Red Dwarf: Discovering the TV Series Tom Salinsky, 2024-11-30 Explores the unique journey of the long running British sitcom detailing its creation cast changes and enduring legacy through critical analysis and behind the scenes insights Red Dwarf is virtually unique among British sitcoms It began in 1988 and was still releasing new episodes in

2020 making it one of the longest running sitcoms of all time but the core cast has remained largely unchanged And its science fiction flavor contrasts strongly with the drawing rooms and sofas which were the norm when it launched and the fast cut mockumentary style which is popular today And yet this is a show which nobody wanted to make and which only barely made it to our screens at all In this work Tom Salinsky will look at exactly how it came to be who was considered for the cast but didn't make it how it was radically reinvented for the third sixth seventh ninth and tenth seasons how it survived the breakup of its key creative partnership the loss of the original spaceship models BBC strikes the departure of a major cast member and the seemingly self defeating rules which the writers imposed on themselves But this isn't just a behind the scenes account It's also a detailed critical analysis examining why the best episodes succeed and why the less impressive episodes struggle while also finding time to ask just how a hologram made of light can smell burning camphor wood why a creature evolved from a cat is familiar with Wilma Flintstone or just how long Lister and Kochanski were dating for How can all this possibly be contained in one book It can't Volume I will cover the first six series and Volume II will conclude the story of Red Dwarf on television as well as looking at the novels comic strips computer games and more HOLLYWOOD 'B' MOVIES: A Treasury of Spills, Chills & Thrills John Reid, 2005-09-01 By the mid 1930s cinema patrons insisted on value for money Double feature programs became mandatory at all neighborhood cinemas Usually the A feature film figured as the main attraction and the supporting movie the B Sometimes that role was reversed On many occasions picturegoers felt the unheralded B movie had actually proved more entertaining than the widely advertised A attraction More than two hundred of these wonderful B film classics from Hollywood's golden age are described reviewed and detailed in this book It's a must have for all film addicts movie fans and nostalgia connoisseurs **Notes and Queries**, 1914 *Transformation: A Personal Journey Through the British Transformers Comic Volume 1: 1984-1987* Stuart Webb, 2015-07-25 Starting in 1984 the British Transformers comic wasn't just a successful toy advert it taught a generation of British schoolboys how to read through its exciting action packed pages With sales that vied with 2000AD writers Simon Furman and Bob Budiansky created a generation of fan boys that have never looked back Stuart Webb was one such reader and in 2012 he began a journey looking through every single issue of the series commenting on its highs and lows He became the first person to look at every backup strip every comedic cartoon and each editorial and how they worked together to create the most thorough exploration of a publishing phenomenon ever undertaken It's also personal full of humour and silliness and even the occasionally thoughtful moment The final result is an essential read for Transformers fans and those interested in the history of Marvel comics in the UK and the impact this comic had on an entire generation **The Epworth Herald**, 1922 *American Boy*, 1904 *Journal of Greek Archaeology Volume 3 2018*, 2018-10-31 True to its initial aims the latest volume of the Journal of Greek Archaeology runs the whole chronological range of Greek Archaeology while including every kind of material culture *Ray Winstone* Nigel Goodall, 2011-05-02 There's so much more to Ray's on screen tough guy image and his path to the top has

been anything but plain sailing He was every inch the rebel in his youth and was even a London schoolboy boxing champion but he always had an affinity for acting Deciding to pursue his dream through drama school he soon found himself an outsider and was expelled But he managed to blag his way into an audition for what would prove to be his big break his cocky aggressive boxer s gait making him perfect for the lead in Alan Clarke s Scum Going on to both small and big screen success as well as in the theatre Ray really cemented his place in the pantheon of British acting greats with his breathtaking performance in Nil By Mouth which earned him a BAFTA nomination His subsequent roles in the likes of Sexy Beast The War Zone and Last Orders won him plaudits and continued his tradition of portraying tough uncompromising men But every tough guy has a heart and Ray has tempered these roles with those in more light hearted romantic comedies such as Fanny and Elvis and There s Only One Jimmy Grimble With roles in Indiana Jones 4 Beowulf with Angelina Jolie and London Boulevard and with such great British telefilms as Henry VIII Sweeny Todd and Vincent under his belt Ray Winstone continues to go from strength to strength From the humble East End to the glitz of the BAFTAs Ray Winstone is now regarded as one of the foremost actors of his generation and the ultimate screen hard man In this insightful biography we see the man behind the tough unflinching on screen exterior
