In 1913 he meets American poet Robert Frost and everything changes. As their friendship blossoms, Edward writes, emerging from his cocoon of self-doubt into one of the most influential poets of the twentieth century. But he makes the drastic decision to enlist, confounding his friends and family. *The Dark Earth and the Light Sky*, which premiered at the Almeida Theatre, London, in November 2012, delves into the life of this enigmatic and complex character in an era of change and destruction.

**Under Another Sky** Charlotte Higgins, 2015-08-04. The author and classics scholar shares a delightful, deeply informed recounting of her journeys across Britain in search of its ancient Roman past. Kirkus starred review: "What does Roman Britain mean to us now? How were its physical remains rediscovered and made sense of? How has it been reimagined in story and song and verse? Sometimes on foot, sometimes in a magnificent if not entirely reliable VW camper van, Charlotte Higgins sets out to explore the ancient monuments of Roman Britain. She explores the land that was once Rome's northernmost territory and how it has changed since the years after the empire fell. *Under Another Sky* invites readers to see the British landscape and British history in an entirely fresh way, as indelibly marked by how the Romans first imagined and wrote these strange and exotic islands perched on the edge of the known world into existence. Shortlisted for the Samuel Johnson Prize."
