**Contact: the First Four Minutes** Leonard M. Zunin, Natalie Zunin, 1972      Academic Writing Ilona Leki, 1998-07-13 This book provides instruction on the process writers go through to produce texts. It teaches attention to form, format and accuracy. The central goals of the Student's Book are to teach the process that writers go through to produce texts and to provide instructions on how to meet the demands of the academy by attention to form and accuracy. One half of the book is devoted to leading the student through the process of writing from observation and experience. About a quarter of the book focuses on helping the student solve the writing problems typical of university level course work. The remaining part of the book contains an anthology of readings that correspond to the assignments used in the earlier portions of the text. Through an emphasis on the academic applications of writing and on exploring processes and strategies, this text helps students produce, prepare and polish their writing. Description from <http://www.amazon.com> April 19 2012      *Ladult* Andy Cope, Ollie Cope, 2025-09-29 Growing up can be a hazardous journey. One minute you're a carefree kid. The next you're juggling exams, screens, relationship dramas, weird emotions and the reality of entering the adult world. That's where LADULT comes in. This isn't just another book; it's a survival guide for the wild ride from boy to man. Packed with insight, science stories and straight-up advice, it covers the stuff they don't teach you in school. You'll learn how to handle pressure, boost confidence, bounce back from setbacks and build the kind of mindset that keeps you strong no matter what life throws at you. LADULT will help teenagers build great habits, grow in confidence, spend less time glued to screens, upgrade their relationships, strengthen their resilience, fulfil their potential, future-proof their life. LADULT doesn't shy away from the big stuff. It tackles screen time, testosterone, porn, neurodiversity and toxic masculinity head-on. No fluff. No filters. Just real talk with a good dose of humour. Buckle up. This is your route map through adolescence towards becoming the adult you want to be.      **Jet**, 1975-05-15 The weekly source of African American political and entertainment news      The Four-Minute Mile John Bale, David Howe, 2020-11-25 Breaking records and challenging the limits of human ability are central to much of our understanding of athletic track and field sports, with a world record title arguably as valued as an Olympic gold medal. Some particular limits and records take on greater significance, however, as in the case of the Four Minute Mile, which was roundly believed to be impossible until Roger Bannister shattered the illusion with half a second to spare in May 1954. These essays look at the background of Bannister's achievement and the meaning that was ascribed to it by the media and the public at large, drawing on an array of interdisciplinary and international influences to unpick the legend surrounding an historic moment in our social and sporting past.      *Roger Bannister and the Four-Minute Mile* John Bale, 2012-09-10 Roger Bannister was the first person to run the mile in under four minutes. Fifty years on, his status not just as a champion athlete but also as a true British

hero a gentleman and an amateur from a golden era in sport retains its unblemished appeal Until now there has been little criticism and even less close historical study of Bannister and his achievement This book redresses the balance presenting a revisionist history of Sir Roger Bannister and in doing so providing fresh insights into the making of this British champion This book does more than detail the history of a sporting giant It invites the reader to reconsider the very words often used to describe him notably hero and gentleman amateur Informed by contemporary sport science the text also questions the significance of the four minute mile Providing fascinating insights into the history of track racing as well as athletic training methods and the beginnings of sport science this is not just a testimonial to the legend of Roger Bannister but instead is the first rigorous historical study of his sporting life and the man behind the legend It reveals him as an ambivalent athlete highly achievement orientated and scientific but also in love with the freedom of running sensuously in nature in contrast to the constraints of modern sport

Vincent M. Fitzgerald, 2018-06-12 Since the election of Richard Nixon in 1968 to Donald Trump's victory in 2016 both presidential campaigns and television news have undergone significant changes perhaps most noticeably in the use of public opinion polls in campaign reporting by the national evening newscasts of ABC CBS and NBC The Influence of Polls on Television News Coverage of Presidential Campaigns explores how during the past 50 years the three networks have quadrupled their use of polls during general election campaigns while the amount of time spent covering the actual issues facing the nation has dwindled The increasing focus on polls over the years by television news has resulted in an overall diminished quality of journalism which is relying more and more on sensationalism and theatrics The competition between the candidates has become a central focus of reporting which has led to presidential campaigns being covered like sporting events Major party candidates are portrayed increasingly less like potential leaders of the free world and more like athletes who are winning or losing a ballgame The problem is not exit polls prematurely projecting a winner several hours before voting ends but pre election polls which do the same thing weeks before Election Day Recommended for scholars interested in communication political science history and sociology     **How to Read Your Client's Mind** Kerry Johnson, 2019-08-05 If
