Minority Languages and Group Identity John Edwards,2010-01-13 The central concern in this book is the relationship between language and group identity a relationship that is thrown into greatest relief in minority settings Since much of the current interest in minority languages revolves around issues of identity politics language rights and the plight of

endangered languages one aim of the book is to summarise and analyse these and other pivotal themes Furthermore since the uniqueness of every language contact situation does not rest upon unique elements or features but rather upon the particular weightings and combinations of features that recur across settings the second aim here is to provide a general descriptive framework within which a wide range of contact settings may be more easily understood The book thus begins with a discussion of such matters as language decline maintenance and revival the dynamics of minority languages and the ecology of language It then offers a typological framework that draws and expands upon previous categorising efforts Finally the book presents four case studies that are both intrinsically interesting and more importantly provide specific illustrations of the generalities discussed earlier

The Scots Magazine, Or, General Repository of Literature, History, and Politics ,1802 **Catalog of Copyright Entries** Library of Congress. Copyright Office,1960 *After the Hector* Lucille H. Campey,2007-05-15 This is the first fully documented and detailed account produced in recent times of one of the greatest early migrations of Scots to North America The arrival of the Hector in 1773 with nearly 200 Scottish passengers sparked a huge influx of Scots to Nova Scotia and Cape Breton Thousands of Scots mainly from the Highlands and Islands streamed into the province during the late 1700s and the first half of the nineteenth century Lucille Campey traces the process of emigration and explains why Scots chose their different settlement locations in Nova Scotia and Cape Breton Much detailed information has been distilled to provide new insights on how why and when the province came to acquire its distinctive Scottish communities Challenging the widely held assumption that this was primarily a flight from poverty After the Hector reveals how Scots were being influenced by positive factors such as the opportunity for greater freedoms and better livelihoods The suffering and turmoil of the later Highland Clearances have cast a long shadow over earlier events creating a false impression that all emigration had been forced on people Hard facts show that most emigration was voluntary self financed and pursued by people expecting to improve their economic prospects A combination of push and pull factors brought Scots to Nova Scotia laying down a rich and deep seam of Scottish culture that continues to flourish Extensively documented with all known passenger lists and details of over three hundred ship crossings this book tells their story The saga of the Scots who found a home away from home in Nova Scotia told in a straightforward unembellished no nonsense style with some surprises along the way This book contains much of vital interest to historians and genealogists Professor Edward J Cowan University of Glasgow a well written crisp narrative that provides a useful outline of the known Scottish settlements up to the middle of the 19th century avoid s the sentimental victim scapegoat approach to the topic and instead has provided an account of the attractions and mechanisms of settlement Professor Michael Vance St Mary s University Halifax **The Kitten'S Cooler** Judy Richter,2018-04-13 Back in the day my sisters name Carol Hofmann Thompson was a household word in the horse show world here and abroad I have been blessed with many good memories of her and others who have brightened my life To call this collection a memoir feels a bit too formal and pretentious so I prefer to say these are

a gathering of good old memories of people and events in my life from the fifties to the present day There was no better decade than the 1950s to grow up in The war was over we won and Eisenhower was our president No more noble and able a man existed except possibly Churchill but he was British and even then old It was a safe world we never went to bed wondering if wed wake up to World War III Our parents never worried about where we were if they even wondered They knew wed be home at dark for dinner How different from today What is most heartening about recollecting these stories old and new is that life does indeed go on and for us horse people it is the horses who carry us forward
