*Proceedings* ,1973      *The Ethics of Corporate Conduct* ,1978      **Making History / Making Blintzes** Mickey Flacks,Dick Flacks,2018-10-31 Making History Making Blintzes is a chronicle of the political and personal lives of progressive activists Richard Dick and Miriam Mickey Flacks two of the founders of Students for a Democratic Society SDS As active members of the Civil Rights movement and the anti Vietnam War movement in the 1960s and leaders in today s social movements their stories are a first hand account of progressive American activism from the 1960s to the present Throughout this memoir the couple demonstrates that their lifelong commitment to making history through social activism cannot be understood without returning to the deeply personal context of their family history of growing up Red Diaper babies in 1950s New York City using folk music as self expression as adolescents in the 1960s and of making blintzes for their own family through the 1970s and 1980s As the children of immigrants and first generation Jews Dick and Mickey crafted their own religious identity as secular Jews created a critical space for American progressive activism through SDS and ultimately found themselves raising an American family      *Professional Journal of the United States Army* ,1974      Looking Good and Doing Good Jerome L. Himmelstein,1997-05-22 Political controversy is a lens through which the author examines corporate philanthropy He explains why corporate philanthropy has become politicized how corporations respond to controversy about their donations and what the conflicts tell us about corporate philanthropy and corporate politics Himmelstein argues that corporate giving sometimes becomes politicized because it is inherently a complex social and political act Drawing on in depth interviews with managers at fifty five of the largest corporate giving programs in the U S Himmelstein shows that corporate giving often finds itself as one manager put it locked in a struggle between looking good and doing good Back cover      **Quarterly Review of Military Literature** ,1974      *The New Corporate Philanthropy* Frank Koch,2012-12-06 Somehow it surprises me that this book wasn t written earlier but I m glad it wasn t If it had been Frank Koch probably wouldn t have sensed the vacuum that has existed and this practical book wouldn t have come to be I d like to stress practical The book describes in a comprehensive and more importantly practical way how every corporation can marshal its financial support employee talents and other resources to make a meaningful impact on society I happen to be one of those corporate executives who believes that a business has a responsibility to make such an impact My brother Peter agrees Our father and uncle set an example for us and the tradition goes back to our great uncles and their uncle Levi Strauss himself For more than 125 years Levi Strauss Co has shown that social responsibility is good business and in recent years that it is also compatible with dynamic growth We are proud of that tradition and what it produced but I think the modern era of social responsibility or corporate citizenship at Levi s got its impetus in 1968 with my association with the National Alliance of Businessmen It was there that I saw what other companies were doing innovative ways to train to transport to provide jobs It opened my eyes to areas in which business could become involved areas I never before thought of as business responsibilities

even areas where it could have an impact
