**Purgatory Citizenship** Calvin John Smiley, 2023-05-30 Reentry after release from incarceration is often presented as a story of redemption Unfortunately this is not the reality Those being released must navigate the reentry process with diminished legal rights and amplified social stigmas in a journey that is often confusing complex and precarious Making use of life history interviews focus groups and ethnographic fieldwork with low income urban residents of color primarily Black men Calvin John Smiley finds that reentry requires the recently released to negotiate a web of disjointed and often contradictory systems that serve as an extension of the carceral system No longer behind bars but not fully free the recently released navigate a state of limbo that deprives them of opportunity and support while leaving them locked in a cycle of perpetual punishment Warning of the dangers of reformist efforts that only serve to further entrench carceral systems *Purgatory Citizenship* advocates for abolitionist solutions rooted in the visions of the people most affected

*Compulsory* Sabina E. Vaught, 2017-01-31 This is an American story unsettled by contradictions constituted by unresolvable loss and open ended hope produced through brutal exclusivities and persistent insurgencies This is the story of Lincoln prison In her Introduction Sabina E Vaught passionately details why the subject of prisons and prison schooling is so important An unprecedented institutional ethnography of race and gender power in one state s juvenile prison school system *Compulsory* will have major implications for public education everywhere Vaught argues that through its educational apparatus the state disproportionately removes young Black men from their homes and subjects them to the abuses of captivity She explores the various legal and ideological forces shaping juvenile prison and prison schooling and examines how these forces are mechanized across multiple state apparatuses not least school Drawing richly on ethnographic data she tells stories that map

the repression of rightless incarcerated youth whose state captivity is the contemporary expression of age old practices of child removal and counterinsurgency Through a theoretically rigorous analysis of the daily experiences of prisoners teachers state officials mothers and more Compulsory provides vital insight into the broad compulsory systems of schooling both Inside prison and in the world Outside asking readers to reconsider conventional understandings of the role purpose and value of state schooling today

**Imprisoned** Cassi A. Meyerhoffer, Brittany Leigh Rodriguez, 2023-05-15 Over the last several years the United States has experienced a surge in bystander videos that have captured incidents of police brutality and prejudice directed largely at Black people Public outrage surrounding police brutality persists as these incidents continue to reach the public eye As public discourse around police brutality and racial inequality largely centers on specific events there is a dearth of information about systemic racism and how race and racism pervade every single aspect of American life How Black people are often treated by law enforcement is reflective of larger historical racial inequities and injustices that extend far beyond the criminal justice system and intersect with how Black people access housing occupy public spaces and are treated in American public schools Imprisoned Interlocking Oppression in Law Enforcement Housing and Public Education focuses on contemporary systemic racism as it relates to how the U S criminal justice system housing system and education system intersect to create a matrix of inequality for Black people To illustrate the systemic nature of racism in American policing and communities this book highlights contemporary policies and practices that intersect with residential segregation and public schooling that continue to affect Black people on a large scale structural level demonstrating the extent to which the United States criminal justice system is tied to where people live and how they are treated and educated in public schools

**The Fall of the Prison** Lee Griffith, 1993 Examining prisons from the perspectives of sociology theology history and biblical exegesis Griffith argues that the church has taken a woefully wrong turn by aligning itself with the traditional justice system He shows how prisons are clearly ineffective at deterring crime and rehabilitating offenders and maintains that Christians should be even more concerned with how the prison fails in principle than how it fails in practice

**Free Them All** Gwenola Ricordeau, 2023-08-08 An indispensable guide to the feminist case for prison abolition How does the criminal justice system affect women s lives Do prisons keep women safe Should feminists rely on policing and the law to achieve women s liberation The mainstream feminist movement has proposed locking up the bad men and called on prisons the legal system and the state to protect women from misogynist violence This carceral approach to feminism activist and scholar Gwenola Ricordeau argues does not make women safer it harms women including victims of violence and in particular people of color poor people and LGBTQ people In this scintillating comprehensive study Ricordeau draws from two decades as an abolitionist activist and scholar of the penal justice system to describe how the criminal justice system hurts women Considering the position of survivors of

violence criminalized women and women with criminalized relatives Ricordeau charts a new path to emancipation without incarceration WWith a new foreword by Silvia Federici Translated from the French by Tom Roberge and Emma Ramadan

*Punishing the Vulnerable* Jeremiah Wade-Olson, 2019-05-10 Few studies look at the treatment of those inside America's prisons Discussing race discrimination alongside gender ethnic and religious discrimination in contemporary American prisons this book finds that correctional staff are swayed by stereotypes in their treatment of inmates The American Dream is that anyone who works hard enough can be successful It is a dream premised on equal opportunity however millions of racial ethnic religious and gender minorities have found their opportunities for success limited even in prison What accounts for the discriminatory treatment of people who are already imprisoned Relying on national data and interviews conducted by the author this book argues that American prisons are not a tool for justice but a tool for the persecution of the weak by the powerful The book details how African American American Indian and Hispanic inmates receive harsher punishments including solitary confinement and fewer rehabilitative programs such as substance abuse treatment and mental health counseling It also examines other injustices including how female inmates suffer from a lack of rehabilitative services Muslim inmates are placed in solitary confinement for practicing their religious beliefs American Indians are disproportionately punished and undocumented immigrants are forced from prison to prison in the middle of the night **Open Borders** Reece Jones, 2019 Border control continues to be a highly contested and politically charged subject around the world This collection of essays challenges reactionary nationalism by making the positive case for the benefits of free movement for countries on both ends of the exchange Open Borders counters the knee jerk reaction to build walls and close borders by arguing that there is not a moral legal philosophical or economic case for limiting the movement of human beings at borders The volume brings together essays by theorists in anthropology geography international relations and other fields who argue for open borders with writings by activists who are working to make safe passage a reality on the ground It puts forward a clear concise and convincing case for a world without movement restrictions at borders The essays in the first part of the volume make a theoretical case for free movement by analyzing philosophical legal and moral arguments for opening borders In doing so they articulate a sustained critique of the dominant idea that states should favor the rights of their own citizens over the rights of all human beings The second part sketches out the current situation in the European Union in states that have erected border walls in states that have adopted a policy of inclusion such as Germany and Uganda and elsewhere in the world to demonstrate the consequences of the current regime of movement restrictions at borders The third part creates a dialogue between theorists and activists examining the work of Calais Migrant Solidarity No Borders Morocco activists in sanctuary cities and others who contest border restrictions on the ground **Prison by Any Other Name** Maya Schenwar, Victoria Law, 2021-09-07 With a new afterword from the authors the critically praised indictment of widely embraced alternatives to incarceration But what does it mean really to celebrate reforms that convert your home into your

prison Michelle Alexander from the foreword Electronic monitoring Locked down drug treatment centers House arrest Mandated psychiatric treatment Data driven surveillance Extended probation These are some of the key alternatives held up as cost effective substitutes for jails and prisons But in a searing cogent critique Library Journal Maya Schenwar and Victoria Law reveal that many of these so called reforms actually weave in new strands of punishment and control bringing new populations who would not otherwise have been subject to imprisonment under physical control by the state Whether readers are seasoned abolitionists or are newly interested in sensible alternatives to retrograde policing and criminal justice policies and approaches this highly praised book offers a wealth of critical insights that will help readers tread carefully through the dizzying terrain of a world turned upside down and make sense of what should take the place of mass incarceration The Brooklyn Rail With a foreword by Michelle Alexander Prison by Any Other Name exposes how a kinder narrative of reform is effectively obscuring an agenda of social control challenging us to question the ways we replicate the status quo when pursuing change and offering a bolder vision for truly alternative justice practices **Abolition. Feminism. Now.** Angela Y. Davis, Gina Dent, Erica R. Meiners, Beth E. Richie, 2022-01-18 Abolition Feminism Now is a celebration of freedom work a movement genealogy a call to action and a challenge to those who think of abolition and feminism as separate even incompatible political projects In this remarkable collaborative work leading scholar activists Angela Y Davis Gina Dent Erica R Meiners and Beth E Richie surface the often unrecognized genealogies of queer anti capitalist internationalist grassroots and women of color led feminist movements struggles and organizations that have helped to define abolition and feminism in the twenty first century This pathbreaking book also features illustrations documenting the work of grassroots organizers embodying abolitionist feminist practice Amplifying the analysis and the theories of change generated out of vibrant community based organizing Abolition Feminism Now highlights necessary historical linkages key internationalist learnings and everyday practices to imagine a future where we can all thrive *The Black Antifascist Tradition* Jeanelle K. Hope, Bill V. Mullen, 2024-04-02 The story of the fight against fascism across the African diaspora revealing that Black antifascism has always been vital to global freedom struggles At once a history for understanding fascism and a handbook for organizing against The Black Antifascist Tradition is an essential book for understanding our present moment and the challenges ahead From London to the Caribbean from Ethiopia to Harlem from Black Lives Matter to abolition Black radicals and writers have long understood fascism as a threat to the survival of Black people around the world and to everyone In The Black Antifascist Tradition scholar activists Jeanelle K Hope and Bill Mullen show how generations of Black activists and intellectuals from Ida B Wells in the fight against lynching to Angela Y Davis in the fight against the prison industrial complex have stood within a tradition of Black Antifascism As Davis once observed pointing to the importance of anti Black racism in the development of facism as an ideology Black people have been the first and most deeply injured victims of fascism Indeed the experience of living under and resisting racial capitalism has often made Black radicals aware of the potential for fascism to take hold long

before others understood this danger The book explores the powerful ideas and activism of Paul Robeson Mary McLeod Bethune Claudia Jones W E B Du Bois Walter Rodney Frantz Fanon Aime Cesaire and Walter Rodney as well as that of the Civil Rights Congress the Black Liberation Army and the We Charge Genocide movement among others In shining a light on fascism and anti Blackness Hope and Mullen argue the writers and organizers featured in this book have also developed urgent tools and strategies for overcoming it *Democracy Works* Torrey D. Dickinson, Terrie A. Becerra, Summer B.C. Lewis, 2015-12-03 Throughout the world from the United States to Tanzania Chechnya and Sri Lanka people increasingly work together and take actions to improve their lives end inequality and change global society Action groups and movements see dialogue and learning as important ways to extend democracy and with their inclusiveness remake society By putting strategy with theory local groups and movements are able to begin making changes in civil society and institutions that allow people to begin living in new ways Written for activists people and students interested in change this book takes readers on a journey of discovery as it shows how various groups have brought theory and action together to make urban rural and transnational change The case studies and explanatory articles reveal how feminist antiracist ecological and peace movements reinforce each other to initiate and achieve well placed and enduring change **The Feminist and The Sex Offender** Erica R. Meiners, Judith Levine, 2020-04-28 With analytical clarity and narrative force *The Feminist and the Sex Offender* contends with two problems that despite their inextricable linkages are typically siloed in the era of MeToo and mass incarceration sexual and gender violence on the one hand and the state's unjust ineffective and soul destroying response to it Levine and Meiners ask if it's possible to confront the culture of abuse to hold harm doers accountable without recourse to a criminal justice system that redoubles injuries fails survivors and retrenches the conditions that made such abuse possible Drawing on personal experience reportage and history *The Feminist and the Sex Offender* develops an intersectional feminist approach to ending sexual violence It maps with considerable detail the unjust sex offender regime while highlighting the alternatives we urgently need *Notable American Women* Susan Ware, 2004 This latest volume brings the project up to date with entries on almost 500 women whose death dates fall between 1976 and 1999 You will find here stars of the golden ages of radio film dance and television scientists and scholars civil rights activists and religious leaders Native American craftspeople and world renowned artists For each subject the volume offers a biographical essay by a distinguished authority that integrates the woman's personal life with her professional achievements set in the context of larger historical developments
