Dorff, Louis E. Newman, 2009-03-01 How do we use power once we ve gained it Is it completely for our individual benefit or do we use it to help our neighborhoods or society at large What kinds of decisions must CEOs and business owners make regarding suppliers and customers How should bosses treat workers Teachers treat students Parents treat children Government treats citizens Power dynamics affect people on a political level a social level and a deeply personal level as well The newest volume in the Jewish Choices Jewish Voices series examines these dynamics and includes essays by such fine contributors as U S Representative Henry Waxman NBC Universal Television West Coast President Marc Graboff and author and scholar James Diamond The Oxford Handbook of Religion and Economic Ethics Albino Barrera, Roy C. Amore, 2024 This innovative collection of essays draws together and compares the teachings of world and regional religions on the subject of economic morality *Text Me* Jeffrey Schein, 2019-10-24 Common sense tells us that technology can either be a blessing or curse in our lives The assertion flows easily but deceptively from us Beneath the flowing assertion lay many cross currents and much complexity These complexities are named and laid out for individual and group exploration throughout the book They provide mirrors for the reader and groups of readers to discover their own affirmations and arguments with their own digital profiles based on Jewish humanistic religious values The iterative analysis points back to the double entendre in the book s title text me can be a command to engage in the famously quick communication as in receiving a text on our smart phones and text me can also serve as an imperative to explore the wisdom contained in Jewish texts The synergies gaps creative tensions and paradoxes living within this double use of text me permeate the volume Though rooted in Jewish sources the tools of analysis can be used by Christians Muslims and people who describe themselves as spiritual but not religious Indeed the book is an invitation to all who live in the digital age which is to say all of us Commentaries provided by

scholars of all three of the western monotheistic faiths highlight this universal dimension *Mercenaries and Missionaries* Brandon Vaidyanathan, 2019-05-15 *Mercenaries and Missionaries* examines the relationship between rapidly diffusing forms of capitalism and Christianity in the Global South Using more than two hundred interviews in Bangalore and Dubai Brandon Vaidyanathan explains how and why global corporate professionals straddle conflicting moral orientations in the realms of work and religion Seeking to place the spotlight on the role of religion in debates about the cultural consequences of capitalism Vaidyanathan finds that an apprehensive individualism generated in global corporate workplaces is supported and sustained by a therapeutic individualism cultivated in evangelical charismatic Catholicism *Mercenaries and Missionaries* uncovers a symbiotic relationship between these individualisms and shows how this relationship unfolds in two global cities Dubai in non democratic UAE which holds what is considered the world's largest Catholic parish and Bangalore in democratic India where the Catholic Church though afflicted by ethnic and religious violence runs many of the city's elite educational institutions Vaidyanathan concludes that global corporations and religious communities create distinctive cultures with normative models that powerfully orient people to those cultures the Mercenary in cutthroat workplaces and the Missionary in churches As a result global corporate professionals in rapidly developing cities negotiate starkly opposing moral commitments in the realms of work and religion which in turn shapes their civic commitment to these cities Mining for Gold Rabbi Daniel Cohen Ed., 2014-02-14 Most of us would agree that we want to live a successful life But what constitutes a successful life How do we measure a life well lived *Mining for Gold Essays Exploring the Relevancy of Torah in the Modern World* focuses on these questions of life's values Editor Rabbi Daniel Cohen has compiled essays from twenty leading rabbis in North America and Israel to reveal how the gold standard of living well can be reached in the modern world Their conclusions find that ultimate wealth comes from having a good name or a virtuous character The time to earn that good name is now not when one is lying on a deathbed If one's life is infused with the timeless values of family friends faith and goodness the end of life will come with few regrets In this book new insights on amplifying these values in your life are provided One person who lived these values every day was Lester Gold *Mining for Gold Essays Exploring the Relevancy of Torah in the Modern World* is a tribute to his life and the timeless values he embodied He understood that the answers to life's mysteries emerge from the Bible the Torah These essays and reflections from Lester's friends and family will help you do the same **Jewish Law Association Studies** Jewish Law Association.
