Ganadharavada The Essentials Of Bhagvan Mahavira`S Philosophy Acarya Vijay Bhuvanbhanusuri,1990-05-31 The Ganadharvad is a philosophical work in which there are profound discussions of eleven salient doctrines In each of the discussions one vital Tattva is taken up and Lord Mahavir discusses it in great detail and clears the doubt of each Ganadhar with the result that each Ganadhar is fully convinced of the truth of the Lord s argument and becomes his disciple This book has been written so that people may read it and understand the meaning of the tattvas relating to the soul the karmas the five elements next birth bondage deliverance etc and so that they may realise the true phenomenon of this Universe may cultivate the trust and may make endeavours to attain the liberations from samsar **Jaina Yoga** Robert Williams,1991-01-01 This book describes what the Jainas considered to be the way of life proper to a layman It attempts to examine the contents of the principal Jaina Sravakacaras As these texts are not well known and often not easily accessible some information about A Comparative Study of the Jaina Theories of Reality and Knowledge Y. J. Padmarajiah,1986 An attempt to determine the meaning and contents of the notion of dravya and distinguish between the two concepts of guna and paryaya Cursorily also discusses notions of reativity continuity divisibility and negation It presents an analytical account and a critical estimation of the methods of knowledge with an investigation into the nature and the logical evolution of the theory of manifoldness anekantavada The work has aimed throughout at a comparative treatment of the problems Effort has been made to avoid strained and far fetched comparisons and contrasts and to treat criticisms and controversies in a constructive spirit □□□□□□□□□□ Piotr Balcerowicz,2003-01-01 The present collection of Essays in Jain Philosophy and Religion contains contributions of world acclaimed scholars in jain studies As a through and critical research work in the field of Jaina exploration of the history and background of the exchange of ideas between the Jainas and other systems of thought in India the book will prove to be a rare document Each of the four main sections of the present volume pertains to an important aspect within Jaina studies *Jain Journal* ,1991 Brahmavidyā ,1989 Includes text and translations of manuscripts found in the library Glory of India ,1986 *The Concept of Divinity in Jainism* Pukhraj Ajay Kothari,2000 *Indian Books in Print* ,2003 International Books in Print ,1997 **Journal** Asiatic Society of Bombay,1979 **Journal of the Asiatic Society of Bombay** Asiatic Society of Bombay,1977 Vol 1 new ser v 7 include the society s Proceedings for 1841 1929 title varies Jaina Ontology Krishna Kumar Dixit,1971 Studies on the Carvaka/Lokayata Rāmākṛṣṇa Bhaṭṭācārya,2011 Studies on the Carvaka Lokayata is the first attempt at a scientific study of the Carvaka Lokayata the materialist system of philosophy that flourished in ancient India between the eighth and twelfth centuries CE and which has since disappeared Despite the paucity of material relating to the Carvaka a reconstruction of its basic tenets reveals it to be the lone contender standing against the perceived binary of pro Vedic Brahminical schools on the one hand and the non Vedic Buddhist and Jain schools on the other This study seeks to disprove certain notions about the Carvaka

Lokayata particularly that the Carvaka s did not approve of any instrument of cognition other than perception and that they advocated unalloyed sensualism and hedonism In contrast this volume offers evidence to show that the Carvaka s despite their difference of opinion in other areas did admit inference in so far as it was grounded on perception Furthermore the author argues that the common belief that all materialists are nothing but sensualists is a misconception as no authentic Carvaka aphorisms have been cited by the movement s opponents to support this view This study also seeks to establish the fact that a pre Carvaka school of materialism existed in India although there is no way to prove that the Carvaka system grew out of it Yet if the evidence provided by the Manimekalai and indirectly supported by the Mahabharata is admitted it could be suggested that the two schools existed simultaneously
