There have been two official commissions into the assassination of President John F. Kennedy. The Warren Commission (1963-64) concluded that Lee Harvey Oswald acted alone in killing JFK, while the House Select Committee on Assassinations (HSCA, 1976-79) concluded that there was a high probability that two shooters fired at Kennody and the assassination was very likely a coreginacy

Ifk'\$ Coincidental Death Note Discovery Ernest H. Green, 2005-02-18 The JFK Assassination James DiEugenio, 2018-05-01 In this updated and revised edition James DiEugenio dissects the new Oscar nominated film The Post and how it disingenuously represents the Pentagon Papers saga to the detriment of the true heroes of the operation The story of the film stems from the failed attempt of Academy Award winning actor Tom Hanks and producer Gary Goetzman to make Vincent Bugliosi's mammoth book about the Kennedy assassination Reclaiming History into a miniseries He exposes the questionable origins of Reclaiming History in a dubious mock trial for cable television in which Bugliosi played the role of an attorney prosecuting Lee Harvey Oswald for murder and how this formed the basis for the epic tome JFK The Evidence Today lists the myriad problems with Bugliosi's book and explores the cooperation of the mainstream press in concealing many facts during the publicity campaign for the book and how this lack of scrutiny led Hanks and Goetzman cofounders of the production company Playtone to purchase the film rights DiEugenio then shows how the failed film adapted from that book entitled Parkland does not resemble Bugliosi's book and examines why This book reveals the connections between Washington and Hollywood as well as the CIA influence in the film community today It includes an extended look at the little known aspects of the lives and careers of Bugliosi Hanks and Goetzman JFK The Evidence Today sheds light on the Kennedy assassination New Hollywood and political influence on media in America JFK - The Conspiracy and Truth Behind the Assassination John Hughes-Wilson, 2013-11-04 Ever since President John F Kennedy was gunned down in Dallas fifty years ago various theories have swirled around what was a key event in American and world history JFK s death affected the Cold War Vietnam and the economic and social history of the United States Whatever the conclusions of the US official Warren Report that the President had been assassinated by a lone gunman Lee Harvey Oswald many people doubt that to be true Indeed President Nixon later admitted on tape that the report was a hoax committed on the American people John Hughes Wilson a former colonel in British Intelligence set out in 2007 to go through the millions of words and thousands of pieces of evidence to put together an intelligence jigsaw of what really happened that dreadful high noon in Dallas in 1963 The result is a dramatic exposure of what really happened and a clear indication that while some of the pieces of that jigsaw may be missing the truth is emerging While the US Federal Archive still keeps a million documents relating to the case under lock and key he has uncovered enough information available for us now to see the overall picture It is beyond reasonable doubt that Jack Kennedy was the victim of a plot to remove the President of the United States John Hughes Wilson highlights the facts behind The myth of Camelot Jack Kennedy s insatiable sex lifeWhy Marilyn Monroe had to be silencedHow the President was blackmailed by J Edgar HooverLBJ s corrupt and murderous secretsHow the Kennedys secretly planned a coup in CubaHow a hero of the revolution wanted to work for the CIAWhy Israel and the White House were openly at loggerheadsMHow the Mafia manipulated politicians and the CIARoque elements in the CIAHow the assassination was

covered up and whyWhat the KGB discoveredReading this book no one can be in any doubt that JFK s life was not at the hands of a lone deranged gunman but a deadly plot to remove a President who threatened vested interests at home and JFK, Oswald and Ruby Burt W. Griffin, Warren Commission Assistant Counsel, 2023-06-09 In this book former Warren Commission lawyer Burt Griffin examines anew the Kennedy assassination its various investigations its effects on the Cold War and the civil rights movement and the motives of Lee Harvey Oswald and Jack Ruby Griffin begins with his own skeptical reaction to the assassination proceeds to the Dallas police investigation and continues with the efforts of himself and his colleagues to sift truth from those who concealed withheld or exaggerated evidence After nearly six decades of study Judge Griffin is satisfied that Oswald acted alone He concludes that violence in the Cold War and civil rights movement caused Oswald to believe that blame for Kennedy's death might be placed on followers of rightwing activist and former U S Army general Edwin Walker Walker was an outspoken enemy of Oswald's idol Cuban president Fidel Castro and a firm opponent of racial integration and Oswald had already attempted to murder Walker in April 1963 The author gives the Walker movement a more prominent place in the assassination story and traces the conflicting ambitions of Walker Oswald Kennedy and Ruby as they collided in October and November 1963 This book will help serious readers separate truth from fiction and to become examiners of how insignificant unsuspected powerless people driven by very personal needs and fears can with the help of a firearm alter the course of history Hit List Richard Belzer, David Wayne, 2016-06-07 Richard Belzer and David Wayne are back to set the record straight after Dead Wrong this time they re going to uncover the truth about the many witness deaths tied to the JFK assassination For decades government pundits have dismissed these coincidental deaths even regarding them as myths as urban legends Like most people Richard and David were initially unsure about what to make of these coincidences After all events don t consult the odds prior to happening they simply happen Then someone comes along later and figures out what the odds of it happening were Some of the deaths seemed purely coincidental heart attacks hunting accidents Others clearly seemed noteworthy witnesses who did seem to know something and did seem to die mysteriously Hit List is a fair examination of the evidence of each case leading to necessarily different conclusions The findings were absolutely staggering as some cases were clearly linked to a clean up operation after the murder of President Kennedy while others were the result of other forces The impeccable research and writing of Richard Belzer and David Wayne show that if the government is trying to hide anything they re the duo who will uncover it **Bond of Secrecy** Saint John Hunt, 2013-01-01 A father's last confession to his son about the CIA Watergate and the plot to assassinate President John F Kennedy this is the remarkable true story of St John Hunt and his father E Howard Hunt the infamous Watergate burglar and CIA spymaster In Howard Hunt's near death confession to his son St John he revealed that key figures in the CIA were responsible for the plot to assassinate JFK in Dallas and that Hunt himself was approached by the plotters among whom included the CIA's David Atlee Phillips Cord Meyer Jr and William Harvey as well as future Watergate burglar Frank Sturgis

An incredible true story told from an inside authoritative source this is also a personal account of a uniquely dysfunctional American family caught up in two of the biggest political scandals of the 20th century **Denial of Justice** Mark Shaw, 2018-11-20 Why is What's My Line TV star and Pulitzer Prize nominated investigative reporter Dorothy Kilgallen one of the most feared journalists in history Why has her threatened exposure of the truth about the JFK assassination triggered a cover up by at least four government agencies and resulted in abuse of power at the highest levels Denial of Justice written in the spirit of bestselling author Mark Shaw's gripping true crime murder mystery. The Reporter Who Knew Too Much tells the inside story of why Kilgallen was such a threat leading up to her unsolved murder in 1965 Shaw includes facts that have never before been published including eyewitness accounts of the underbelly of Kilgallen's private life revealing statements by family members convinced she was murdered and shocking new information about Jack Ruby s part in the JFK assassination that only Kilgallen knew about causing her to be marked for danger Peppered with additional evidence signaling the potential motives of Kilgallen's arch enemies J Edgar Hoover mobster Carlos Marcello Frank Sinatra her husband Richard and her last lover Denial of Justice adds the final chapter to the story behind why the famous journalist was killed with no investigation to follow despite a staged death scene More information can be found at www thedorothykilgallenstory com The Prophecies of Nostradamus: between myth and reality ,2020-05-15 Nostradamus is one of the most famous prophets in history In this book we will see his history his methodology for prophecies and we will also analyze some of his famous prophecies In fact Nostradamus is said to have predicted numerous historical events but is it Murder in Dealey Plaza James, 2013-11-01 We now know vastly reality or just a myth In this book we will try to find out more about the killing of John F Kennedy than was known 20 or 30 years ago and new evidence is accumulating almost every day This new evidence is being uncovered by the bold application of scientific and technological expertise to the assassination records including the film photographic and autopsy records Murder in Dealey Plaza presents the latest and best of the new assassination research As a result of these freshly uncovered findings it is possible to say with moral certainty and considerable scientific authority that the murder of President Kennedy was committed by a meticulously executed conspiracy which was then observed by an extensive cover up **Act of Retribution** J.P. Phillips, 2010-03-17 My quest for an answer to the riddle of President Kennedys assassination first began in April 1967 following a talk given by Warren Commission critic and best selling author Mark Lane at Michigan State University where I was a graduate student My search has lasted well over twenty years Gathering every scrap of information I could find on the assassination I have arrived at what I believe is the most credible thesis to date As a result of meticulous research I am able to identify probable suspects in what I have come to believe was a far reaching conspiracy which involved not only renegade elements from the CIA and organized crime figures but one which extended to the highest echelons of the U S government By pulling together existing knowledge of the assassination while introducing new evidence my book focuses primarily on six main principals

persons of interest their motives and their activities in relation to the assassination and the links that connect them 1 LEE HARVEY OSWALD Accused by the Warren Commission In 1964 of being the sole assassin of President Kennedy 2 JACK RUBY Dallas night club owner who two days following the Presidents assassination shot and killed Oswald 3 CARLOS MARCELLO Reputed crime boss of the New Orleans Dallas Mafia during the time of the assassination 4 GENERAL CHARLES PEARE CABELL Deputy Director of the CIA from 1953 to 1962 when he was dismissed by President Kennedy along with other high ranking intelligence officials for the failure of the Bay of Pigs invasion 5 EARLE CABELL Younger brother of General Charles P Cabell who was Mayor of Dallas the day President Kennedy was assassinated 6 FRED KORTH Fort Worth businessman and banker who was Secretary of the Navy from 1962 to October 1963 when he was forced by President Kennedy to resign for his involvement in the TFX controversy As to the motives of those individuals involved in the Presidents murder I believe that the assassination was planned and carried out with a dual purpose in mind 1 as an act of vengeance by those ex high government officials who were dismissed by the President either for alleged wrongdoing as in the case of Fred Korth or for incompetence as in General Cabells case 2 to prevent the Presidents domestic and foreign policies particularly in reference to his stand on the Vietnam conflict from being implemented Viewed in this light the assassination of President Kennedy was an act of retribution by a group of mean spirited vengeance seeking individuals who acted in the misguided belief that by assassinating this president they were furthering the national interest Notwithstanding his immense popularity with the American people President Kennedy was perceived by his killers to be a clear and present danger to the country and to its interests at home and abroad for several reasonsfor his stand on civil rights and racial equality for his attempt to closely regulate the oil and gas industry for his desire to normalize relations with Cuba for his desire to ease tensions between the superpowers through a reduction in armaments for his crackdown on organized crime for his stated intention to withdraw U S forces from Vietnam Removing him from office by political murder therefore excused his killers in their own eyes from any wrongdoing for by killing this President they were convinced that they were acting in the national interest against the seemingly dangerous policies of a chief executive who if allowed to finish his presidency would lead the nation to ruin A wise mind will never censure anyone for having employed any extraordinary means for preserving a kingdom Believing like Machiavelli that they were acting to preserve and maint Day for Night Frederick Reiken, 2024-09-24 If you look hard enough into the history of anything you will discover things that seem to be connected but are not So claims a character in Frederick Reiken's wonderful surprising novel which seems in fact to be determined to prove just the opposite How else to explain the threads that link a middle aged woman on vacation in Florida with a rock and roll singer visiting her comatose brother in Utah where he s been transported after a motorcycle injury in Israel where he works with a man whose long lost mother in a retirement community in New Jersey recognizes him in a televised report about an Israeli Palestinian skirmish And that s not the half of it In Day For Night critically acclaimed writer Frederick Reiken spins an unlikely and yet utterly

convincing story about people lost and found They are all refugees from their own lives or history s cruelties and yet they wind up linked to each other in compelling and unpredictable ways that will keep you guessing until the very end

Documentary Vision Richard Chisolm, 2023-08-23 This book is a collection of personal essays that address critical elements involved in the production of nonfiction films Written by an experienced documentary filmmaker and cinematographer the book draws upon practical wisdom to explore the nuances and challenges faced by filmmakers and viewers alike Included in the text are rarely discussed ethical issues best practices in the field filmmaker etiquette and a detailed analysis of interview techniques. The book also provides a candid view of how decisions are made in production that are consequential to a finished film's meaning and fidelity Drawing on a wide range of subject matter it will enhance the reader s understanding of the tremendous power and potential of the documentary medium The book offers an invaluable insight into documentary filmmaking for professionals who work in the medium and students who are learning the trade and honing their skills Reclaiming Parkland James DiEugenio, 2013-10-01 New foreword by J F K director Oliver Stone Reclaiming Parkland details the failed attempt of Academy Award winning actor Tom Hanks and producer Gary Goetzman to make Vincent Bugliosi's mammoth book about the Kennedy assassination Reclaiming History into a miniseries It exposes the questionable origins of Reclaiming History in a dubious mock trial for cable television in which Bugliosi played the role of an attorney prosecuting Lee Harvey Oswald for murder and how this formed the basis for the epic tome Author James DiEugenio details the myriad problems with Bugliosi's book and explores the cooperation of the mainstream press in concealing many facts during the publicity campaign for the book and how this lack of scrutiny led Hanks and Goetzman cofounders of the production company Playtone to purchase the film rights DiEugenio then shows how the film adapted from that book entitled Parkland does not resemble Bugliosi's book and examines why This book reveals the connections between Washington and Hollywood as well as the CIA influence in the film colony today It includes an extended look at the little known aspects of the lives and careers of Bugliosi Hanks and Goetzman Reclaiming Parkland sheds light on the Kennedy assassination New Hollywood and the political influence on media in America **Assassination Science** James, 2013-11-26 If you have ever been tempted to believe that President Kennedy was killed by a lone demented gunman named Lee Harvey Oswald then Assassination Science is the one book which will convince you beyond any reasonable doubt that there was indeed a conspiracy and a cover up Completely lacking the wild speculation that have marred some books on the shooting of JFK Assassination Science sticks to the hard facts interpreted by medical and scientific expertise The Kennedy Half-Century Larry J. Sabato, 2014-10-14 An original and illuminating narrative revealing John F Kennedy's lasting influence on America by the acclaimed political analyst Larry J Sabato **The Israel Test** George Gilder, 2024-08-20 Gilder's originality plus the sheer force of his enthusiasm for the extraordinary virtues of the beleaguered Jewish state sweep away the prevailing vitriol and make for a book that is nothing less than thrilling to read Norman Podhoretz In this timely and courageous book George

Gilder demonstrates that the widespread antagonism toward the state of Israel is based as is anti Semitism itself on self defeating envy and resentment of its superior accomplishments and moral leadership Israel s stunning rise as a world capitalist and technological power he argues stems in part from the Jewish culture of mind and in part from Judaism itself which encourages intellectual curiosity and rational analysis while providing a rigorous moral framework for entrepreneurial creativity Israel s critics throughout the Middle East and in Western Europe all facing socialist decline have failed the Israel Test because they seek to destroy Israel s capitalist success rather than to emulate it America s continued support for Western Civilization in the Middle East will define our future survival as a nation If Israel is destroyed Gilder predicts capitalist Europe will likely die as well and America the epitome of productive and creative capitalism spurred by its own Jewish citizens will be in grave moral and economic jeopardy At a time when ignorant students and overtly anti Semitic politicians champion Israel s murderous enemies and rush to abandon Israel Gilder s clarity of vision makes The Israel Test required reading not only for college students but also for policy makers in Washington and throughout the world
