

CONGRESS, JULY 4, 1776. A DECLARATION BY THE REPRESENTATIVES OF THE UNITED STATES OF AMERICA, IN GENERAL CONGRESS ASSEMBLED.

WHEN in the Course of human Events, it becomes necessary for just People to dissolve the political Bands which have connected them with another, and so assume among the Powers of the Earth, the separate and equal Station to which the Laws of Nature and of Nature's God entitle them; a decent Respect to the Opinions of Mankind requires that the Declaration which shall announce the Cause which impels them to the Separation, should be published in the most public and solemn Manner.

We hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness.—That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles, and organizing its Powers in such Form, as to them shall seem most likely to effect these Ends; Liberty and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient Causes; and accordingly all Experience hath shewn, that Mankind are more disposed to suffer, while Endure are sufferable, than to right themselves by abolishing the Forms to which they are accustomed. But when a long Train of Abuses and Usurpations, pointing out a Design to reduce them under absolute Despotism, it is their Right, it is their Duty, it is their Duty, to throw off such Government, and to provide new Guards for their future Security. Such has been the patient Sufferance of these Colonies; and such is now the Necessity which constrains them to alter their former System of Government. The History of the present Oppression of these Colonies is a History of repeated Injuries and Usurpations, all having in direct Object the Establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid World.

He has refused his Assent to Laws, the most wholesome and necessary for the public Good.

He has refused to assent to Acts of the Legislature, the most just and equitable, and to provide new Guards for their future Security.

The Declaration in Script and Print John Bidwell, 2024-07-04 Perhaps the single most important founding document of the United States of America the Declaration of Independence became both a work of art and a mass market commodity during the nineteenth century In this book graphic arts historian John Bidwell traces the fascinating history of Declaration prints and broadsides

and reveals the American public's changing attitudes toward this iconic text. The new and improved intaglio letterpress and lithographic printing technologies of the nineteenth century led to increasingly elaborate reproductions of the Declaration. Some were touted as precious relics; others were aimed at the bottom of the market. Rival publishers claimed to have produced the definitive visualization of the document, attacking the character and patriotism of other firms even as they promoted their own artistic abilities and attention to detail. Meanwhile, painter John Trumbull attempted to sell subscriptions for an engraved version of his Declaration painting, and John Quincy Adams, then secretary of state, commissioned an official 1823 edition in response to the feuding facsimilists seeking government patronage. Bidwell unravels the intricate web of rivalries surrounding these competing publications. Featuring a comprehensive checklist of nearly two hundred prints and broadsides drawn from various collections, this engrossing history highlights the proliferation and widespread influence of the Declaration of Independence on American popular culture. It will be equally esteemed by general readers interested in American history, print and autograph collectors, and art and book historians.

The Year That Made America Tom McMillan, 2025-04-15. The untold story of how America's declaration of independence hinged on seven critical months in 1776 and the courageous votes that changed the world forever. This gripping account reveals the precarious path to American independence through a series of pivotal dates that history has nearly forgotten. While July 4th claims the glory, the actual vote for independence came on July 2nd, and even that historic moment almost didn't happen. From January's publication of *Common Sense* to December's darkest hours of the Revolution, McMillan reconstructs the dramatic months when rebellious colonies transformed into a new nation. Through meticulous research and compelling storytelling, the book reveals how the pivotal votes of May 15, June 7, and July 2 shaped America's destiny. Why Congress's bold January declaration triggered a chain of unstoppable events. The behind-the-scenes struggles between Adams and Jefferson that nearly derailed independence. How the Declaration's influence extended from Lincoln's Gettysburg Address to modern times. This timely narrative strips away the myths to expose the raw political courage that launched a revolution. From heated Congressional debates to the dangerous aftermath of declaring independence, McMillan delivers a fresh perspective on America's founding that resonates powerfully with today's political challenges.

Jahrhundert um dann im letzten Teil die Wiedergeburt des Mythos im 20. Jahrhundert zu behandeln Cassirer schließt dass der politische Mythos nicht endgültig überwunden sondern nur gezähmt werden kann Dazu kann die Philosophie beitragen jedoch nicht indem sie ihn argumentativ zu widerlegen versucht sondern indem sie ihn verstehen und so bekämpfen hilft Eine deutsche Übersetzung *Vom Mythos des Staates* ist in der Philosophischen Bibliothek Band 541 lieferbar
