*Photography Books Index III* Martha Kreisel, 2006 While the Internet is an important source for locating photographic images there still are hundreds of photography books published each year for whose contents there is no external access This second supplement to Photography Books Index addresses this need by analyzing important photographic anthologies that have been published since 1985 Accessing more than fifty photographic anthologies that are widely held in libraries across the country along with images from two critical annual compilations Best of Photojournalism and Graphis Annual this book identifies photographs that record the history of our times This reference guide provides an important index to contemporary as well as historical photographers including those for whom full monographs have not been published Photographs of important individuals as well as photographic records of cataclysmic events can be located through this index Extensive descriptions of the individual photographs from the commonplace to the extraordinary are identified in this volume Organized into three sections Photographers Subjects of Photographs and Portraits of Named Individuals these descriptions provide the researcher with important information on each photograph An essential volume for all public special and academic libraries this index will be an invaluable resource for reporters historians academics students and anyone wishing to research photographs and photographers      **Selling Shaker** Stephen Bove, Peter Richmond, 2007-01-01 The simple yet striking lines of Shaker design grace much of the furniture we see in high end department stores and beautiful examples of it adorn the pages of Architectural Digest and House Beautiful How did this style evolve from its origins in a humble small religious community to the international design phenomenon it is today This illustrated study explores the emergence of the

Shaker style and how it was vigorously promoted by scholars and artists into the prominence it now enjoys The heart of the Shaker style lies in the religious movement founded in the eighteenth century where Stephen Bowe and Peter Richmond begin their chronicle From there the authors chart the evolution of the style into the twentieth century particularly in the hands of design media scholars and art institutions These Shaker agents repositioned Shaker style continuously from local vernacular to high culture and then popular culture Drawing on a rich array of sources including museum catalogs contemporary design magazines and scholarly writings Selling Shaker illustrates in detail how the Shaker style entered the general design consciousness and how the original aesthetic was gradually diluted into a generic style for a mass audience A wholly original and fascinating study of American design and consumption Selling Shaker is a unique resource for collectors scholars and anyone interested in the cultural history of a design aesthetic

**The New Domestic Automakers in the United States and Canada** A.J. Jacobs, 2015-12-16 Over the past forty years state provincial and local governments in the United States and Canada have provided foreign automakers with approximately 4 80 billion in incentives in order to lure light vehicles assembly plants to their areas This has included tax abatements infrastructure construction land giveaways job training programs and other subsidies As of early 2015 ten foreign vehicle makers operated 20 light vehicles in developed North America Despite the fact that all ten of these automakers have pursued a similar pattern first exporting vehicles into the United States and Canada before launching vehicle plants in developed North America each has followed its own specific historical development path and has created its own unique growth trajectory This book provides a unique historical and qualitative review of these ten vehicle makers from their early beginnings to their export entry into the United States and or Canada through early 2015 In addition it chronicles the histories of more than a dozen former automakers and potential future foreign light motor vehicle assembly plants in the United States and Canada This includes the first foreign automaker to build its cars in the United States De Dion Bouton of France in July 1900 the early 20th Century endeavors of Fiat Mercedes and Rolls Royce and the present day hopes of Chinese and Indian automakers In the process the text also provides an assessment of the top competing states and sites for any future plants the possible incentives packages governments may offer to attract such facilities and an estimated incentive value for each automaker Overall the goal of this book is to expand the knowledge of policymakers at all tiers of government in the United States and Canada and to help them take a more holistic look at the pros and cons of attracting Automobile Manufacturing FDI It is hoped that this will enable them to make more informed decisions when pursuing a new foreign motor vehicle assembly plant Its findings should also prove informative to urban and regional planning political science sociology economics labor and international development scholars and students in North America and worldwide

Library of Congress. Congressional Research Service,1979      **Imagining the World** O. R. Dathorne,1994-03-23 This is a study of the manner in which certain mythical notions of the world become accepted as fact Dathorne shows how particular European concepts such as El Dorado the Fountain of Youth a race of Amazons and monster including cannibal images were first associated with the Orient After the New World encounter they were repositioned to North and South America The book examines the way in which Arabs and Africans are conscripted into the view of the world and takes an unusual non Eurocentric viewpoint of how Africans journeyed to the New World and Europe participating in what may be considered an early stage of world exploration and discovery The study concludes by looking at European travel literature from the early journeys of St Brendan through the Viking voyages and up to Marco Polo and Sir John Mandeville In all these instances the encounters seem to justify mythical belief Dathorne s interest in the subject is both intellectual and passionate since coming from Guyana he was very much part of this malformed Weltschmerz      **Enslaved Native Americans and the Making of Colonial South Carolina** D. Andrew Johnson,2024-09-17 A compelling study into the history and lasting influence of enslaved Native people in early South Carolina In 1708 the governor of South Carolina responded to a request from London to describe the population of the colony This response included an often overlooked segment of the population Native Americans who made up one fourth of all enslaved people in the colony Yet it was not long before these descriptions of enslaved Native people all but disappeared from the archive In *Enslaved Native Americans and the Making of Colonial South Carolina* D Andrew Johnson argues that Native people were crucial to the development of South Carolina s economy and culture By meticulously scouring documentary sources and creating a database of over 15 000 mentions of enslaved people Johnson uses a uniquely interdisciplinary approach to reconsider the history of South Carolina and center the enslaved Native people who were forced to live and work on its plantations Johnson also employs spatial analysis and examines archaeological evidence to study Native slavery in a plantation context Although much of their impact is absent from the historical record Native people s influence persisted in the specific technologies they brought to the plantations where they were enslaved in the development of Creole culture and in the wealth and power of the founders and early leaders of the colony This book is an important corrective to our understanding of the colonization and development of South Carolina By focusing on the Native minority of the enslaved population Johnson recasts the colonial history of America uncovering the importance of enslaved Native people to the colonial project and the complex historical connections between race and slavery      Congressional Record United States.
