**Maigret's World** Murielle Wenger, Stephen Trussel, 2017-09-13 Georges Simenon's 75 novels and 28 short stories that feature Chief Inspector Jules Maigret provide us with a great deal of information about the French police detective but only in small episodic doses. As readers become acquainted with Maigret one detail at a time he slowly takes on a flesh and bone realism not merely a character in a story but someone we would like to meet in real life. This book presents all the canonical facts and details about the detective and his world in one place presented with tabulations and analyses that enable a better understanding of the works and of Maigret himself.

In these two ways the land forged a very distinctive identity a fluid blend of diverse communities which make up a nation of marginal cosmopolitans a paradox illuminated in this book. This fifth edition of Historical Dictionary of Niger contains a chronology an introduction and an extensive bibliography. The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture.
