Tracey, 2010-10-18 The *Instructional Design Knowledge Base: Theory Research and Practice* provides ID professionals and students at all levels with a comprehensive exploration of the theories and research that serve as a foundation for current and emerging ID practice. This book offers both current and classic interpretations of theory from a range of disciplines and approaches. It encompasses general systems, communication, learning, early instructional media, conditions-based, constructivist design, and performance improvement theories. Features include rich representations of the ID literature, concise theory summaries, specific examples of how theory is applied to practice, recommendations for future research, a glossary of related terms, a comprehensive list of references. A perfect resource for instructional design and technology doctoral masters and educational specialist certificate programs. The *Instructional Design Knowledge Base* provides students and scholars with a comprehensive background for ID practice and a foundation for future ID thinking.

Fixing Education Initiatives in Crisis James Marshall, 2024-05-15 Proven practices to rescue struggling education initiatives or prevent a crisis before it starts. Insufficient planning, unclear outcomes, missing data for leaders overseeing education initiatives: it can often seem like there's a crisis around every corner. Drawing on decades of experience in assessment, evaluation, and data-driven decision making, author and Professor of Educational Leadership James Marshall offers a combination of evidence-based practices and real-life experiences that provide practical solutions to the diverse challenges school leaders encounter as they implement new initiatives. Exploring oft-encountered challenges such as poor outcomes, waning interest or support from leadership, public relations issues, scaling and sustainability roadblocks, and other implementation-related obstacles, the book identifies six types of crises confronted by education leaders and offers valuable insights and solutions for each. Features include: Guidance to recognize the six types of education initiative crises and strategies for resolution tailored to each type; 24 unique tools to positively impact challenges such as the Triage Tool to prioritize crisis intervention and the Don't Swamp the Boat tool to explore the complement of initiatives in your school. Two

case studies and real world examples illustrating the application of selected tools across a range of crisis types Whether you re an education leader dealing with a program or initiative in crisis or proactively looking to prevent a crisis Fixing Education Initiatives in Crisis provides practical solutions to navigate troubled initiatives and guidance for the design and implementation of healthy initiatives that yield predictable results [ASTD's Ultimate Train the Trainer](#) Elaine Biech,2009-09-01 Here at last is the ultimate authority on training new trainers from the consummate training professional Elaine Biech and ASTD Configured in a usable format ASTD s Ultimate Train the Trainer is a must have for every training manager s bookshelf Included for the training manager is a complete train the trainer program that can be delivered tomorrow as well as topic based sessions to improve subject specific skills such as writing learning objectives dealing with difficult participants training styles and ADDIE This complete manual guides training managers in conducting train the trainer programs and supports new trainers too by providing insight and development into the practice of training Bonus material includes learning activities handouts PowerPoint slides plus a chapter that gives you more hints and direction to support successful training practitioners A supplemental CD Rom comes with the manual giving you all the content in one place Note CD ROM is not available for this title **Planning Programs for Adult Learners** Rosemary S.
