*The Gunfighters* Bryan Burrough, 2025-06-03 One of the most important books written on the American West in many years. True West Magazine. From the New York Times bestselling author of *The Big Rich* and *Forget the Alamo* comes an epic reconsideration of the time and place that spawned America's most legendary gunfighters, from Jesse James and Billy the Kid to Butch and Sundance. The Wild West gunfighter is such a stock figure in our popular culture that some dismiss it all as a corny myth, more a product of dime novels and B movies than a genuinely important American history. In fact, as Bryan Burrough shows us in his dazzling and fast-paced new book, there's much more below the surface. For three decades at the end of the 1800s, a big swath of the American West was a crucible of change with the highest murder rate per capita in

American history The reasons behind this boil down to one word Texas Texas was born in violence on two fronts with Mexico to the south and the Comanche to the north The Colt revolver first caught on with the Texas Rangers Southern dueling culture transformed into something wilder and less organized in the Lone Star State The collapse of the Confederacy and the presence of a thin veneer of Northern occupiers turned the heat up further And the explosion in the cattle business after the war took that violence and pumped it out from Texas across the whole of the West The stampede of longhorn cattle brought with it an assortment of rustlers hustlers gamblers and freelance lawmen who carried a trigger happy honor culture into a widening gyre a veritable blood meridian When the first newspapermen and audiences discovered what good copy this all was the flywheel of mythmaking started spinning It s never stopped The Gunfighters brilliantly sifts the lies from the truth giving both elements their due And the truth is sufficiently wild for any but the most unhinged tastes All the legendary figures are here and their escapades are told with great flair good bad and ugly Like all great stories this one has a rousing end as the railroads and the settlers close off the open spaces for good the last of the breed Butch Cassidy and the Sundance Kid really do get on a boat for South America ending their era in a blaze of glory Burroughs knits these histories together into something much deeper and more provocative than simply the sum of its parts To understand the truth of the Wild West is to understand a crucial dimension of the American story

**The Freedmen's Bureau and Black Texans** Barry A. Crouch, 2010-06-28 A look at the agency s attempts to deliver justice to the Texas black community following the Civil War Drawing on a wealth of previously unused documentation in the National Archives this book offers new insights into the workings of the Freedmen s Bureau and the difficulties faced by Texas Bureau officials who served in a remote and somewhat isolated area with little support from headquarters The episodes in Texas Reconstruction history that Mr Crouch relates perhaps do more than broad generalizations to explain why the Freedmen s Bureau failed and how we lost the peace after the Civil War New York Times Book Review Crouch skillfully presents the Freedmen s Bureau as one of the most unique misunderstood and maligned ad

hoc reform agencies ever devised by a democratic government in the name of social and political freedom and equality East Texas Historical Journal Breaks new ground in Reconstruction history Crouch's study is among the first on the bureau in Texas and the first to focus on the subdistrict agent the subassistant commissioner Journal of Southern History *Silent Brand* Borden Davis, 2008-06-18 This adventure is packed with so much rich historical fact the idea of fiction will be pushed from your mind For instance in the first chapter there is a fire at 159 Hudson Street In 1844 when our adventure starts there was in fact a fire at 159 Hudson Street in New York City At the age of twelve Brad Jamestown becomes a street kid in the most horrid city of the times New York City in the eighteen hundreds That is an unrelenting location to learn how to survive He develops a street gutter heart Soon he is taken in by two very tough but decent men that own a saloon His ability to fight to extremes is a story in itself By way of a realistic situation Brad is taught how to defend himself without weapons Some of the confrontations were taken from events that happened in my own life The methods and results are real In this part of our thriller you ll learn horrendous facts about New York City caused by the tremendous incoming of immigrants Among many regrettable details you ll learn that seventy percent of the deaths were child Child prostitution was rampant Brad is given some simple advice from his mentors If you re going to fight with every jackass you meet be prepared to fight every day for the rest of your life Another man tells him You re too young to be a lover be a liker And remember there s enough women in the world that want to fool around don t pick on the one s that don t Factual information is added to the story about baseball It s injected periodically to add some lightness too my writing The first recorded baseball game was on June 19 1847 Brad attends the game In that game the first fine was handed out The pitcher Davis was fined six cents for swearing at the umpire Another game that Brad goes to further into the story is the first game that started the biggest and longest rivalry in baseball history between the Giants and the Dodgers During this time in baseball history there was only one league the National The first pitcher to throw a no hitter was Joe Borden on May 23 1875 Borden and Davis interesting When Brad was young his mother and father were teachers and he was well educated An event forces Brad to move on from the saloon and his first job is working for Mr Cogswell He is a loveable middle aged man who was chosen to make the John Jacob Astor library a reality Mr Astor before his death bequeathed his personal library and forty thousand dollars to make his dream come true Mr Cogswell does quite a good job in adding knowledge to the young man s mind One difference between humanity and animals is animals don t have libraries We learn that Brad is a restless young man His next job is at the New York Daily Times He is hired just before the first edition hits the street The publisher Mr Henry Jarvis Raymond takes him under his wing The young man learns much about society I do not take any writer s license to justify this thought provoking thriller I believe a tale that grasps a readers thoughts should be logical Frank a reporter at the Times becomes one of his teachers He warns him not to be bamboozled into a false interview He gives him an example of a young man who got the New York Sun to publish an article that immigrants were being brought into America from Europe by balloon The man who completed the hoax was none

other than Edgar Allan Poe Frank tells Brad he should patronize high class restaurants every once in awhile That way he will be able to rub elbows with the rich and prosperous Brad although only nineteen now is a fine figure of a man He appears much older than he looks One night he goes to a fine restaurant A twist of fate brings love into his life It so happens the lady is a very expensive high class prostitute Another part of his person is educated As we start to put the pieces together Brad is becoming a very well rounded young man It so happens the next time he goes to ru
