Little Hobbin:

Little Hobbin Theodor Storm, 1995 After his mother becomes exhausted wheeling him around the room Little Hobbin devises a way to keep his crib rolling and with the help of the moon rolls out of the house into the street to the end of the world and into the sky

Beyond the Station Lies the Sea Jutta Richter, 2011-12-28 This fable like novella about a homeless boy's quest to make it to the beach offers a darkly poetic masterfully crafted view of life on the streets Publishers Weekly

From the celebrated author of *The Cat Or How I Lost Eternity* comes a tale of adventure suspense and friendship Cosmos and Niner have adapted to being homeless but they decide to set out on a journey to the beach where they can enjoy the summer weather year round Their plan has one hitch they need money to make the trip When a potential patron asks what the pair might be willing to sell Niner and Cosmos offer their only item of value Niner's guardian angel Once they've set out Niner takes a turn for the worse and Cosmos realizes he needs that guardian angel back to save his friend An arresting tale for readers young and old *Beyond the Station Lies the Sea* is a terrific addition to Jutta Richter's beloved body of work Weaving together the spare symbolism of fable and the magical high stakes of fairy tale this skillfully written novella by an award winning German author offers much food for reflection While the subject matter is difficult the story is universal not tied to place or culture it remains open to broad interpretation A good choice for discussion Kirkus Reviews

Children's Books from Other Countries Carl M. Tomlinson, United States Board on Books for Young People, 1998 Every child is entranced by the magic of story regardless of national boundaries Many of the most memorable childhood stories have their origins in other countries Exposing children to this multi national body of literature introduces them to the great diversity of people and cultures that populate the world at a young age enabling them to become more thoughtful and generous individuals

Children's Books from Other Countries is a complete and current guide to international children's literature The concept of a bibliography of international children's literature is not new In the past many books have accomplished this task The last two decades however have not yet produced a current reference source devoted to international children's books *Children's Books from Other Countries* wonderfully rectifies this lack of attention An introductory essay provides an overview of the field including a discussion on the rationale of sharing international books with children a brief history of the children's literature movement related books and awards and basic information about the International Board on Books for Young People IBBY and its American branch the United States Board on Books for Young People USBBY An annotated bibliography contains over 700 titles from 29 different countries printed between 1950 and 1996 All titles are available in English many have been translated and others have originated in other English speaking countries The titles are organized by genre and have been selected for their high quality They are primarily targeted for children ages 0-14 although a few outstanding young adult titles are included Winners of the Mildred Batchelder Award and the Hans Christian Andersen Medal are listed in the appendix Indexes include Author Title Index Country of Origin Index and Subject Index Affordable and readable this timely
