Literary Seductions:

Literary Seductions Frances Wilson, 2000 Exploring relationships between literary couples whose mutual obsession for writing resulted in equally explosive sexual relationships Wilson imbues astute literary criticism with raging hormones For Anais Nin and Henry Miller Laura Riding and Robert Graves and W B and George Yeats among others bodies and books became interchangeable

Seductions in Narrative Gemma López, 2007 *Seductions in Narrative* is a highly original academic study which provides a critical discourse in which desire narrative and subjectivity are explored Through the critical reading of two novels by contemporary English authors Angela Carter and Jeanette Winterson the book cleverly assesses the ways in which desire allows the subject to imagine an alternative utopian location where a narrative of the self in all its multiplicity and ambiguity can be effected This book is unique as general studies on these issues tend to focus on the literature produced over the nineteenth century but not on contemporary literature The pieces which examine desire and narrative in contemporary novels tend to do so in the work of post colonial authors Specific works on the production of Angela Carter and Jeanette Winterson also tend to focus on a somewhat close reading of their novels but do not make use of their fiction in order to debate specific poststructuralist issues as this book successfully undertakes

The Seductions of Pilgrimage Michael A. Di Giovine, David Picard, 2016-03-09 *The Seductions of Pilgrimage* explores the simultaneously attractive and repellent beguiling and alluring forms of seduction in pilgrimage It focuses on the varied discursive imaginative and practical mechanisms of seduction that draw individual pilgrims to a pilgrimage site the objects places and paradigms that pilgrims leave behind as they embark on their hyper meaningful travel experience and the often unforeseen elements that lead pilgrims off their desired course Presenting the first comprehensive study of the role of seduction on individual pilgrims in the study of pilgrimage and tourism it will appeal to scholars of anthropology cultural geography tourism heritage and religious studies

Subversive Seduction Travis Landry, 2013-01-10 Male male rivalry and female passive choice the two principal tenets of Darwinian sexual selection raise important ethical questions in *The Descent of Man* and in the decades since about the subjugation of women If female choice is a key component of evolutionary success what impact does the constraint of women's choices have on society The elaborate courtship plots of 19th century Spanish novels with their fixation on suitors and selectors rivalry and seduction were attempts to grapple with the question of female agency in a patriarchal society By reading Darwin through the lens of the Spanish realist novel and vice versa Travis Landry brings new insights to our understanding of both while Darwin's theories have often been seen as biologically deterministic Landry asserts that Darwin's theory of sexual selection was characterized by an open ended dynamic whose oxymoronic emphasis on passive female choice carries the potential for revolutionary change in the status of women

The Seduction of Fiction Jean-François Vernay, 2016-10-04 By meshing psychology with literary analysis this book inspires us to view the reading of fictional works as an emotional and seductive affair between reader and writer Arguing that current teaching practices have contributed to the current decline in the study of literature Jean François Vernay's plea brings a refreshing perspective by seeking new

Engaging Anthropological Theory Mark Moberg, 2013 This text offers a fresh look at the history of anthropological theory Anthropological ideas about human diversity have always been rooted in the socio political conditions in which they arose and exploring them in context helps students understand how and why they evolved and how theory relates to life and society

Distortion and Love Nigel Rapport, 2016-07-07 In this ground breaking book a theory of distortion of the way in which the processes of human life are subject to interference diversion and transformation is developed by way of the art of one of Britain's greatest twentieth century painters and that art's public reception Devoted to his native village of Cookham on Thames Stanley Spencer painted not only landscapes and portraits with loving detail but also the memory feelings which he felt were a sacred part of his consciousness Yet Spencer was also a controversial public figure with some taking the view that his visionary paintings were ugly distortions of human life even marks of an immoral nature Examining how Spencer lived his vision how he painted it and wrote it and also how his attempts to communicate that vision were received by his contemporaries and have continued to be interpreted since his death the author posits distortion as key an intrinsic aspect both of human creation and of human interaction What we intend to make to say to do and have done often mutates in the process of being expressed or put into effect we live amid distortion Love the affective appreciation of one another is then a means by which we accommodate distortion and its consequences in our lives An illustration through Stanley Spencer's story of significant aspects of a human condition this book will appeal across disciplines including to art historians and students of Spencer's work as well as to scholars of anthropology with interests in creativity perception and interpretation

The Turn

to Ethics Marjorie Garber, Beatrice Hanssen, Rebecca L. Walkowitz, 2013-10-08 What kind of turn is the turn to ethics A Right turn A Left turn A wrong turn A U turn Ethics is back in literary studies philosophy and political theory The philosophers political theorists literary critics and physician whose essays are collected here bring the particularities of their disciplines and training to a vital complex of questions Tales of Seduction Sarah Wright, 2007-10-24 Don Juan is one of the most intriguing creations of Western literature a perpetual source of fascination In the popular imagination he exists as a legendary seducer of women a trickster and transgressor of sacred boundaries Crossing cultures from east to west he has been the recipient of countless revisions while the twentieth century has viewed the figure afresh through the prism of its own cultural terms of reference and social concerns Using an interdisciplinary approach Tales of Seduction focuses on the fascinating intersections between myth culture and intellectual inquiry Sarah Wright takes Don Juan back to Spain and examines the confluences of Spanish culture with aspects of Western intellectual history such as medicine psychoanalysis and linguistics where she finds Don Juan continues to transgress the limits of culture until the present **The Seduction of Unreason** Richard Wolin, 2019-04-30 Ever since the shocking revelations of the fascist ties of Martin Heidegger and Paul de Man postmodernism has been haunted by the specter of a compromised past In this intellectual genealogy of the postmodern spirit Richard Wolin shows that postmodernism's infatuation with fascism has been extensive and widespread He questions postmodernism's claim to have inherited the mantle of the Left suggesting instead that it has long been enamored with the opposite end of the political spectrum Wolin reveals how during in the 1930s C G Jung Hans Georg Gadamer Georges Bataille and Maurice Blanchot were seduced by fascism's promise of political regeneration and how this misapprehension affected the intellectual core of their work The result is a compelling and unsettling reinterpretation of the history of modern thought In a new preface Wolin revisits this illiberal intellectual lineage in light of the contemporary resurgence of political authoritarianism Seduction Clement Knox, 2020-02-04 A brilliantly original history that explores the shifting cultural mores of courtship told through the lives of remarkable women and men throughout history If sex has generally been a private matter seduction has always been of intense public interest Whether the stuff of front page tabloid news the scandal of nineteenth century American courts or the stuff of literature across the eras we are fascinated by stories of seduction and sex In the first history of its kind Clement Knox explores seduction in all its historical and cultural incarnations Moving from the Garden of Eden to the carnivals of eighteenth century Venice and from the bawdy world of Georgian London to the saloons and speakeasies of the Jazz Age this is an exploration of timeless themes of power desire and free will Along the way we meet Mary Wollstonecraft her daughter Mary Shelley and her friend Caroline Norton and reckon with their fight for women's rights and freedoms We encounter Jack Johnson the first black heavyweight champion of the world who became entangled in America's labyrinthine and racialized seduction laws We discover how tall tales of predatory vampires hypnotists and immigrants were mobilized by Nazis and nativists to help propel them to power We consider how after

seduction seemingly vanished from view during the Sexual Revolution it exploded back into our lives as The Game became a multi million bestseller online dating swept the world and the ongoing male fascinating with manipulating women was exposed In a big thinking cultural history told through an extraordinary range of stories and sources Knox explores how our ideas about desire and pursuit have developed in step with the modern world This is a bold modern charter of seduction from the birth of the Enlightenment to the explosion of romantic literature and right up to our contemporary moments of reckoning around incel culture and MeToo

The Seduction of Culture in German History Wolf Lepenies,2009-01-10 During the

Allied bombing of Germany Hitler was more distressed by the loss of cultural treasures than by the leveling of homes Remarkably his propagandists broadcast this fact convinced that it would reveal not his callousness but his sensitivity the destruction had failed to crush his artist's spirit It is impossible to begin to make sense of this thinking without understanding what Wolf Lepenies calls *The Seduction of Culture in German History* This fascinating and unusual book tells the story of an arguably catastrophic German habit that of valuing cultural achievement above all else and envisioning it as a noble substitute for politics Lepenies examines how this tendency has affected German history from the late eighteenth century to today He argues that the German preference for art over politics is essential to understanding the peculiar nature of Nazism including its aesthetic appeal to many Germans and others and the fact that Hitler and many in his circle were failed artists and intellectuals who seem to have practiced their politics as a substitute form of art In a series of historical intellectual literary and artistic vignettes told in an essayistic style full of compelling aphorisms this wide ranging book pays special attention to Goethe and Thomas Mann and also contains brilliant discussions of such diverse figures as Novalis Walt Whitman Leo Strauss and Allan Bloom *The Seduction of Culture in German History* is concerned not only with Germany but with how the German obsession with culture sense of cultural superiority and scorn of politics have affected its relations with other countries France and the United States in particular

Women, Seduction, and Betrayal in Biblical Narrative Alice Bach, 1997-08-28 This accessible readable book looks at the cultural study of the Bible challenging the traditional mode of reading the women in the Bible Alice Bach applies literary theory cultural representations of biblical figures films and paintings to a close reading of a group of biblical texts revolving around the wicked literary figures in the Bible She compares the biblical character of the wife of Potiphar with the Second Temple Period narratives and rabbinic midrashim that expand her story She then reads Bathsheba against a Yiddish novel by David Pinski and finally looks at the Biblical Salome against a very different Salome created by Oscar Wilde and the selection of Salomes created by Hollywood Bach argues that biblical characters have a life in the mind of the reader independent of the stories in which they were created thus making the reader the site at which the texts and the cultures that produced them come together
