decades Western churches have focused the bulk of their resources on the early stages of discipleship children's Sunday school youth group college ministry While these are all important we have neglected the spiritual growth of those in the second half of life In fact an outside observer might think that after the growth of the college years the goal is simply to coast through the rest of your Christian life Michelle Van Loon has a different idea In *Becoming Sage* she challenges those in midlife and beyond to continue pursuing radical spiritual growth and she'll help you get started She explores what the unique challenges of midlife can teach us about Jesus and how to think about everything from church friends and family to money bodies and meaning Don't settle for a life of coasting Revitalize your spiritual growth today **The Manic Pixie Dream**

Enjoy Guardians Without Wings Robert Fertig, Miriam Fertig, 2012-03 This is a true story about how the system of justice works to protect America's children with the essential support of thousands of volunteers. Guardian ad Litem GALs also known as Court Appointed Special Advocates. We call them Guardians without Wings. We have found the lack of proper education, the influence of secularism and especially poor moral upbringing represent the fundamental causes of child abandonment, neglect and abuse. More than 75% of Americans claim to be Judeo Christians at the beginning of this century. Our Constitution and Bill of Rights are based on Christian principles yet many have discarded these values that are the foundation of our society. We believe that all children are born innocent and lovable. It is the parents' relatives, role models, peer group pressure, secular and atheistic teachers and mainly the culture of death that have caused too many of these children to grow up to become dysfunctional adults and in many cases appalling parents. What do we mean by culture of death in western society? It is our growing divorce rates over 52%, Abortion On Demand 50 million so far and rise of Euthanasia. Unmarried Parents who lack responsibility for their children and the epidemic of illegal drug addiction problem. Some parents are clueless about the essentials of parenting. They are immature adults themselves. As one Judge said they are like rabbits that keep on reproducing. Should these adults have children if they are morally and psychologically unable to be loving, caring parents? You can't love if you have not been loved as a child. The lack of spiritual formation Jewish, Christian among other faiths was predominant in about 80-85% of our cases and that represents one of the most important reasons for the breakdown of social order in our society. Conversely we must be very careful to avoid extreme fundamentalists that will actually create further issues for our children. If we have full employment and great economic growth but our children have not learned to walk in goodness, justice and mercy then the American experiment will have failed. William Bennett
