POETRY OF A COMMON MAN Armin Boko, 2013 Included in the anthology are previously published poems contained within SECTOR 7 and of Ares and Men also Sketches and Reflections of 2012 This covers in full the poetic output of the author since 2009 The overall design is a deliberate step away from the abstract modern poetry preoccupied with syllabic dissection and abstract notions to the intentional exclusion of tangible subjects Modern poetry isn't supposed to make sense we're told and it is more a play with words and sounds The free flowing style here whilst of variable meter does no more than serve the purpose Substance rule over style first and last It is how it used be before modernists turned it on the head In this book preoccupation is with here and now real people in all kinds of predicament and lifelike situations It will be instantly recognized It comes down on sham democracy war mongers banksters and other vermin Spared is none least of all the author himself His sporting inadequacies exposed for one should tickle the funny bone Above all the book is an antiwar crusade On second level it is on side of those creating the wealth not those cashing in on the fat spoils It is poetry of the common man in the street Enough for young and old and young at heart
