Smith, 2016-04-22 The MisLeadership of this book s title is a description of the phenomenon the authors have uncovered through their analysis of the validity or otherwise of current leadership styles and achievements in the light of the challenges leaders face and particularly of the urgent global issues with which business leaders are now confronted John Rayment and Jonathan Smith examine existing approaches to leadership with a focus on their shortcomings categorized according to the four main types of misLeadership the authors have identified Missing Misguided Misinformed and Machiavellian leadership Each of these forms of misleadership has a corollary in one of the four elements of the kind of holistic leadership that the authors advocate the capacity for effective decision making the adoption of a global perspective the move to a new business paradigm to replace the current economic and social one and commitment to a contemporary mission From Rayment and Smith s passionately argued but well reasoned perspective leaders the led and those responsible for leadership development will gain an insight into the prevalence and causes of misleadership and into ways in which it can be identified and overcome A range of examples and case studies is provided to enable the concepts presented here to be related to practice As well as illustrating instances of misleadership these also demonstrate that the emphasis in relation to the decision making models currently available to leaders may not be the most important stages of the processes involved The global perspective emphasized by the authors is not just about globality in the geographical sense An important part of the way forward suggested here involves considering all aspects of humanity the physical mental and spiritual strength stamina and fitness of individuals groups and societies in the context of a Global Fitness Framework All this is presented in a practical and approachable style that enables these authors to introduce a new approach to a key element of management thinking in a way that will encourage and empower individuals to think on a different scale challenge assumptions and exercise effective leadership Journals of the Legislative Assembly of the Province of Canada Canada. Emigrants' Information Office,1908 **Titanic: Ship of Lost Illusions** Kevin Brown,2025-05-30 A fresh exploration of the Titanic disaster reveals how class gender and racial prejudices shaped contemporary responses When it set sail on its ill fated maiden voyage RMS Titanic was a marvel of modern technology and

the latest in luxury providing a gilded setting and false sense of security for its passengers to act out their imagined ideal lives in a reflection of pre First World War society When disaster struck in the form of an iceberg four days into its maiden voyage that society was frozen in a moment of time revealing class gender and racial discrimination that pervaded contemporary social attitudes Kevin Brown takes a fresh approach in exploring the social attitudes to class manliness heroism and cowardice social redemption the proper role of women and the social religious and racial prejudices revealed by the sinking He re evaluates the code of women and children first revealing how attitudes glorifying manliness influenced the behaviour of passengers and crew during the sinking as well as suggesting a narrative of chivalry and self sacrifice to create heroes from the victims and brand the surviving men as cowards an interpretation that is challenged here Eyewitness accounts evoke the horror of the night and reveal the underlying ideas of the day They also show that women played a less passive role than expected of them The responses to the sinking by politicians across the spectrum the labour movement and suffragettes suffragists and anti suffragists is explored to show more critical contemporary responses to the disaster that challenge the heroic narrative It was a world that was never so confident in modernity after the disaster but yet still held on to illusions of chivalry
