Fuzzy Four-footed Folks Ada May Krecker,1902 **Highbrow, Lowbrow, Brilliant, Despicable** The Editors of New York Magazine,2017-11-07 New York the city New York the magazine A celebration The great story of New York City in the past half century has been its near collapse and miraculous rebirth A battered town left for dead one that almost a million people abandoned and where those who remained had to live behind triple deadbolt locks was reinvigorated by the twinned energies of starving artists and financial white knights Over the next generation the city was utterly transformed It again became the capital of wealth and innovation an engine of cultural vibrancy a magnet for immigrants and a city of endless possibility It was the place to be if you could afford it Since its founding in 1968 New York Magazine has told the story of that city s constant morphing week after week Covering culture high and low the drama and scandal of politics and finance through jubilant moments and immense tragedies the magazine has hit readers where they live with a sensibility as fast and funny and urbane as New York itself From its early days publishing writers like Tom Wolfe Jimmy Breslin and Gloria Steinem to its modern incarnation as a laboratory of inventive magazine making New York has had an extraordinary knack for catching the Zeitgeist and getting it on the page It was among the originators of the New Journalism publishing legendary stories whose authors infiltrated a Black Panther party in Leonard Bernstein s apartment introduced us to the mother daughter hermits living in the dilapidated estate known as Grey Gardens launched Ms Magazine branded a group of up and coming teen stars the Brat Pack and effectively ended the career of Roger Ailes Again and again it introduced new words into the conversation from foodie to normcore and spotted fresh talent before just about anyone Along the way those writers and

their colleagues revealed what was most interesting at the forward edge of American culture from the old Brooklyn of Saturday Night Fever to the new Brooklyn of artisanal food trucks from the Wall Street crashes to the hedge fund spoils from The Godfather to Girls in ways that were knowing witty sometimes weird occasionally vulgar and often unforgettable On The Approval Matrix the magazine's beloved back page feature New York itself would fall at the crossroads of highbrow and lowbrow and more brilliant than despicable Most of the time Marking the magazine's fiftieth birthday Highbrow Lowbrow Brilliant Despicable 50 Years of New York draws from all that coverage to present an enormous sweeping idiosyncratic picture of a half century at the center of the world Through stories and images of power and money movies and food crises and family life it constitutes an unparalleled history of that city's transformation and of a New York City institution as well It is packed with behind the scenes stories from New York's writers editors designers and journalistic subjects and frequently overflows its own pages onto spectacular foldouts It's a big book for a big town *Little Brother of the Hudson* James Andrew Braden, 1928 **War of the Words** Craig R. Myers, 2006-10-27 Journalists should avoid clichés but they are just too useful A picture is worth 1 000 words and in the case of the 38 Gulf Breeze UFO photos shot by Ed Walters in 1987 1988 millions of them weird angry hilarious and profound words Words by Dave Barry Mike Royko and Fox Mulder Words on Unsolved Mysteries and Oprah With the 20th anniversary approaching I think about another cliché with a twist Truth is funnier than fiction As a reporter in Pensacola Fla I found myself in a War of the Words TV networks flocked to town Believers and Debunkers battled over Ghost Demon photos and Army deserters arrived in search of the Second Coming With the mayor and police chief on one side and community leaders and the local paper on the other I went looking for the last word on the subject I found a spaceship REVIEW Millions of Americans believe that we are regularly visited by beings from outside the Earth and many are sure they have seen UFOs and even see them regularly Craig R Myers has not only seen one but he has held it in his hand This was in Florida in the middle of the famous Gulf Breeze UFO mania of twenty years ago and the UFO which he had himself captured was of distinctly terrestrial origin but it had been made by the hoaxer who had sparked the Gulf Breeze sightings There are plenty of books to tell you where UFOs come from how we can invite more of them and what to do when one captures you War of the Words The True but Strange Story of the Gulf Breeze UFO Xlibris probably won't match sales of many of those other books but it is shocking and revelatory in its own way It is impossible to argue of course that since this episode was a hoax all UFO sightings are hoaxes and those who sight them are being fooled but Myers has given a story with a skeptical bent that indicates the most useful way to regard such phenomena It is a funny book it even includes Dave Barry's amusing column about his own visit to Gulf Breeze and his investigation of the mania It is however a serious report by a journalist who covered the story at the time skeptics ought to enjoy it and True Believers ought to learn from it Woodward and Bernstein got the story of their lifetimes because they happened to be in the right place and time Not every journalist's story of a lifetime has such national implications but Myers is grateful that he was around for what

he calls the most interesting frightening and funny story of my at that time short career Maybe this was just in contrast to his usual beat for the Pensacola News Journal where he reported upon what the county commissioners and the utility authority were up to A rival paper The Gulf Breeze Sentinel published anonymously submitted photographs of a UFO in November 1987 but they were not the first UFOs seen in the area Gulf Breeze is directly in the flight path of an airport and is near a naval air station and an Air Force base so that there are plenty of lights in the sky In such a locale if you are of a mind to be fooled by a mysterious light says Myers it is quite simple to let yourself think that this is something besides an earthly craft Indeed on any clear night the Gulf Breeze Research Team might be out doing what it called a Skywatch excitedly whispering to each other Do you see that one So some Sentinel readers were already primed when the paper published a picture of a classic flying saucer Myers says there are two ways a paper can report on UFOs One is to report on the broad phenomenon of UFO sightings and the other is to report UFO sightings as frequently and with as little confirmation and editing as it publishes engagements weddings births Optimist Club donations honor rolls obits and arrests He does not crow too much that his Journal chose the former while the Sentinel chose the latter
