First Baby In Camp:

The First Baby in Camp William P. Bennett, 1978 **The First Baby in Camp** William Porter Bennett, 1893 Mining Camp Tales of the Silvery Slocan Peter Smith, 2025-04-29 Mining Camp Tales of the Silvery Slocan tells the often overlooked story of British Columbia's silver rush and its accompanying boom towns. In the 1890s mining camps like Sandon, Three Forks, Whitewater and their neighbours New Denver, Silverton, Slocan City, Kaslo and Nakusp thrived. Prospectors and miners from Idaho, Montana and other mining centres arrived in droves to reap the silver harvest. Capitalists flooded in from Spokane, Seattle, Vancouver and from investment centres across North America and the world. At its height the silver rush ushered in a frenzy of activity where cities sprang up out of nowhere, cultures clashed, greed and racism prevailed, law and order was a matter of perspective and yet somehow people still united in song, dance and a spirit of community. Although the boom era was short-lived as plummeting silver prices, labour disputes, natural disasters and the discovery of Klondike gold severely dampened the spirits of the Silvery Slocan, the rush left a legacy that endures to this day. This book opens up a wealth of historical facts, anecdotes and archival material on a chapter of mining history that has been largely forgotten until now.

People in Auschwitz Hermann Langbein, 2005-12-15 Hermann Langbein was allowed to know and see extraordinary things forbidden to other Auschwitz inmates. Interned at Auschwitz in 1942 and classified as a non-Jewish political prisoner, he was assigned as clerk to the chief SS physician of the extermination camp complex, which gave him access to documents, conversations and actions that would have remained unknown to history were it not for his witness and his subsequent research. Also a member of the Auschwitz resistance, Langbein sometimes found himself in a position to influence events, though at his peril. *People in Auschwitz* is very different from other works on the most infamous of Nazi annihilation centers. Langbein's account is a scrupulously scholarly achievement, intertwining his own experiences with quotations from other inmates, SS guards and administrators, civilian industry and military personnel and official documents. Whether his recounting deals with captors or inmates, Langbein analyzes the events and their context objectively in an unemotional style, rendering a narrative that is unique in the history of the Holocaust. This monumental book helps us comprehend what has so tenaciously challenged understanding.

Community Newspapers and the Japanese-American Incarceration Camps Ronald Bishop, 2015-06-03 Though much has been said about Japanese American incarceration camps, little attention is paid to the community newspapers closest to the camps and how they constructed the identities and lives of the occupants inside. Dependent on government and military officials for information, these journalists rarely wrote about the violation of the evacuees' civil rights. Instead, they concentrated on the economic impact of the camps and the evacuees who would replace workers off to enlist in the military and work for defense contractors. Newspapers like the Cody Enterprise and Powell Tribune in Wyoming, the Lamar Daily News and the Casa Grande Dispatch regularly published overly optimistic updates on the progress of construction, the size of the contractor payrolls and the amount of

materials used to build the camps Ronald Bishop and his coauthors reveal how journalists positioned the incarceration camps as a potential economic boon and how evacuees were framed as another community group there to contribute to the region's economic well being Community Newspapers and the Japanese American Incarceration Camps examines the rhetoric and journalistic approach of the local papers and how they informed the communities just outside their walls This book will appeal to scholars of history and journalism
