated 100 million Americans will claim Latin origin, an understanding of the varieties of Latino spirituality becomes essential. This book focuses on the ways in which Latinos and Latinas participate in the pursuit and practice of the spiritual or holy, *santo*, as part of their lived religion.

In seven chapters Aponte explores various understandings of santo and its participation in daily life rites of passage and worship

Mothership Connections Theodore Walker Jr., 2012-02-01 Bringing a black Atlantic approach to constructive postmodern efforts to understand and transcend modern worldviews and modern world orders Mothership Connections draws upon the work of scholars in the tradition of W E B Du Bois Charles H Long Alfred North Whitehead and Charles Hartshorne The author shows that connections to the originating influences of transatlantic slavery and black Atlantic experiences are essential to any adequate account of modernity and postmodernity He also argues that metaphysics is essential to theology and moral theory synthesizing neoclassical metaphysics and black theology to develop a black Atlantic account of metaphysical aspects of struggle power and ethical deliberation

De La Torre, 2004-11-01 The purpose of this handbook is to introduce the reader to Christian concepts from the perspective of U S marginalized communities It explores the interrelationship between religion community and culture in the social context of different marginalized groups specifically those rooted in the African American Amerindian Asian American feminist gay lesbian and Hispanic experiences and their impact on the development of U S theologies of liberation The handbook gives attention to the history nature sources and development of these theologies and the theologians who contributed to their

Dogmatics after Babel Ruben Rosario Rodriguez,2018-10-09 Rub n Rosario Rodr guez addresses the long standing division between Christian theologies that take revelation as their starting point and focus and those that take human culture as theirs After introducing these two theological streams that originate with Karl Barth and Paul Tillich respectively Rosario asserts that they both seek to respond to the Enlightenment s critique and rejection of Christianity In so doing they have bought into Enlightenment understandings of human reality and the transcendent Rosario argues that in order to get beyond the impasse between theologies of the Word and culture we need a different starting point He discovers that starting point in two sources 1 through the work of liberation and contextual theologians on the role of the Holy Spirit and 2 through a comparative analysis of the teachings on the hiddenness of God from the three Abrahamic religions Judaism Christianity and Islam Rosario offers a strong argument for why this third theological starting point represents not just a marginal or niche position but a genuine alternative to the two traditional theological streams His work will shift readers understanding of the options in theological discourse beyond the false alternatives of theologies of the Word and culture

Racism and God-Talk Ruben Rosario Rodriguez,2008-07-19 2011 Winner of the Book Awards Contest in the Discipline of Theology Presented by Alpha Sigma Nu The apostle Paul wrote that All of you are one in Christ Jesus Given Paul s vision of God s kingdom defined by the breakdown of all distinctions and relationships of domination no longer Jew or Greek slave or free male or female how do we make sense of ethnic particularity within the church s theological formulations Racism and God Talk explores the biblical and religious dimensions of North American racism while highlighting examples of resistance within the Christian religious tradition Social historians have seldom analyzed the problematic of race from a primarily theological perspective This volume undertakes a critical examination of explicitly theological and confessional perspectives for understanding and transforming North American racism Rosario Rodriguez offers insights from Latino a theology for broader scholarly and social discussions concerning racism borders and immigration The first to analyze race and racism from a Latino a theological perspective the volume makes use of a broadened conceptualization of mestizaje or mutual cultural exchange to challenge the church to recognize the effects of racial and ethnic particularity in all theological construction

the Bible from the Margins Miguel A. De La Torre, 2002-01-01 This introduction focuses on how issues involving race class and gender influence our understanding of the Bible Describing how standard readings of the Bible are not always acceptable to people or groups on the margins this book offers valuable new insights into biblical texts today *Where does religion end?* Marcelo da Luz, 2017-08-31 The author s decision to leave religion after experiencing a profound growth crisis founded itself in the free action of one who after walking tenaciously has extinguished an existential possibility and reached a new realm of understanding about the realities of the consciousness and the universe The inner freedom encountered to make this kind of decision was the result of a gradual self confrontation This author perceived the necessity to dispel the fear associated with questioning his habitual suppositions and to look beyond the limits of the indoctrination he had received For a long time while still religious he named this fearlessness a quest for wisdom or the spirituality of an unsettled heart Nowadays in light of the experiences had he prefers to emphasize the courage to evolve which requires five years after the abjuration the assumption of speaking publicly about the dissidence that was effected When dissidents of ideologies or institutions start talking or writing about their experiences it is necessary to observe the kind of motivation and intention implicit in the decision made The former militant the former integrant the former partisan the former something in spite of the effort to affirm that they are no longer part of the institution to which they once belonged may continue to define themselves based on the institution In this case the person is still a former in relation to what they intend to deny Perhaps in their eagerness to critically speak out about the reasons underlying their abandonment of a certain idea or organization they still flaunt the previous condition as a trophy unfurling the pride of being a former The ambiguity in question lies in the fact that the person s point of reference continues to be in the no longer desired way of living or thinking
