

The background of the cover is a photograph of three young men standing in a narrow alleyway. The walls on either side are covered in colorful graffiti. The man on the left is wearing a black t-shirt with a red graphic, blue jeans, and a black cap. The man in the middle is wearing a red t-shirt, black pants, and a red cap. Youth Gangs in American Society Randall G. Shelden, Sharon K. Tracy, William B. Brown, 2001 This text provides a comprehensive examination of gangs in American society their culture and activities as well as the most recent research and statistical information

Islands in the Street Martin Sanchez-Jankowski, 1991 From the Introduction The overall goal of the research project was to understand the gang phenomenon in the United States In order to accomplish this goal I thought it necessary to understand what was similar in the way all gangs behaved and what was idiosyncratic to certain gangs In addition I thought it was also necessary to understand why certain gangs grew others declined but lingered

on and others declined and died What follows is an explanation of the research design the method of data gathering the method of data analysis and presentation and some ethical issues related to the research Past research on gangs had for the most part focused on gangs in one section of a city gangs in one city or gangs of one ethnic group In order to understand the nature of the gang as an organization and the gang phenomenon in general I believed it was necessary to undertake a comparative study This was the only way to understand what gangs have in common with each other and what is idiosyncratic to particular gangs

Encyclopedia of Gangs Louis Kontos, David C. Brotherton, 2007-11-30 In light of Los Angeles gang state of emergency ethnic and minority gangs are arguably more high profile now than at any other time in our history News media typically focus on the crime and violence associated with gangs but not much else This encyclopedia seeks to illuminate the world of gangs including gang formations routine gang activities aberrations and current developments One hundred essay entries related to gangs in the United States and worldwide provide a diffuse overview of the gang phenomenon Each entry defines and explains the term provides an historical overview and explains its significance today As the following entries demonstrate gangs are part of the fabric of American society They are not only in our communities but also our schools and other social institutions Understanding the world of gangs is therefore needed to understand American society Entries include Bikers Bloods Cholas Crips gang mythology gang warfare graffiti Hell s Angels Hong Kong Triads Latin Kings law enforcement occultic gangs mafia media prison gangs rites Skinheads Streetgang Terrorism Omnibus Prevention Act tattoos trafficking Wanna bes West Side Story Witness Protection programs and youth gangs

Street Gangs Throughout the World Herbert C. Covey, 2010 This updated and expanded new edition continues the theme of the first edition of emphasizing the substantial growth of street gangs throughout the world Although a substantial amount of research on street gangs has been conducted in recent decades much of it has focused on the United States This book summarizes much of the research being conducted in many other countries where the street gang phenomenon is currently developing which includes poverty the retreat of the state increasing income inequality urbanization population growth exploitation marginalization underground economies
