Jewish Ethics And Halakhah For Our Time Sources And Commentary Volume I:

Jewish Ethics and Halakhah for Our Time Basil Herring, 1984 Jewish Law and American Law, Volume 1 Samuel J. Levine, 2021-02-16 This volume contributes to the growing field of comparative Jewish and American law presenting twenty six essays characterized by a number of distinct features. The essays will appeal to legal scholars and at the same time will be accessible and of interest to a more general audience of intellectually curious readers These contributions are faithful to Jewish law on its own terms while applying comparative methods to offer fresh perspectives on complex issues in the Jewish legal system Through careful comparative analysis the essays also turn to Jewish law to provide insights into substantive and conceptual areas of the American legal system particularly areas of American law that are complex controversial and unsettled <u>Jewish Ethics and Halakhah for Our Time</u> Basil F. Herring, 2010 Science, and Moral Responsibility David Shatz, Yitzhak Berger, 2005-11-10 Do human beings have free will Are they genuinely responsible for their actions These questions have persisted all through the history of philosophy but in the 21st century they have become defined more sharply and clearly than ever Indeed a vivid and mighty tension underlies today s intellectual struggles over free will On the one hand the rapid advances of several empirical disciplines notably neuropsychology and genetics threaten our instinctive affirmation that free will and moral responsibility exist On the other hand the depth and force of our instincts our powerful intuition that there is free will that there is moral responsibility present for most people an almost impenetrable barrier against the sweeping denial of free will suggested by empirical research The papers in this volume address this tension from a dual vantage point While drawing heavily upon traditional Jewish texts and teachings they also offer a blend of scientific philosophical psychological and social insights into this most mystifying of topics In addition they illuminate the concept of repentance a transformation of character that ranks in much of Jewish literature as the highest expression of free will Creating an Ethical Jewish Life Byron L .Sherwin, Seymour, Cohen, 2000-12-04 The classic texts of Jewish ethical literature works little known to most of us now available for personal study This one of a kind book brings Jewish ethical literature from ancient and medieval worlds straight into our twenty first century lives Encyclopedia of Medicine in the Bible and the Talmud Fred Rosner, 2000 Encyclopedia of Medicine in the Bible and the Talmud includes many items dealing with the field of Jewish medical ethics and serves as an important tool for those who wish to read about or research medical and related topics as found in traditional biblical and talmudic sources

<u>Christianity and Islam</u> Catharina Rachik, Georges Tamer, 2022-12-05 The second volume of the series Key Concepts in Interreligious Discourses points out the roots of the concept of human rights in Judaism Christianity and Islam It shows how far the universal validity of human rights opposes in some crucial points with religious traditions The volume demonstrates that new perspectives are introduced to the general discussion about human rights when related to religious traditions Especially the interreligious viewpoint proves that a new kind of debate about human rights and its history is necessary
