Instead Of God A Pragmatic Reconsideration Of Beliefs And Values:

Instead of God James Hemming,1986 **Secular and Spiritual Values** Dudley Plunkett,2018-10-16 Originally published in 1990 educational debate in the western world was dominated by pragmatic utilitarian values The prevailing assumption was that education should be geared towards fitting people into the world of work Dudley Plunkett broke new ground in this debate by seeking to reconcile secular and spiritual values in educational policy and practice *Secular and Spiritual Values* presents a critique of the influence of enterprise culture on education It argues that the resurgence of interest in the spiritual today represents a return to an essential aspect of human nature and maintains that the spiritual perspective can provide a context for the regeneration of values in education It indicates a way forward which while not denying pragmatism rationalism or holistic values calls for openness to a spiritual reality that is seen as primary It also assesses the practical implications and priorities for action if education is to contribute to the exploration of the spiritual as well as the intellectual and emotional dimensions of human experience This book has grown out of the author s twenty five years experience in educational studies and from his particular preoccupation with values in education It should still be of interest to those concerned with the nature and purpose of education teachers parents educational policy makers and administrators and academics in the field The Wiley Blackwell Handbook of Humanism Andrew Copson,A. C. Grayling,2015-04-27 The Wiley Blackwell Handbook of Humanism presents an edited collection of essays that explore the nature of Humanism as an approach to life and a philosophical analysis of the key humanist propositions from naturalism and science to morality and meaning Represents the first book of its kind to look at Humanism not just in terms of its theoretical underpinnings but also its consequences and its diverse manifestations Features contributions from international and emerging scholars plus renowned figures such as Stephen Law Charles Freeman and Jeaneanne Fowler Presents Humanism as a positive alternative to theism Brings together the world s leading Humanist academics in one reference work **The Freethinker** ,1986 **New Scientist** ,1986 **New Society** ,1986 **Resurgence** ,1987 **New Statesman** ,1986 **The British Library General Catalogue of Printed Books, 1986 to 1987** British Library,1988 Listener and BBC Television Review ,1986 **Women's Review** ,1985 The New Era ,1986 *Pragmatic Pluralism and the Problem of God* Sami Pihlström,2013-04 The book is a study of pragmatism and pragmatic pluralism in the philosophy of religion Through critical examinations of James s Dewey s and recent neopragmatists ideas it argues that key issues in the field including the debate between evidentialism and fideism and the problem of evil need rearticulation from a pragmatic pluralistic perspective *Cumulative Book Index* ,1988 A world list of books in the English language British Book News ,1986 British Book News British Council,1986 *Critical Incidents in Integrating Spirituality into Counseling* Tracy E.
