Power & Powerlessness in Jewish History David Biale, 2010-12-22 To shed light on the tensions he observed between

Jewish perceptions of power versus political realities which are often the cause of misguided political decisions like Israel's Lebanese War. Biale analyzes Jewish history from the point of view of politics and power. The author of *Gershom Scholem: Kabbalah and Counter History* here challenges the conventions of what he terms the Jewish mythical past, the anachronistic interpretation that the Diaspora which occurred between the fall of an independent Jewish commonwealth in A.D. 70 and the rebirth of the State of Israel in 1948 was politically impotent and conversely that the First and Second Temple periods were eras of full Jewish national sovereignty. Jews of Conscience Marc H. Ellis, 2018-07-20 Influenced by the Jewish ethical tradition and the dissonance of Jewish life after the Holocaust, Professor Marc H. Ellis has sought to revive the Jewish ethical tradition in the face of the demands of the late twentieth and twenty-first centuries. In his early career, he examined the ways Holocaust Theology and Liberation Theology facilitated Jewish and Christian ethical engagements with the violent political and economic crises emerging alongside international markets and forms of government. Over the course of his career, Professor Ellis has translated this broad engagement into his own understanding of the Jewish ethical tradition as tethered to and endangered by the increasing identification of Jewishness with politics in the United States and Israel. Within this trajectory, Professor Ellis has developed further insight into the complex ways Jews, Christians, and Muslims relate in the contemporary period. Since then, he has used his position, influence, and writings to further examine these issues and has been welcomed by a wide variety of audiences from university forums to faith-based groups seeking justice and peace in interfaith settings. He has given endowed and keynote lectures in the United States, Israel, Canada, Taiwan, Korea, and the Philippines.

JPS: The Americanization of Jewish Culture, 1888-1988 Jonathan D. Sarna, 2021-09 Published to mark the 100th anniversary of The Jewish Publication Society, Jonathan Sarna's engaging blend of anecdote and analysis presents the personalities and the controversies, the struggles and the achievements behind a century of publishing by the oldest English language publisher of Jewish books in the world. Includes black and white photographs and extensive listings of JPS officers and editors, governing boards, and authors, translators, and illustrators up to 1988. Jewish Philosophy and the Academy International Center for University Teaching of Jewish Civilization, 1996 Jewish Philosophy and the Academy reflects in broad terms on the current state of Jewish philosophy in the university. This generation of university teachers lives at a unique historic junction. It is the last to be taught by the giants of European *Wissenschaft des Judentums* and the first to experience the remarkable expansion of Judaic scholarship in Israel and abroad. Emil Fackenheim suggests that if we are indebted to Athens for the philosophical method, we are also indebted to Jerusalem for the ethical content of philosophy, which is both an intellectual and a moral challenge. This dual challenge shapes the diverse papers in this volume. **BOOK JACKET Title Summary** field provided by Blackwell North America Inc. All Rights Reserved.
