***Chinatown Gangs*** Ko-lin Chin, 2000-02-10 In *Chinatown Gangs* Ko-lin Chin penetrates a closed society and presents a rare portrait of the underworld of New York City's Chinatown. Based on first-hand accounts from gang members, gang victims, community leaders, and law enforcement authorities, this pioneering study reveals the pervasiveness, the muscle, the longevity, and the institutionalization of Chinatown gangs. Chin reveals the fear gangs instill in the Chinese community. At the same time, he shows how the economic viability of the community is sapped and how gangs encourage lawlessness, making a mockery of law enforcement agencies. Ko-lin Chin makes clear that gang crime is inexorably linked to Chinatown's political economy and social history. He shows how gangs are formed to become equalizers within a social environment where individual and group conflicts, whether social, political, or economic, are unlikely to be solved in American courts. Moreover, Chin argues that Chinatown's informal economy provides yet another opportunity for street gangs to become providers or protectors of illegal services. These gangs, therefore, are the pathological manifestation of a closed community, one whose problems are not easily seen and less easily understood by outsiders. Chin's concrete data on gang characteristics, activities, methods of operation, and violence make him uniquely qualified to propose ways to restrain gang violence. *Chinatown Gangs* closes with his specific policy suggestions. It is the definitive study of gangs in an American Chinatown.

***A Man Set Free*** John Butterworth, 2004 Fiery preachers have said for ages that God can reach into the deepest depth of the dregs of society to rescue and restore even the vilest of human creatures. That seemed to pretty well define the man known to the California Prison System as Ricardo Fuentes. He grew up fast and hard in San Pedro Sula, the second largest city in Honduras, drinking and fighting his way through the teen years. When he killed a man in a late-night knife fight, Fuentes fled his native land only to find himself living behind bars of California prisons for charges of attempted murder and armed robbery after being set up by a crime partner in an act of revenge. God's faithfulness to answer the prayers of the Christian woman he'd left behind in Honduras reached through prison walls and cell bars to draw the heart of a hardened man to a new life, one that God promised would bring him before multitudes of people to testify about the work of the risen Lord Jesus Christ when he died on a cross two thousand years ago. That new life would prove to be the end of Fuentes' search for meaning. Lying in a pool of his own blood, it would also prove to be one that taught him how his victims felt when they faced danger from the muzzle end of his firearms.

***Free Lunch*** David C. Johnston, 2007 Bestselling author and acclaimed journalist Johnston shows how for the past three decades the government began to offer favorable treatment to certain groups. But for every subsidy and regulatory change that helps one person, another pays the price.
