Salvation in My Pocket Benjamin Myers, 2013-11-13 The short pieces assembled in *Salvation in My Pocket* are miniature experiments in Christian joy They are attempts at describing the difference God makes to ordinary experience and to discover glimpses of God's light in everyday life If there is any thread that holds these haphazard reflections together it is just the conviction that beneath the surface of things there lurks an invitation gentle and alluring that even in sadness and misfortune there is always rising up as if from hidden wells the promise of peace and that the final word spoken over this world and over each human life will be a word of joy

[Theory of Categories](#) Dr. Patrick Grim, Dr. Nicholas Rescher, 2023-09-05 Categorization is an essential and unavoidable instrumentality for conceptually navigating a world indeed for being able to conceptualize a world to be navigated Classification is a pivotal instrument for scientific systemization featured as a basis for the philosophical understanding of reality since Aristotle but classificatory concepts of sorts types and natural kinds inevitably pervade our understanding of ourselves and our position in the social as well as the natural world at all levels The authors argue that the character purpose context and culture relativity of categories and categorization have been widely misunderstood that standard philosophical views are substantially correct in some respects but markedly mistaken in others The book offers a comprehensive survey of basic principles of classification and categorization a survey of relevant empirical work and a multitude of illustrative examples accompanied by instructive analysis of ways and means The work traces wide ranging implications of the current approach for philosophical problematic and paradox in philosophy of mind epistemology and metaphysics philosophy of science social philosophy and ethics

[There's a Hole in My Pocket](#) Akimi Gibson, 1994 *Laws and Lawmakers* Marc Lange, 2009-07-09 What distinguishes laws of nature from ordinary facts What are the lawmakers the facts in virtue of which the laws are laws How can laws be necessary yet contingent Lange provocatively argues that laws are distinguished by their necessity which is grounded in primitive subjunctive facts while also providing a non technical and accessible survey of the field

Destiny Tim Parks, 2013-05-01 Christopher Burton the protagonist of this masterful novel is one of Britain's foremost foreign correspondents the acknowledged world expert on Italian affairs Three months after returning to London with his Italian wife for an extended stay Burton receives a phone call at the reception desk of his hotel informing him that his teenage son has committed suicide Why upon receiving this terrible news does he immediately conclude that his marriage of almost thirty years is over And why is grief so slow in coming Burton feels his pious mercurial wife may have given him his life in Italy

even his prestigious career but she has also made it impossible Was their troubled son somehow the victim of their long explosive love hate relationship Looking back Burton sees in his life a web of contradictions unanswered questions and confusions And yet it has been his destiny Intensely dramatic dark and yet often hilariously funny Destiny is a seamless beautifully plotted story and a profound meditation on marriage and identity Parks offers us a searing account of what it means to tread the narrow line between sanity and psychosis *The Cost of Knowing* Brittney Morris,2022-06-21 Sixteen year old Alex Rufus s curse of seeing the future distracts him from being and doing his best but when he sees his little brother Isaiah s imminent death he races against time death and circumstances to save him All the Year Round ,1860

Confusion Joseph L. Camp Jr.,2009-07-01 Camp rejects the philosophical conceit that confusion is a kind of ambiguity his fundamental claim is that confusion is not a mental state He proposes a novel characterization of confusion and then demonstrates its fruitfulness with several applications in the history of philosophy and the history of science The Afterlife Donald Antrim,2006 In the winter of 2000 shortly after his mother s death from cancer and malnourishment Donald Antrim author of *Elect Mr Robinson for a Better World* *The Hundred Brothers* and *The Verificationist* began writing about his family In pieces that appeared in *The New Yorker* and were anthologized in *Best American Essays* Antrim explored his intense and complicated relationships with his mother Louanne an artist and teacher who was at her worst a ferociously destabilized and destabilizing alcoholic his gentle grandfather who lived in the mountains of North Carolina and who always hoped to save his daughter from herself and his father who married Louanne twice *The Afterlife* is not a temporally linear coming of age memoir instead Antrim follows a logic of unconscious life of dreams and memories of fantasies and psychoses the way in which the world of the alcoholic becomes a sleepless atemporal world In it he comes to terms with and fails to comes to terms with the nature of addiction and the broken states of loneliness shame and loss that remain beyond his power to fully repair This is a tender and even blackly hilarious portrait of a family faulty cracked enraging It is also the story of the way the author works in part through writing this book to become a man more fully alive to himself and to others a man capable of a life in which he may never learn or ever hope to know the nature of his origins Publisher s description **Prose**

Writers of German Frederic Henry Hedge,1848 **The Nature of True Minds** John Heil,1992-09-25 This work proposes a way to a naturalistic synthesis one that accords the mental a place in the physical world alongside the non mental Eyes and Ears Henry Ward Beecher,1862 *Unguarded Edge* Hadley Hoover,2012-11-01 Cornelis and Lena s decade long secret ripped two families apart He ran she kept silent Now he s back expecting her to forgive and forget and teach his daughters

The Ugli Fruit Dr. Al L. Holloway,2016-08-20 *The Ugli Fruit* Tapping the Inner Spirit for Greater Mental Health is a reminder that we are more than our outer layer projections It is also a reminder for therapists that we must minister to the spirit to facilitate good mental health If spiritual development is not considered by client or therapist there is little healing and no fundamental and lasting change No matter our outward reflections no matter our life circumstances we are all made

in the image of all mighty God We have a prestigious heritage and birthright that grants us access to the kingdom of Godright here on Earth God has not bestowed upon any of us a disturbed mind discord within our families or disharmony within the world God has granted us peace and there is a spiritual prescription for peace faith in and obedience to God The Ugli Fruit Tapping the Inner Spirit for Greater Mental Health clarifies the importance of spiritual health to overall well being

A Case for Necessitarianism Amy Karofsky,2021-12-29 This book is the first detailed and focused defense of necessitarianism The author s original account of necessitarianism encourages a reexamination of commonly held metaphysical positions as well as important issues in other related areas of philosophy Necessitarianism is the view that absolutely nothing about the world could have been otherwise in any way whatsoever Most philosophers believe that necessitarianism is just plain false and presume that some things could have been otherwise than what they are In this book the author argues that necessitarianism is true and the view that some things in the world are contingent what the author terms contingentarianism is false The author assesses various theories of contingency including the possible worlds theory combinatorialism and dispositionalism and argues that no theory can successfully explain why an entity is such as it is rather than not She then lays out a case for necessitarianism and provides responses to various objections The book concludes with an explanation of the ways in which necessitarianism is relevant to issues in ethics philosophy of mind and social philosophy A Case for Necessitarianism will be of interest to scholars and advanced students working in metaphysics logic and philosophy of science

Poem in My Pocket Chris Tougas,2021-06-01 Rhyming fanciful allegory of the creative writing process When a child s carefully written poem slips out of a ripped pocket its words join randomly with other words to form funny riffs and puns all over a busy city street The child scrambles to capture the loose words and arrange them back into poem form only to lose them again as a storm swoops in Eventually the words plant themselves in the muddy ground growing into something that might be even better than the original poem a Poet Tree A poem is never really lost The words may just need a little room to play
