Ganges In Myth And History:

The Ganges in Myth and History Steven G. Darian, 2001-01-01 No river has kindled Man's imagination like the Ganges. From its icy origins high in the Himalayas this sacred river flows through the holy cities and the great plains of northern India to the Bay of Bengal. In a country where the red heat of summer inspires prayer for the coming monsoon, the life-giving waters of the Ganges have assumed legendary powers in the form of the Hindu goddess Ganga, the source of creation and abundance. Pilgrims flock to her shores to cleanse and purify themselves, to cure ailments and to die that much closer to paradise. Steven Darian writes of the human experience and the legendary myths that surround the Ganges. While collecting material for this book, Dr Darian lived by the Ganges, explored her shores and was a pilgrim to the Ganga Sagar festival at Sagar Island off Calcutta where the sacred river and the ocean merge. **Birth of a Colonial City** Ranjit Sen, 2019-03-04 Long before Calcutta was discovered by Job Charnock, it thrived by the Hugli since times immemorial. This book and its companion *Colonial Calcutta* is a biographical account of the when, the how and the what of a global city and its emergence under colonial rule in the 1800s. Ranjit Sen traces the story of how three clustered villages became the hub of the British Empire and a centre of colonial imagination. He examines the historical and geopolitical factors that were significant in securing its prominence and its subsequent urbanization, which was a colonial experience without an antecedent. Further, it sheds light on Calcutta's early search for identity, how it superseded interior towns and flourished as the seat of power for its hinterland, developed its early institutions while its municipal administration slowly burgeoned. A sharp analysis of the colonial enterprise, this volume lays bare the underbelly of the British Raj. It will be of great interest to scholars and researchers of modern history, South Asian history, urban studies, British Studies and area studies. [A History of Bangladesh](#) Willem van Schendel, 2009-02-12 Bangladesh is a new name for an old land whose history is little known to the wider world. A country chiefly famous in the West for media images of poverty, underdevelopment and natural disasters, Bangladesh did not exist as an independent state until 1971. Willem van Schendel's history reveals the country's vibrant, colourful past and its diverse culture as it navigates the extraordinary twists and turns that have created modern Bangladesh. The story begins with the early geological history of the delta, which has decisively shaped Bangladesh society. The narrative then moves chronologically through the era of colonial rule, the partition of Bengal, the war with Pakistan and the birth of Bangladesh as an independent state. In so doing, it reveals the forces that have made Bangladesh what it is today. This is an eloquent introduction to a fascinating country and its resilient and inventive people. **Art and History**, 2021-12-30 *Art and History: Texts, Contexts and Visual Representations in Ancient and Early Medieval India* seeks to locate the historical contexts of premodern Indian art traditions. The volume examines significant questions such as: What were the purposes served by art? How were religious and political ideas and philosophies conveyed through visual representations? How central were prescription, technique and style to the production of art? Who were the makers and patrons of art? How and why do certain art

forms meanings and symbols retain a relevance across context With contributions from historians and art historians seeking to unravel the interface between art and history the volume dwells on the significance of visual representations in specific regional historical contexts the range of symbolic signification attached to these and the mythologies and textual prescriptions that contribute to the codification and use of representational forms Supplemented with over 60 images this volume is a must read for scholars and researchers of history and art *Austronesian Myth or History?* J.G.
