Fuzzy Dice Paul Di Filippo, 2024-03-12 Di Filippo clowns his way through this transdimensional travelogue cut from the same cloth as Douglas Adams's Hitchhiker's Guide to the Galaxy Publishers Weekly At forty five years old Paul Girard is a self loathing clerk at an independent bookstore having finally killed his dream of being a writer by throwing out his rejected manuscripts Drowning in existential angst Paul can't envision much of a future for himself until he meets Hans Hans is one of the Mind Children an artificial race that has succeeded humanity If Paul allows Hans to copy his human essence the key to Superspace and its infinite number of universes will be his And even though said key is a yo yo Paul agrees Desperate to escape his banal reality Paul flings the yo yo and winds up in the singularity that preceded the Big Bang a matriarchal society of women warriors a realm populated by TV characters from his childhood But Paul's frantic travels only prove one thing wherever he goes in the multiverse there he is Now how does he get home It's like Tom Robbins's classic Even Cowgirls Get the Blues recast in the hands of gonzo mathematician Rudy Rucker as a kind of ontological day trip Locus Frothing with ideas Fuzzy Dice is one more reason Di Filippo is one of the most imaginative and underappreciated writers working today If humorously intelligent science fiction far beyond the madding crowd is your cup of tea then this novel and Di Filippo in general cannot disappoint Great fun great read almost as much as Sheckley's Dimension of Miracles Speculiction

Masquerading Memoirs Lawrence Creegan, 2021-08-30 I was born the fourth of four sons to my Irish school teaching parents who resided in Warwick Rhode Island Like many other kids I was a handful for my parents but I managed to graduate from Pilgrim High School in Warwick in 1973 I then enrolled in Johnson and Wales University in Providence in 1976 and graduated in 1978 with an associate degree in culinary arts I only lasted about four years in the food industry as it mostly commands that you work on weekend nights and holidays During my stint in the food industry I would hear from my friends what a party you missed or what a concert you missed Needless to say I got sick of hearing this so I took a carpenter apprentice job and ended up starting my own construction business as an independent home remodeler That kept me happy and lasted 26 years until the banking crisis hit in 2008 As the economy hit bottom my phone quit ringing as everyone was afraid to spend any money I then took a job with the state of Rhode Island working for a local university near my home I have since retired on my birthday of all days in November of 2020 Now I just wait for the royalty checks to roll in This book is basically an autobiography starting with the continuation of my first book Hi Larry ous Halloweens which was published in 2004 I didn't give up making costumes after 2004 so I created this book to give some insight to the Hi Larry ous Halloweens fans I created after first book came out Costumes make up the first half of the book and the rest are short stories of events that have happened to me over my lifetime When I let some close friends read the prototype of this book most of them were laughing a page or two which makes me smile **She Professed Herself Pupil of the Wise Man (Light Novel) Vol. 12**
