Working Together Mr Chris Davidson, Ms Anita Mountain, 2012-10-01 Organizational Transactional

Analysis is a discipline whose focus is on enabling effective communication at all levels of the organization. It looks at development and change from the individual, team, department and organizational levels. This book and Organizational TA as a whole operates from an assumption of health; this is a very different approach from other communication methodologies which tend to focus on the problems. TA focuses on building on what is already working rather than what isn't. From their many years of experience, Anita Mountain and Chris Davidson are convinced that TA offers everyone within the workforce different options on how to relate. Working Together offers up to date theory developed by the authors through their extensive knowledge of TA and of the business world. The clear explanations and diagrams in the book outline how you can develop and maintain effective communication and be aware of the processes involved in carrying out decisions and strategies. With chapters on how to apply TA in the workplace, Working Together is a down to earth yet intelligent read and an important resource for those who wish to improve the quality of relationships and improve productivity. It will be of value to individuals, leaders and managers at all levels. Whether the issue is emotional intelligence, stress, poor communication or different departmental/regional perspectives, this book offers a toolkit of resources to support the people processes aspects of the business.

Understanding and Managing Children's Behaviour through Group Work Ages 3-5 Cath Hunter, 2016-04-14

Understanding and Managing Children's Behaviour through Group Work Ages 3-5 provides the reader with an insight into children's emotional well-being and helps them to understand what and how children communicate and how to respond in a way that provides positive messages, increases their emotional vocabulary and encourages them to change their behaviour. It provides an alternative and effective child-centred way of managing children's behaviour through introducing the concept of reflective language and other tools, equipping staff with new skills that are transferable across the school in any role. The book is divided into two sections enabling the reader to link theory with practice. The first section takes the reader on a journey to help them understand the different factors that influence children's behaviour. The second section of the book focuses on the group work programmes, how they can be used, their value and the impact they can have on children and the classroom environment as a whole. The activities in the group work programme explore the concept of using reflective language as a behaviour management tool and are designed to motivate, build confidence, self-esteem and resilience. Useful pedagogical features throughout the book include Practitioner and classroom management tips and reflective tasks. Strategies and practical ideas for staff to use to help them engage more deeply with the contents of the book. Flexible, tried and tested group work programmes designed to promote inclusion rather than exclusion. Clear step-by-step instructions for delivering the work programmes. Case studies showing behaviour examples with detailed explanations for the behaviour and strategies to respond to it. The book is aimed at all early years practitioners and any students training to work with children of EYFSAge. It is also recommended reading for SENCOs and trainee teachers and will also be useful for therapists who work with children and are looking at delivering other approaches in their work.
