Essential Opening Moves

The in-depth guides to powerful opening repertoires from the  
world's leading writer on chess openings

**Eric Schiller**

# Gambit Opening Repertoire For White

**Or Cohen**

## **Gambit Opening Repertoire For White:**

**Gambit Opening Repertoire for White** Eric Schiller,1998-03 Chess players who enjoy attacking from the very first move are rewarded here with a powerful repertoire of brilliant gambits that sacrifice an early pawn in return for rapid development and greater control over the center A Simple Chess Opening Repertoire for White Sam Collins,2016-06-03 By carefully choosing variations that lead to similar structures IM Sam Collins has put together a powerful repertoire book ideal for players with limited study time White opens with 1 e4 and develops his pieces to natural squares seeking open lines and the initiative The dominant theme of this sound and active repertoire is that where reasonable White seeks out Isolated Queen Pawn IQP positions i e with the c3 Sicilian Panov Caro Kann Tarrasch French and the Italian Game with early c3 and d4 There are no speculative gambits here just plenty of healthy aggression and new ideas Because so many of Collins s recommendations lead to familiar structures ideas can easily be transplanted from one opening to another He gives illustrative games that emphasize the key themes including White s many opportunities to forcibly weaken and attack the black king The specific analysis is up to the minute and features ideas that have proven their worth in grandmaster practice Throughout there is attention to move order subtleties with clever nuances in sidelines that your opponents are unlikely to have examined in detail Irish international master Sam Collins won the championship of his home country in 2002 and 2014 He has represented Ireland in numerous Olympiads winning an individual gold medal at Bled in 2002 He is also an experienced chess teacher who has lectured at the Berkeley Chess School in California His previous books for Gambit were Chess Explained The c3 Sicilian and the highly successful general opening work Understanding the Chess Openings **Gambit Openings Repertoire For Black** Eric Schiller,1998-03 In most chess games white has the privilege of attacking first but there are ways for black to turn the tables right from the start In this exciting repertoire of gambits black immediately seizes the initiative from White s hands and begins powerful attacks **A Cunning Chess Opening Repertoire for White** Graham Burgess,2013 A good opening repertoire need not require an enormous amount of study to be highly effective A cunning choice of lines and move orders can steer the game to positions that we like and deny the opponent his preferred strategies In this book highly experienced chess opening writer Graham Burgess presents a repertoire based on 1 d4 and Nf3 with precisely those aims Black s possibilities for counterplay and sharp gambit play are kept to a minimum Our aim is to give Black exactly the type of position he doesn t want If he is seeking blocked positions with pawn chains we ll keep the game fluid If he wants complex strategy we ll attack him with simple piece play Simplifications No thanks we ll keep the pieces on and intensify the battle Gambits Hardly as we simply prevent most of them The main cornerstones of the repertoire are carefully chosen Queen s Gambit lines the Torre Attack vs e6 and a variety of fianchetto options against the King s Indian and related set ups White s position is kept highly flexible with many possible transpositions to a wide variety of systems that the reader can use to

extend and vary the repertoire The book features a wealth of new ideas and original analysis FIDE Master Graham Burgess is Gambit s Editorial Director and one of the founders of the company He holds the world record for marathon blitz chess playing and lives in Minnesota This is his 23rd chess book Gambiteer I Nigel Davies,2007 In his two volume Gambiteer series opening expert Nigel Davies produces a complete opening repertoire which is certainly not for the faint hearted uncompromising and wild attacking ideas for both colours This first volume deals with a gambit style approach for White the second volume will concentrate on an ambitious black repertoire All of the opening lines Davies advocates in this book lead to positions of open warfare where sharp tactical play completely dominates dreary positional subtleties A complete opening repertoire for White A feast of blood thirsty chess Ideal for the attack minded player *Opening Repertoire* Damian Lemos,2019-08 A repertoire for White in the Queen s Gambit one of the most famous chess openings The Queen s Gambit enjoys a long and illustrious past It has been played by virtually all the strongest grandmasters in the history of chess and today it remains a popular choice for players of all levels **Gambiteer** Nigel Davies,2017-04 In this two volume book published together for the first time opening expert Nigel Davies produces a complete repertoire which is certainly not for the faint hearted uncompromising and wild attacking ideas for both colours The first volume deals with a gambit style approach for White the second volume concentrates on an ambitious Black repertoire All of the opening lines Davies advocates in Volume 1 lead to positions of open warfare where sharp tactical play completely dominates dreary positional sacrifices In Volume 2 Davies produces an ambitious and uncompromising repertoire for Black His two main choices are the Albin Counter Gambit and the Schlieman Gambit the pick of the crop having been tried and tested by some of the World s most inventive players Nigel Davies is both an experienced Grandmaster and chess trainer A former British Open Quickplay Champion is the author of several successful chess books including *The Tropowsky* and highly acclaimed *Play 1 e4 e5* both published by Everyman Chess Queens Gambit Playbook Tim Sawyer,2017-09-16 *Queens Gambit Playbook 1 d4 d5 2 c4* is a simple solution to your chess opening repertoire for White This Playbook gives you a way to play against the Black responses of 2 e6 2 c6 2 dxc4 2 e5 2 Nc6 2 Nf6 2 Bf5 2 c5 The *Queens Gambit Playbook* makes preparation easy You do not need to memorize complicated variations This repertoire chooses the exchange variations 3 cxd5 whenever possible White has solid classical development that avoids the sharpest variations in favor of solid lines You get a consistent plan with 200 diagrams and hundreds of additional suggested moves Most of the time White develops the dark squared bishop with Bg5 or Bf4 and Nf3 The repertoire follows repeatable sound choices *Queens Gambit Playbook* resembles the London System except White has an open c file The *Queens Gambit Exchange Variation* has the same pawn structure for White that Black has in a *Caro Kann Exchange Variation* In the *Queen Gambit Playbook* you are up a tempo as White This Playbook is a tool to help you prepare to play your openings The 200 diagrams in this playbook cover the variations that you are most likely to face It s White s move in every diagram Reasonable moves for White follow with suggested continuations Be prepared Complete

Defense to Queen Pawn Openings Eric Schiller, This aggressive counterattacking repertoire covers Black opening systems against virtually every opening except for 1 e4 plus most flank games based on the exciting and powerful Tarrasch Defense which helped win Kasparov and Spassky championships Black learns the Classical Tarrasch Symmetrical Tarrasch Asymmetrical Tarrasch Marshall and Tarrasch gambits and Tarrasch without Nc3 to achieve early equality or even an outright advantage in the first few moves This is an important opening book for aggressive players looking for an edge 288 pages

**Encyclopedia of Chess Wisdom, 2nd Edition** Eric Schiller, 2003-04 From opening middlegame and endgame strategy to psychological warfare and tournament tactics you are taken through the thinking behind each essential concept Examples discussions and diagrams show the full impact on the game's direction Tons of diagrams examples sidebars and sample games illustrate the concepts making this book easy to read and a joy for players looking to delve deeper into the mysteries of chess and become a better player Called one of the ten best chess books ever written readers will learn the thinking and concepts behind every aspect of a chess game An absolute must for players who love the game of chess 432 pages

**My First Chess Opening Repertoire for Black** Vincent Moret, 2017-09-28 Every chess player needs to decide which openings he or she is going to play But where do you start The risk of drowning in the turbulent sea of chess opening theory is only too real for beginning amateurs Often your goals and ambitions will be misguided If you are trying to win in 20 moves copy what's in fashion among top GM's or memorize variations you are wasting your time Most likely you will never get to play your preparation and end up aimlessly switching from one opening to the other After the success of his volume for White experienced French chess trainer Vincent Moret now provides a complete ready to go chess opening repertoire for Black It consists of a sound set of lines that do not outdate rapidly do not require memorization and are easy to digest for beginners and post beginners To show the typical plans and the underlying ideas in the various lines of his repertoire Moret not only selected games of Grandmasters He also uses games of young improving players to highlight the errors they tend to make

**My First Chess Opening Repertoire** Christof Sielecki, 2024-10-10 In My First Chess Opening Repertoire you will learn how to play the opening This book gives you a compact and easy to learn repertoire for White starting with the move 1 e4 And it gives you a similar repertoire for Black with answers to all of White's approaches For beginners and improvers for anyone with a rating up to 1200 or even higher there is probably no better guide than Christof Sielecki who has already published four opening books and more than a dozen courses on the Chessable platform He knows exactly what his students need and has indeed received thousands of five star ratings The author strikes the perfect balance between fun easy to understand and theoretically sound opening choices And he keeps it entertaining with attacking and counterattacking lines First you'll learn the general opening principles that will guide you in any situation even if your opponent doesn't play the exact moves in the book Then you'll learn specific variations that will improve both your opening play and your general understanding of chess With White you will start with 1 e4 and build your repertoire around timeless opening principles with

logical moves that almost play themselves With Black for example you will study the Sicilian Defence an opening that guarantees you the most interesting games and the most attacking opportunities This repertoire will allow you to hit the ground running

*Modern Chess Opening Repertoire for White* James Rizzitano, 2021-11 James Rizzitano's goal in this book is to provide you with a one volume theoretically sound dynamic opening repertoire beginning with 1 e4 Studying the choices of the current top players he identifies these secrets of their success Play openings where you have a relatively safe king Take the bishop pair in a semi open position if it is offered to you Avoid creating unnecessary weaknesses in your own position Accept questionable gambits and material sacrifices Absorb any space advantage conceded by the opponent His choice of lines to recommend is based on these principles and supported by detailed work with the current top computer engines While serious work on chess openings confirms the basic truth that White can't simply force a large advantage from the start position we can greatly narrow Black's path to safety and tilt the practical struggle in our favour To have a chance of half a point our opponents will need to solve difficult tactical and strategic problems deep into the middlegame The main lines recommended are Giuoco Piano via Bishop's Opening move order Modern Advance Caro Kann Tarrasch French Rossolimo and Moscow Sicilians and 2 e6 3 c3 Traditional main lines vs Scandinavian and Alekhine Tricky piece play options against the Pirc and Modern International Master James Rizzitano dominated New England chess from 1976 to 1989 winning 157 of 336 events in which he competed His career highlights include victories over Alburt Benjamin Benko Christiansen Dlugy I Gurevich and Wolff In more recent years Rizzitano made a return to competitive chess and has written five books for Gambit including How to Beat 1 d4 and Play the Najdorf Sicilian

**A Strategic Chess Opening Repertoire for White** John L. Watson, 2012 Such has been the acclaim for John Watson's ground breaking works on modern chess strategy and his insightful opening books that it is only natural that he now presents a strategic opening repertoire It is the chess player's holy grail a flexible repertoire that gives opponents real problems but doesn't require masses of memorization or continual study of ever changing grandmaster theory While this book can't quite promise all of that Watson offers an intriguing selection of lines that give vast scope for over the board creativity and should never lead to a dull draw The repertoire is based on 1 d4 and 2 c4 following up with methodical play in the centre Watson uses his vast opening knowledge to pick cunning move orders and poisonous sequences that will force opponents to think for themselves providing a true test of chess understanding Throughout he discusses strategies for both sides so readers will be fully ready to pounce on any inaccuracies and have all the tools to decide on the most appropriate plans for White

**A Vigorous Chess Opening Repertoire for Black** Or Cohen, 2014-05-22 In amateur chess games the most popular opening move for White is 1 e4 and the most reliable reply for Black is 1 e5 says FIDE Master Or Cohen In this book Cohen has created a vibrant and robust opening repertoire for Black after 1 e5 based on the Petroff Defence Cohen presents inventive ways for Black to fight for the initiative in this dependable opening He covers the entire spectrum the main variations as well as the most unexpected and bizarre sidelines

In case White does not allow the Petroff Cohen offers a set of recommendations for Black that is no less important and principled his repertoire against the Vienna and the King's Gambit for example is new and explosive Most amateur White players faced with the Petroff will think that they will have an easy time based on the peaceful reputation of this great opening among top grandmasters Black players who have studied Or Cohen's book will make their life quite miserable

**Better Chess Openings** Jef Kaan, 2014-11-19 New edition Based on latest top chess programs based on neural networks 2024 The book contains an overview selection and improvement of chess openings both for post beginners and intermediate players up till advanced level Including a unique and timeless repertoire carefully selected for home player level 1 e4 and or more advanced chess club players For the latter in addition to a second more in depth repertoire with 1 e4 an optional repertoire is given with 1 d4 besides some gambits or general opening systems as well The most suitable opening moves were selected by thorough analysis to build up a rock solid B W repertoire for two categories of players Not only mentioning of the opening names but also of most sub variations Compared with up to date opening books and actual GM games Many diagrams to enhance memorization and understanding An ideal study guide and only opening book most chess players ever need until master level     Standard Chess Openings Eric Schiller, 1998 The new definitive standard on opening chess play this all inclusive guide covers every important chess opening and variation ever played with an exhaustive total referencing more than 1 000 openings and variations A powerful tool showing the insights concepts and thinking behind each opening this is a serious reference work for both beginning and intermediate players     **Hypermodern Opening Repertoire for White** Eric Schiller, 1999     *World Champion Openings* Eric Schiller, 1997
