## **Jewish Community In Russia 1772 1844:**

The Jewish Community in Russia, 1772-1844 Isaac Levitats, 1943 Presents a study in Jewish autonomy as it relates to the legal social and cultural self sufficiency of the Jewish community within the Russian state **Jewish Community in Russia, 1772-1844** Isaac Levitats, 1972 **Jewish Immigrant Associations and American Identity in New York, 1880-1939** Daniel Soyer, 2018-02-05 Study of a vital immigrant institution and the formation of American ethnic identity Landsmanshaftn associations of immigrants from the same hometown became the most popular form of organization among Eastern European Jewish immigrants to the United States in the late 19th and early 20th centuries Jewish Immigrant Associations and American Identity in New York 1880 1939 by Daniel Soyer holds an in depth discussion on the importance of these hometown societies that provided members with valuable material benefits and served as arenas for formal and informal social interaction In addition to discussing both continuity and transformation as features of the immigrant experience this approach recognizes that ethnic identity is a socially constructed and malleable phenomenon Soyer explores this process of construction by raising more specific questions about what immigrants themselves have meant by Americanization and how their hometown associations played an important part in the process Imperial Russia's Jewish Question, 1855-1881 John Doyle Klier, 2005-11-17 John Klier examines Russian public opinion on the Jewish Question in the Russian Empire during a period of sweeping social and political reform He studies the manner in which public opinion influenced and was influenced by state policy towards the Jews and traces the roots of modern antisemitism throughout Eastern Europe Jewish Marriage and Divorce in Imperial Russia ChaeRan Y. Freeze, 2002 A pathbreaking study of Jewish marriage and divorce in 19th century Russia **Jews and the Imperial State** Eugene M. Avrutin, 2018-07-05 At the end of the eighteenth and beginning of the nineteenth centuries a gradual shift occurred in the ways in which European governments managed their populations In the Russian Empire this transformation in governance meant that Jews could no longer remain a people apart The identification of Jews by passports vital statistics records and censuses was tied to the growth and development of government institutions the creation of elaborate record keeping procedures and the universalistic challenge of documenting populations In Jews and the Imperial State Eugene M Avrutin argues that the challenge of knowing who was Jewish and where Jews were evolved from the everyday administrative concerns of managing territorial movement ethnic diversity and the maze of rights special privileges and temporary exemptions that composed the imperial legal code Drawing on a wealth of previously unexplored archival materials Avrutin tells the story of how one imperial population the Jews shaped the world in which they lived by negotiating with what were often perceived to be contradictory and highly restrictive laws and institutions Although scholars have long interpreted imperial policies toward Jews in essentially negative terms this groundbreaking book shifts the focus by analyzing what the law made possible Some Jews responded to the system of government by circumventing legal statutes others by bribing converting or resorting to various forms of manipulations and

still others by appealing to the state with individual grievances and requests

Russia's First Modern Jews David E. Fishman, Yoichi Funabashi, 1996-10 Long before there were Jewish communities in the land of the tsars Jews inhabited a region which they called *medinat rusiya* the land of Russia Prior to its annexation by Russia the land of Russia was not a center of rabbinic culture But in 1772 with its annexation by Tsarist Russia this remote region was severed from the Polish Lithuanian Commonwealth its 65 000 Jews were thus cut off from the heartland of Jewish life in Eastern Europe Forced into independence these Jews set about forging a community with its own religious leadership and institutions The three great intellectual currents in East European Jewry Hasidism Rabbinic Mitnagdisim and Haskalah all converged on Eastern Belorussia where they clashed and competed In the course of a generation the community of Shklov the most prominent of the towns in the area witnessed an explosion of intellectual and cultural activity Focusing on the social and intellectual odysseys of merchants maskilim and rabbis and their varied attempts to combine Judaism and European culture David Fishman here chronicles the remarkable story of these first modern Jews of Russia

**A History of the Jews in the Modern World** Howard M. Sachar, 2007-12-18 The distinguished historian of the Jewish people Howard M. Sachar gives us a comprehensive and enthralling chronicle of the achievements and traumas of the Jews over the last four hundred years Tracking their fate from Western Europe's age of mercantilism in the seventeenth century to the post Soviet and post imperialist Islamic upheavals of the twenty first century Sachar applies his renowned narrative skill to the central role of the Jews in many of the most impressive achievements of modern civilization whether in the rise of economic capitalism or of political socialism in the discoveries of theoretical physics or applied medicine in higher literary criticism or mass communication and popular entertainment As his account unfolds and moves from epoch to epoch from continent to continent from Europe to the Americas and the Middle East Sachar evaluates communities that until lately have been underestimated in the perspective of Jewish and world history among them Jews of Sephardic provenance of the Moslem regions and of Africa By the same token Sachar applies a master's hand in describing and deciphering the Jews' unique exposure and functional usefulness to totalitarian movements fascist Nazi and Stalinist In the process he shines an unsparing light on the often widely dissimilar behavior of separate European peoples and on separate Jewish populations during the Holocaust A distillation of the author's lifetime of scholarly research and teaching experience *A History of the Jews in the Modern World* provides a source of unsurpassed intellectual richness for university students and educated laypersons alike

*On Jewish Suffering; Opposing View & the Messianic Age, A Historic Analysis* Kalman Dubov, 2024-10-23 Napoleon the French Emperor invaded Czarist Russia in the Franco Russian War of 1812 The war ended in defeat for the French with the Russians referring to this as the Patriotic War emerged victorious Napoleon was in the process of liberating Jews from their enforced living in European ghettos intending to emancipate and integrate them into modern French society Emancipation of the Jews was a key byword and many Jews hailed Napoleon as their benefactor and savior To achieve fullest integration Napoleon created a modern version of the Jewish Supreme Court the Great Sanhedrin to answer questions regarding Jewish belief laws and their ability as well as intention to integrate into modern society The head of the Sanhedrin was Rabbi David Sinzheim Chief Rabbi of Strasbourg France However opposed to French emancipation of the Jewish community was the first Chassidic leader the Rebbe of Chabad Rabbi Shneur Zalman of Liadi He was so opposed to French

emancipation efforts that he directed a member of his community a man with multi lingual talents to offer his services as a translator of documents In reality however he acted as a spy and passed French military plans to the Russians We are aware of this clandestine effort by way of a letter Rabbi Shneur Zalman wrote to the spy explaining his rationale for acting this way The rabbi felt that emancipation would reduce Jewish reliance on religious devotion and prayer while emancipation would provide material benefit with a consequent loss of piety and religious adherence The letter from the Rabbi adds a dimension of thinking why he was so opposed to Napoleonic success At the time this was taking place Jews were subjects of the Czarist Empire mandated to live in the Pale of Settlement a region rife with anti Semitism pogroms penury and poverty But such living conditions the rabbi felt was preferable to emancipation Hence this strange policy was applied even to Jews who were not Chassidic not members of this sect or community After the Second World War Chabad changed dramatically No longer could the policy of their first Rebbe be imposed on Jews Because of the massive anti Semitism exhibited by the Nazis and their many willing allies who assisted them in murdering Jews the notion of living under Christian or Muslim domination was no longer viable The last Chabad Rebbe instead introduced a Messianic message praying for and encouraging others to work towards the arrival of the Messiah This book describes Jewish suffering both in the period when Rabbi Shneur Zalman was alive as well as in the long term particularly in the last millennia when Jews faced great persecutions and no less than 48 separate expulsions This volume questions the logic of Jewish suffering as a necessary prerequisite for Jewish belief and practice to be viable This policy offers the pertinent study of the period when the question of Jewish suffering was deemed key to Judaism but while enormous anti Semitism was present Yet after the Second World War an entirely new reality was introduced for Jewish survival     A People Apart David Vital,2001-07-26 This history of the Jews in Europe examines the role played by the Jews themselves across the whole of Europe during the century and a half leading up to the birth of the nation of Israel and the state sponsored genocide of the Holocaust     **A Credit to Their Community** Shelly Tenenbaum,1993 By supplying small entrepreneurs with necessary capital to start and expand their businesses Jewish loan societies facilitated the rise up the economic ladder of the late nineteenth and early twentieth century Jews These collective institutions were an important feature of a cohesive ethnic economy in which Jewish factory owners hired Jewish workers Jewish retailers bought goods from Jewish wholesalers and Jewish shopkeepers relied on Jewish loan associations for funding A Credit to Their Community is a sociohistorical study of Jewish credit organizations from the 1880s until the end of World War II Upon their arrival in the United States during this critical period in American Jewish life Eastern European Jewish immigrants established hundreds of loan societies in communities as diverse as Nashville Tennessee Philadelphia Pennsylvania Rock Island Illinois and Portland Oregon While there is ample discussion and documentation of the over representation of Jewish immigrants in business until now the question of how these immigrant entrepreneurs raised the necessary funds to start their enterprises has not been addressed Based on primary historical documents this book analyzes the emergence growth

and subsequent decline of three types of Jewish loan associations in America Hebrew free loan societies remedial loan associations philanthropic loan societies that charged relatively low interest fees and credit cooperatives The author addresses a number of issues related to the functioning of the Jewish credit organizations including the activities of women s loan associations debates about whether or not to open doors to non Jewish borrowers discussions about the merits and faults of implementing interest charges the effects of the Great Depression on loan organizations and the relations between free loan Societies and other Jewish organizations While the primary focus is on Jews the text also offers comparisons between Jewish loan societies and those of other enterprising groups such as the Japanese and Chinese This study raises an important theoretical question in the field of ethnicity namely to what extent are ethnic institutions influenced by culture cultural traits brought from countries of origin and to what extent do they emerge as responses to the new context to which immigrants have arrived In answering this question Dr Tenenbaum highlights the importance of both cultural and contextual factors for the emergence of Jewish loan associations
