J. Fuller, 2018-06-05 Popular Hinduism is shaped above all by worship of a multitude of powerful divine beings a superabundance indicated by the proverbial total of 330 million gods and goddesses The fluid relationship between these beings and humans is a central theme of this rich and accessible study of popular Hinduism in the context of the society of contemporary India Lucidly organized and skillfully written The Camphor Flame brings clarity to an immensely complicated subject C J Fuller combines ethnographic case studies with comparative anthropological analysis and draws on textual and historical scholarship as well The book's new afterword brings the study up to date by examining the relationship between popular Hinduism and contemporary Hindu nationalism Religions of Early India Richard H. Davis, 2024-11-26 The extraordinary multiplicity of religions and religious cultures in India chronicled over two thousand years From its earliest recorded history India was a place of remarkable and varied religious activity ranging from elaborate sacrificial rituals and rigorous regimes of personal austerity to psycho spiritual experimentation and utopian visions In this ambitious and wide ranging chronicle Richard Davis offers a history of India's myriad religious cultures that spans two thousand years from 1300 BCE to 700 CE India Davis writes was not only the birthplace of the religions we now know as Hinduism Buddhism and Jainism It was also the home of other often unnamed religions that can be classified as folk or popular religions Tracing these intertwined practices Davis shows that the ardent and heterogeneous

religious cultures of early India came to define and redefine themselves in relation to one another Davis recounts this history through voices recorded in hymns poems songs didactic stories epic narratives scientific treatises and theological discourses as well as voices that speak through material remains whether monumental sculptures or tiny terracotta figurines of nameless goddesses He focuses on the long millennium often designated as classical India which stretches from the time of the founding figures of Buddhism and Jainism during the sixth century BCE through the seventh century CE dynasties of the Chalukyas and the Pallavas in southern India Throughout he emphasizes encounter interaction debate critique and borrowing among religious communities within a shared changing social and political reality The voices and visions of early India's religions Davis shows us are fascinating in their multiplicity
