G. A. HENTY—A BIBLIOGRAPHY  
Captain Robert L. Dartt, USNR/R

Captain Dartt has spent thirty years in search of further acquisitions for his remarkable Henty collection. This exhaustive bibliography includes Doctor Dartt's own penetrating Foreword and a brief biography of Henty as well as the great author's Introduction to himself written in 1881—all of which go a long way towards explaining Henty's phenomenal success as an adventure-writer. This book is the product of a lifetime of affection, dedication and research. It will prove equally fascinating and invaluable to librarians and researchers on the one hand and to the numerous enthusiasts and happy sufferers from Henty-mania on the other.

G.A. Henty, 1832-1902 Peter Newbolt,2005      **Bibliography of Wales** ,1900      Imperialism and juvenile literature Jeffrey Richards,2017-03-01 Popular culture is invariably a vehicle for the dominant ideas of its age Never was this truer than in the late nineteenth and early twentieth centuries when it reflected the nationalist and imperialist ideologies current throughout Europe It both reflects popular attitudes ideas and preconceptions and it generates support for selected views and opinions This book examines the various media through which nationalist ideas were conveyed in late Victorian and Edwardian times in the theatre ethnic shows juvenile literature education and the iconography of popular art It seeks to examine in detail the articulation and diffusion of imperialism in the field of juvenile literature by stressing its pervasiveness across boundaries of class nation and gender It analyses the production distribution and marketing of imperially charged juvenile fiction stressing the significance of the Victorians discovery of adolescence technological advance and educational reforms as the context of the great expansion of such literature An overview of the phenomenon of Robinson Crusoe follows tracing the process of its transformation into a classic text of imperialism and imperial masculinity for boys The imperial commitment took to the air in the form of the heroic airmen of inter war fiction The book highlights that athleticism imperialism and militarism become enmeshed at the public schools It also explores the promotion of imperialism and imperialist role models in fiction for girls particularly Girl Guide stories      **Popular Children's Literature in Britain** Julia Briggs,Dennis Butts,2016-12-05 The astonishing success of J K Rowling and other contemporary children s authors has demonstrated how passionately children can commit to the books they love But this kind of devotion is not new This timely volume takes up the challenge of assessing the complex interplay of forces that have created the popularity of children s books both today and in the past The essays collected here ask about the meanings and values that have been ascribed to the term popular They consider whether popularity can be imposed or if it must always emerge from children s preferences And they investigate how the Harry Potter phenomenon fits into a repeated cycle of success and decline within the publishing industry Whether examining eighteenth century chapbooks fairy tales science schoolbooks Victorian adventures waif novels or school stories these essays show how historical and publishing contexts are vital in determining which books will succeed and which will fail which bestsellers will endure and which will fade quickly into obscurity As they considering the fiction of

Angela Brazil Enid Blyton Roald Dahl and J K Rowling the contributors carefully analyse how authorial talent and cultural contexts combine in often unpredictable ways to generate and sometimes even sustain literary success

**The Presence of the Past in Children's Literature** Ann Lucas, 2003-09-30 Time is one of the most prominent themes in the relatively young genre of children's literature for the young like adults want to know about the past This book explores how children's writers have treated the theme and concept of time The volume starts with the application of literary theory and additionally analyzes examples of the juvenile historical novel In doing so it also examines changing fashions in criticism and publishing and the pressure they exert on writers It then considers literary adaptations of myths and archetypes constructions of history in children's literature colonial and postcolonial children's fiction and the treatment of the past in the postmodern era The book looks at literature from around the world and the expert contributors are from diverse countries and backgrounds While the book looks primarily at literature of the 19th and 20th centuries it considers a broad range of historical material treated in works from that period Included are discussions of such topics as Joan of Arc in children's literature the legacy of Robinson Crusoe colonial and postcolonial children's literature the Holocaust and the supernatural International in scope the volume examines history and collective memory in Portuguese children's fiction Australian history in picture books Norwegian children's literature and literary treatments of the great Irish famine

**Popular imperialism and the military, 1850-1950** John M. MacKenzie, 2017-03-01 Colonial war played a vital part in transforming the reputation of the military and placing it on a standing equal to that of the navy The book is concerned with the interactive culture of colonial warfare with the representation of the military in popular media at home and how these images affected attitudes towards war itself and wider intellectual and institutional forces It sets out to relate the changing image of the military to these fundamental facts For the dominant people they were an atavistic form of war shorn of guilt by Social Darwinian and racial ideas and rendered less dangerous by the increasing technological gap between Europe and the world Attempts to justify and understand war were naturally important to dominant people for the extension of imperial power was seldom a peaceful process The entertainment value of war in the British imperial experience does seem to have taken new and more intensive forms from roughly the middle of the nineteenth century Themes such as the delusive seduction of martial music the sketch of the music hall song powerful mythic texts of popular imperialism and heroic myths of empire are discussed extensively The first important British war correspondent was William Howard Russell 1820-1907 of The Times in the Crimea The 1870s saw a dramatic change in the representation of the officer in British battle painting Up to that point it was the officer's courage tactical wisdom and social prestige that were put on display

A Bibliography of Works Relating to Dunfermline and the West of Fife Erskine Beveridge, 1901 *William Tinsley (1831-1902): Speculative Publisher* Peter Newbolt, 2019-01-15 This title was first published in 2001 An account of the activities of 19th century publisher William Tinsley particularly in relation to his authors and his chosen way of making a living In considering the library publishing system that dominated all aspects of fiction in the latter part of the 19th century when down payments rather than royalties were the rewards of novelists it may be surprising to find how wide were the variations in prices that publishers paid for such work Differences appeared when individual publishers developed soft spots for particular authors and in consequence they sometimes made fools of themselves William Tinsley certainly did so on several occasions but was blessed at least in later life with the grace of never seriously regretting any of his mistakes Examples of the nature of this good hearted man are found in these pages This account relies to an extent on Tinsley's two volumes of memoirs **The Books of the Colorado River & the Grand Canyon** Francis Peloubet Farquhar, 2003 A well known bibliography describes the most significant works written about the Grand Canyon region
