## Gabriel Celaya:

**Poetry of Gabriel Celaya** Gabriel Celaya, 1991      **The Poetry of Gabriel Celaya** Gabriel Celaya, 1984 An introduction to and a translation of a selected body of poetry by the contemporary Spanish Basque poet Gabriel Celaya who writes of the implications for mankind of the end of the duelist paradigm In his late work shaped by his interest in contemporary physics Celaya articulates a posthumanist understanding of nature      **The Poetry of Protest Under Franco** Eleanor Wright, 1986 Published by Boydell Brewer Inc      *Culture in Exile* Elisenda Marcer, 2024-12-03 This edited book breaks new ground by bringing together research on inner and territorial exile in the context of National Socialism in Germany and the Franco regime in Spain and in proposing an integrated model of exilic cultural production Original contributions explore previously neglected aspects of the inner and territorial exile cultures focusing on the specificity of the national settings including Catalonia whilst also seeking to place research findings within a conceptual framework of exile which views the experiences and cultural manifestations of inner and territorial exiles not as polar opposites but as interactions of response to fascist dictatorship This book will be of interest to scholars and students of German Studies Hispanic Studies comparative literary and cultural studies and modern history more broadly      *The Poetry of Gabriel Celaya* Sharon Keefe Ugalde, 1973      *The Post-civil War Spanish Social Poets* Santiago Daydí-Tolson, 1983      **Old Spain and New Spain** David Henn, 2004 This is the first book length study of the six travel narratives published by the 1989 winner of the Nobel Prize for Literatures Preliminary chapters focus on technical and thematic aspects of travel writing and on the author's approach to the genre Celaya's travel works which appeared between 1948 and 1986 are examined in turn with a focus on the construction of the narratives and also on the themes that are developed in each of them There is an assessment of the author's treatment of topographical cultural historical and social material in his accounts of the journeys he made through various areas and regions of Spain as well as a consideration of the way in which these narratives reflect changes taking place in Spain during the Franco regime and in the decade following the dictator's death David Henn teaches modern Spanish fiction drama and travel literature at University College London      *The Poetry of Gabriel Celaya* Zelda Irene Brooks, 1986 Innovative socio philosophical interpretation of the poetry of Gabriel Celaya renowned poet personally known by the author      Spanish Poetry of the Twentieth Century Andrew Debicki, 2021-12-14 Twentieth century Spanish poetry has received comparatively little attention from critics writing in English Andrew Debicki now presents the first English language history published in the United States to examine the sweep of modern Spanish verse More important he is the first to situate Spanish poetry in the context of European modernity to trace its trajectory from the symbolists to the postmodernists Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject He demonstrates that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of

complex experiences He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern especially the poetics of text as process rather than as product By centering his study on major periods and examining within each the work of poets of different ages Debicki develops novel perspectives The late 1960s and early 1970s for example were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound intertextual and often self referential lyricism This book will be essential reading for specialists in modern Spanish letters for advanced students and for readers interested in comparative literature

### **The Last Survivor**

Ferran Gallego, Francisco Morente, 2018-09-01 This book proposes an interpretation of Francoism as the Spanish variant of fascism Unlike Italian fascism and Nazism the Franco regime survived the Second World War and continued its existence until the death of dictator Francisco Franco Francoism was therefore the Last Survivor of the fascisms of the interwar period And indeed this designation applies equally to Franco The work begins with an analysis of the historical identity of Spanish fascism constituted in the process of fascistization of the Spanish right during the crisis of the Second Republic and consolidated in the formation of the fascist single party and the New State during the civil war Subsequent chapters focus on various cultural and social projects the university political cultural journals the Labor University Service local policies and social insurance that sought to socialize Spaniards in the political principles of the Franco regime and thereby to strengthen social cohesion around it Francoism faced varying degrees of non compliance and outright hostility expressed as different forms of cultural opposition to the Franco regime especially in the years of its maturity decades of the fifties and sixties from Spaniards both inside Spain and in exile Such opposition is explored in the context of how the regime reacted via the social cultural and economic inducements at its disposal The editors and contributors are widely published in the field of Spain of the Second Republic the civil war and the Franco dictatorship Research material is drawn from primary archival sources and provides new information and new interpretations on Spanish politics culture and society during the dictatorship

### Avantgarde und Komik, 2016-08-22 Zwischen dem Komischen und dem

Avantgardistischen gibt es Parallelen die bislang kaum von der Forschung gewürdigt wurden in diesem Band aber erstmals im Mittelpunkt stehen In 19 Beiträgen werden strukturelle konzeptionelle und personelle Beziehungen zwischen den beiden scheinbar gegensätzlichen Phänomenen an repräsentativen Beispielen aus der französischen italienischen spanischen deutschen und niederländischen Literatur vom Ende des 19 bis zum Ende des 20 Jahrhunderts untersucht Die Beiträge reichen von der italienischen Scapigliatura über Futurismus Dadaismus Expressionismus und Surrealismus bis hin zu Pataphysik Oulipo und neoavantgardistischen Texten Auf diese Weise kommen Autoren Bewegungen und Aspekte die bisher zu wenig beachtet wurden in den Blick bekannte erscheinen in neuem Licht und auch die beiden Begriffe Avantgarde und Komik gewinnen an Schärfe Denn weder ist der avantgardistische Impuls auf die sogenannten historischen Avantgarden zu

beschränken noch verbleiben komische Verfahren im Harmlosen Beide überschreiten Grenzen die es ständig neu zu reflektieren gilt
