Galdos Studies:

New Galdós Studies Nicholas Grenville Round, 2003 The master of the realist novel of nineteenth century Spain Benito Pérez Galdós is the subject of these new studies The master of the realist novel of nineteenth century Spain Benito Pérez Galdós is the subject of New Galdós Studies offered in memory of John Varey author of Galdós Studies the foundational text for contemporary Galdosian scholarship Eamonn Rodgers describes Galdós's early readership and reception James Whiston illustrates Galdós's creativity in *Lo prohibido* Rhian Davies explores the enrichment of the novelist's language in *Torquemada en la Cruz* Teresa Fuentes Peris demonstrates Galdós's radical critique of dominant social assumptions in *Fortunata y Jacinta* Alex Longhurst deals with the representation of poverty in *Misericordia* while Lisa Cond detects a feminist intention in *Tristana* Eric Southworth finds rich cultural and spiritual allusion in the same work Nichols Round relates the deaths of children in the *Torquemada* novels and Angel Guerra to end of century ideological concerns **Galdós Studies II** Robert J. Weber, 1974 *Galdós Studies*, 1974 Galdos Jo Labanyi, 2014-01-14 Benito Pérez Galdós has been described as the greatest Spanish novelist since Cervantes His work constitutes a major contribution to the nineteenth century novel rivalling that of Dickens of Balzac and making him an essential candidate for any course on the fiction of the period Jo Labanyi's study is supported by a wide ranging introduction a section of contemporary comment headnotes to each piece and helpful appendix material **Galdós and Beethoven** Vernon A. Chamberlin, 1977 Galdós Brian J. Dendle, 2021-12-14 The sheer volume of prolific Spanish novelist and playwright Benito Pérez Galdós's literary production has rendered overall assessment of his body of work all but impossible The later volumes in his ambitious and popular *Episodios nacionales* series in particular have suffered from scholarly indifference In this acclaimed study Brian J Dendle closely considers the twenty six novels in this series written between 1898 and 1912 These episodios Dendle contests are artistically superior to the earlier volumes and offer a unique opportunity to establish the ideological profile of the mature Galdós **Galdós and Darwin** T. E. Bell, 2006 Darwinian theory the big idea of the nineteenth century and its impact on the writing of Benito Pérez Galdós Despite the fact that Darwinian theory was perhaps the big idea of the nineteenth century most critics in the past have assumed that Benito Pérez Galdós would have remained unaffected by this scientific and philosophical revolution This work contends otherwise charting the influence of evolutionary theories on Galdós throughout his literary career From his adaptation of the early nineteenth century costumbristas depiction of social species into a more sophisticated portrayal of Madrid society to his treatment of shifting social forces at a time of major socio economic change Galdós's outlook is shown to be deeply enmeshed in the Darwinian debate Attention is paid not only to the hypotheses of Darwin himself but also for instance to Ernst Haeckel's evolutionary thought to Herbert Spencer's social Darwinism and to the radical histology of Santiago Ramón y Cajal Galdós and Darwin discusses how Spain's greatest novelist since Cervantes imaginatively reworked these epoch making theories and investigates the impact of science on culture as the Spanish nation approached the twentieth century T E BELL completed

his Ph D under the supervision of Professor Nicholas Round at Sheffield University

The Novel Histories of Galdos Diane Faye Urey, 2014-07-14 Benito Perez Galdos 1843 1920 occupies a position in Spanish literature surpassed only by Cervantes and like him made a major contribution to the European novel that is now becoming widely recognized In a semiological approach to the second period of Episodios Nacionales Diane Urey demonstrates the relevance of these twenty six novels the least studied of Galdos s works to fundamental issues such as the relationship between history and fiction and between mimesis and creation Her findings of ambiguity irony and allegory in this writer s highly self conscious historical novels will revise our views of Galdos s place in European letters while offering new insights into a general theory of historical fiction Diane Urey offers an alternative to referential or ideological interpretations of the Episodios by stressing the indeterminate textuality of historical incidents and the fictionality of historical discourse Drawing on Derrida De Man Foucault and Hayden White she applies a wide range of narrative theory to these texts and concludes that novel and history are interchangeable modes of discourse because they rely necessarily on the same narrative strategies Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Galdos and the Art of the European Novel Stephen Gilman, 2014-07-14 Benito Perez Galdos 1843 1920 was one of Spain s outstanding novelists and the author of two vast cycles of novels and a number of plays In this critical study of Galdos in English Stephen Gilman relates the writer and his work to the nineteenth century novel as a genre and traces his artistic growth during a twenty year period from his initial historical fable La Fontana de Oro to his masterpiece Fortunata y Jacinta Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Jew in the Novels of Benito Perez Galdos Sara E. Schwyter, 1978 A study of Gald s Jewish characters and what they tell us about the place of Jews in C19th Spanish society and culture Few Spanish novelists have dealt with the problem of religion and religious commitment more comprehensively than Benito P rez Gald s His lifelong preoccupation with man in search of transcendence repeatedly led him to evaluate and criticize the religious institutions that stifled rather than helped man in his search In the Jews Gald s saw a people who though victimized by religious intolerance managed to survive persecution and affirm an abiding faith in God He created Jewish characters throughout his long literary career and therefore presents the

most comprehensive portrait of Jews as they existed in the culture the religion and fabric of C19th Spanish society *Jesuit Biblical Studies after Trent* Luke Murray, 2019-08-12 In the field of biblical hermeneutics one area which scholarship has neglected is Catholic biblical scholarship during the early modern era A brief look through a standard textbook on hermeneutics reveals the all too common jump from Luther Calvin and the other Reformers straight to Spinoza and the pioneers of the historical critical method Catholic figures during the Reformation and afterward are often considered too reliant on tradition too entrenched in dogmatic disputes and too ignorant of historical methods to be taken as serious scholars of Scripture In this timely work Dr Murray addresses these misconceptions and systematically shows why they are inadequate and a more nuanced judgment is needed Beginning with a much needed overview of contemporary scholarship the work examines the historical context and key influences on the Catholic approach to the Bible After addressing the Council of Trent and the Jesuit Order it then examines two influential Jesuit biblical scholars in the next two chapters the Spanish Cardinal Franciscus Toletus 1532 1596 and the great Flemish exegete Cornelius a Lapide 1567 1637 Dr Murray examines the life works secondary literature and biblical hermeneutics of both great scholars showing that Catholics just like their Reformed brethren could be serious and quality exegetes While they lacked the historical knowledge and tools of today the work shows that the Jesuits were pioneers in showing how their faith and devotion could be compatible with a historical and scientific study of Scripture *Jesuit Biblical Studies After Trent* is a must read for those seeking to understand how Catholics were approaching the Bible after the Reformation and for those seeking to learn how to integrate their personal faith with a scientific study of Scripture

Wisdom of Eccentric Old Men Peter Anthony Bly, 2004-11-04 Bly's principal revelation is that Gald's deliberately and consistently used this secondary type to emphasize the significance of the major plot developments and to underline the strengths or weaknesses of principal characters In filling these roles the eccentric old men develop from comic shallow types into more complex secondary characters men of

Ambiguous Angels Catherine Jagoe, 2023-04-28

The contradictory nature of the work of Benito Pérez Galdós Spain's greatest modern novelist is brought to the fore in Catherine Jagoe's innovative and rigorous study Revising commonly held views of his feminism she explores the relation of Galdós's novels to the woman question in Spain arguing that after 1892 the muted feminist discourse of his early work largely disappears While his later novels have been interpreted as celebrations of the emancipated new woman Jagoe contends that they actually reinforce the conservative bourgeois model of frugal virtuous womanhood the angel of the house Using primary sources such as periodicals medical texts and conduct literature Jagoe's examination of the evolution of feminism makes *Ambiguous Angels* valuable to anyone interested in gender culture and narrative in nineteenth century Europe The contradictory nature of the work of Benito Pérez Galdós Spain's greatest modern novelist is brought to the fore in Catherine Jagoe's innovative and rigorous study Revising commonly held views of his feminism she explores the relation of Galdós's

Literature and Money, 2023-12-18 At a time when the dull rationality of the money calculus seems to be making ground in every sphere it is perhaps opportune to reopen the question of literature and its relations with a rationality defined according to the logic of economic exchange what kinds of value flow from such a rationality and what possibilities of resistance are there if we happen not to like the model and its more rebarbative ideological implications Historically attempts

to reduce the richness of human exchange to utilitarian or economic paradigms have met with counter cultural expressions of dissent and defiance And yet the search for an authentic community outside the reifications and repressions of economic exchange presents its own ambiguities and pitfalls since the attempt to ground value in other spheres can function ideologically to secure and legitimize the very values it seeks to oppose This is especially true in literature and other expressions of high culture where mobilizations of the aesthetic or the textual as a site of resistance to economic hegemony are frequently recuperated in advance by the dominant discourse The essays collected here tend then to explore in various ways not only the ideological implications of literary or more broadly cultural representations or constructions of economic exchange but also the often complex mediations that such constructions enter into with different kinds of oppositional discourse

Conflicts and Conciliations Geoffrey Ribbans,1997 Between 1881 and 1897 Benito P rez Gald s generally acknowledged as Spain s greatest nineteenth century novelist composed some twenty contemporary novels which Geoffrey Ribbans characterizes as the peak of his achievement This monumental study traces the evolution of the many strands that make up one of them the long and complex novel *Fortunata y Jacinta* Ribbans examines the various stages of composition not only the earlier reconstructed Alpha version but also subsequent revisions in the much corrected handwritten text and in the printer s galleys He treats these tentative drafts as part of the process of reaching out toward the coherent definitive text Ribbans s analysis of such devices as the ambiguous role of the narrator the use of free indirect style and direct dialogue and the construction of distinctive ideolects leads to the heart of his study the development of Gald s s characters

Visions of Filth Teresa Fuentes Peris,2003-01-01 This book explores how notions of deviancy and social control are dramatized in the novels of the late nineteenth century Spanish realist author Benito P rez Gald s Gald s s treatment of prostitutes alcoholics beggars and vagrants is studied within the context of the socio cultural and medical debates circulating during the period Drawing on Foucault s very specific conceptualization of the idea of control through discourses the book analyzes how Gald s s novels interacted with contemporary debates on poverty and deviancy notably discourses on hygiene domesticity and philanthropy It is proposed that Gald s s view of marginal social groups was much more open minded shrewd and liberal than the often inflexible pronouncements made by contemporary professional voices
