together around a common cause Whether everyone already knows each other or most people will need to be introduced this is a great time to gather around a common cause that doesn't happen every day Welcoming a new baby into the world is an important milestone in many people's lives so it's also important to take the time to celebrate and acknowledge this event

EXCERPT FROM THE BOOK Unless it is a surprise baby shower you may find it helpful to consult with the mother to be If you do not want to bother her get together with her close friends and family members such as her husband sister or best friend You probably already have a good sense of what the mother to be prefers for her shower but talking to her directly or polling some of her close friends will probably reveal preferences that you were not already aware of When you are not pregnant it can be hard to remember all the seemingly innocuous things that are dangerous for pregnant women Make sure to double check all your refreshments so that the mother to be can indulge freely and without guilt No alcohol is an obvious choice Even if the guests can still drink alcohol you don't want the mother to be feeling awkward and left out There are other foods that a pregnant mother should avoid including most types of fish undercooked meat deli meat soft cheeses unwashed vegetables and unpasteurized milk All these foods may contain bacteria mercury or other substances that could run the risk of harming the unborn baby Keep the sushi brie cheese and deli meat trays away from this party Buy a copy to keep reading
