Chasing Killers Joe Jackson, 2011-03-04 Glasgow is known as the murder capital of Britain and no one understands why better than Joe Jackson For over 30 years Jackson worked the crime beat first as a uniformed cop then as a seasoned murder squad detective In this hard hitting memoir of his most memorable cases he reveals the reality behind chasing killers and other crooks in No Mean City As a young cop Jackson was threatened by Glasgow s most ruthless gangster Arthur Thomson and as a fresh detective he took part in the hunt for Bible John Glasgow s most shadowy serial killer He locked up more than his fair share of paedophiles and sex beasts along the way and as a veteran Senior Investigating Officer he cracked the hardest homicide nut there is a murder without a body Jackson s investigations have grabbed headlines while his collars have filled jails Chasing Killers will shock readers with its behind the scenes look at how murder probes are run Every case is related with candour and humour and is laced with the kind of detail that only an expert can provide Joe Jackson has been called the real life Taggart but this is no TV fantasy this is real city police work concrete hard soot black and blood red

Infinity Bell Devon Monk, 2025-03-24 Caught in a cat and mouse game of betrayals lies and hidden foes Matilda must use every weapon at her disposal to survive When a powerful House ruler is murdered the tenuous peace between the tyrannical Houses who control Earth s resources shatters and war breaks out across the world Matilda Case leader of the rebel House Brown is on the run She and her allies have been accused of murder and treason There s a bounty on their heads which isn t the best thing in good times and this surely isn t a good time Assassins mercenaries and other violent folk sent by the Houses are closing in on her fast To protect the people she loves to save the world Matilda must find a way to stop an ancient time experiment that gave her and the other galvanized immortality If she fails to stop the repeat of the experiment time will break her world will be erased and millions will die She s not going to let that happen But time itself is the enemy

and every ticking second brings her closer to disaster **Crucible Zero** Devon Monk, Matilda Case might just be the only person left alive who can save the world Trapped beneath enemy fire with time running out to save her friends family and the world itself Matilda Case jumped into the unknown and traveled back in time The only problem Trying to save a man in the past so his death won't destroy the future didn't go as planned Now she's stuck in an alternate reality where her enemies are still alive They aim to wage bloody war to destroy Matilda unless she surrenders the control of time to them To make things worse her real world is in danger of disappearing forever Matilda must make impossible decisions trust familiar strangers and fight to keep the power of time out of the wrong hands If she makes the right choice she'll save the world But the wrong choice will destroy her and everything she loves Understanding UK Military Capability Andrew R. Defence reform Defence reform Steering Group, 2011-06-27 The Defence Reform was launched in August 2010 as a fundamental review of how Defence is structured and managed Many of the issues are not new and have been noted by similar reviews The Steering Group believes an effective MOD is one which builds on the strengths of the individual Services and the Civil Service and does so within a single Defence framework that ensures the whole is more than the sum of its parts A key driver for this review has been the Department's over extended programme to which the existing departmental management structure and management structure and behaviours contributed Many of the Steering Group's proposals are designed to help prevent the Department from getting into such a poor financial position in the future and to put it in the position to make real savings There are 53 recommendations the key ones of which are to create a new and smaller Defence Board chaired by the Defence Secretary to strengthen top level decision making to clarify the responsibilities of senior leaders including the Permanent Secretary and the Chief of the Defence Staff make the Head Office smaller and more strategic to make high level balance of investment decisions set strategic direction and a strong corporate framework focus the Service Chiefs on running their Services and empower them to perform their role effectively with greater freedom to manage strengthen financial and performance management throughout the Department to ensure future plans are affordable create a 4 star led Joint Forces Command create single coherent Defence Infrastructure and Defence Business Services organisations manage and use less senior military and civil personnel more effectively people staying in post longer more
