First Aid for Tantrums

Dr. Kathy Levinson, mother and self-professed tantrum survivor as well as popular family therapist, answers such questions as: Does time out really work? When is a tantrum not a tantrum? The Everything Parent's Guide to Tantrums is your authoritative handbook to understanding what causes your child to have tantrums and which measures you can take to combat their occurrence. Author Joni Levine helps you understand your child's temperament, identify external influences that trigger tantrums, avoid responding emotionally to an outburst, use effective methods for calming your child, deal with tantrums in public. Filled with realistic advice and practical tips, The Everything Parent's Guide to Tantrums is your key to a happy, well-adjusted child and peace at home and elsewhere. I Brake for Meltdowns Michelle Nicholasen, Barbara O'Neal, 2008-07 From a mother of five children under five

and a childcare director with 30 years experience, a book to give hope to all parents of toddlers. **Dadding It!** Rob Kemp, 2020-04-30 Bestselling parenting author Rob Kemp, The Expectant Dad's Survival Guide delivers the ultimate guide to navigating your child's life milestones from 0 months to 50 years and offers advice on how fathers can best play a lasting, impactful or at least vaguely useful role in it. Kids don't come with an instruction manual. Not that most men would read one if they did. Instead, they're shaped by life, forming milestones and learning as they go. Mistakes which you, as modern responsible fathers, must be there to help them deal with, solve or at least advise upon pretty much from their birth until you've drawn your last breath. This book will give you a heads-up on all the defining moments you are guaranteed to experience as a parent. It'll warn you when your life is going to take a change of course, how your child is going to influence the choices you make and give you some practical, knowing, sanity-saving methods of dealing with them. Each moment is headlined with a common scenario that dads have encountered down through generations but will still come as a shock to you for the first time. And for every milestone moment, landmark action or parenting task to perform, there's a sound advice and strategic solution to help you cope and even discover the purported joys of parenthood. **Health Mantra** Dr. Sonali Sarnobat, 2016-05-26 An
