Jesus Journal Withmark:

Marking Time with Mark Janet Fisher Aronson, 2019-04-22 Marking Time with Mark is a journey with Jesus through his three year ministry As the disciples slowly grow in their faith we can see how God works in them and in us to take us from where we are to where he wants us to be Taking time to delve into the emotions that they experienced as they traveled through their three years together we will become more aware of our own connection to their story and our own ups and downs in our faith walk Each chapter encourages us to read respond and reflect on the story of Jesus Christ and its impact on our lives Journal of Theological Studies ,1904 *The American Journal of Theology* University of Chicago. Mackay,2004 This book is a literary historical enquiry into the relationship

between John and Mark with special emphasis on the feeding saga in each. Because of the differences between these key canonised texts the question of how their differences are to be understood is important in regard to our understanding of Biblical authority and interpretation and in particular of the meaning and importance of the Eucharist. The research finds that the writers of John's Gospel knew Mark and that John shows a certain degree of influence from it both positive and negative. Ian D Mackay surveys the debate to date, looks at general literary and strategic similarities and differences between John and Mark and then analyses John 6 in comparison with Mark 6:8 and certain other related texts in Mark. The detailed analysis of the debate, the points of literary similarity between the two Gospels as a whole and the emergence of Markan strategies lifted from Mark and applied in John to supporting a literary agenda virtually contrary to that of Mark especially in regard to the roles of the disciples and the crowds in the plot of each as a whole may well be useful for those interested in the question of how the four Gospels relate to one another.

The Formal Education of the Author of Luke-Acts Steve Reece, 2022-06-16. Steve Reece proposes that the author of Luke Acts was trained as a youth in the primary and secondary Greek educational curriculum typical of the Eastern Mediterranean during the Roman Imperial period where he gained familiarity with the Classical and Hellenistic authors whose works were the focus of study. He makes a case for Luke's knowledge of these authors internally by spotlighting the density of allusions to them in the narrative of Luke Acts and externally by illustrating from contemporary literary, papyrological and artistic evidence that the works of these authors were indeed widely known in the Eastern Mediterranean at the time of the composition of Luke Acts not only in the schools but also among the general public. Reece begins with a thorough examination of the Greek educational system during the Hellenistic and Roman Imperial periods, emphasizing that the educational curriculum was very homogeneous at least at the primary and secondary levels and that children growing up anywhere in the Eastern Mediterranean could expect to receive quite similar educations. His close examination of the Greek text of Luke Acts has turned up echoes, allusions and quotations of several of the very authors that were most prominently featured in the school curriculum: Homer, Aesop, Euripides, Plato and Aratus. This reinforces the view that Luke, along with other writers of the New Testament, lived in a cultural milieu that was influenced by Classical and Hellenistic Greek literature and that he was not averse to invoking that literature when it served his theological and literary purposes.
