their first in ten years she'll also be among the oldest. As she trains relentlessly to overcome the crew's skepticism and gain their respect, megafires erupt across the West, posing an increasing danger both on the job and back home. In vivid prose that evokes the majesty of Northern California's forests, Kelly takes us on the ground to see how major wildfires are fought and to lay bare the psychological toll, the bone-deep weariness and the unbreakable camaraderie that emerge in the face of nature's fury. Despite the wear and tear of her rookie year in fire, Kelly gears up for a second season determined to prove that not only can a woman survive this work, she can excel. But when her plans to marry her partner start to crumble and sparks fly with a fellow crew member, Kelly wrestles with whether she's truly outgrown the self-destructive patterns she's learned from her father, whose drinking and itinerant ways haunt her. And as the season wears on, she discovers how tenuous belonging can be amid ever-changing crew dynamics. In this vivid, visceral and intimate memoir, Kelly wrestles with the immense power of fire for both destruction and renewal, confronted with the questions: Which fires do you fight and which do you let burn? A practical treatise on the criminal law of Scotland John Hay Athole Macdonald (Sir), 1894 Myths and Legends of Botswana, Lesotho and Swaziland Knappert, 2023-09-20 Collection of texts in English translation illuminating the religions of the world for students Realms of the Deathless Greg Keyes, 2022-09-27 Greg Keyes has always been a skilled storyteller. Terry Brooks, New York Times bestselling author, *The Curse* shaped Aster's life from birth. At first she believed her father was its only victim and determined to save him from it. In doing so she learned that the Curse had stricken everyone in the magical realms known as the Kingdoms and that in an attempt to protect her, her father had himself created it. Now he is dead, a victim of his own sorcery. But the Curse has not ended with him. Her father's actions, his dread spell, were only the shadows cast by a much deeper, older conflict which is now unwinding the universe itself. As the sun fades and the stars wink out, Aster must follow a clue from her dead father to the highest, furthest domain beyond the fairy tale kingdoms through fantastic and terrifying realms of gods and demons to the very source of reality, the beginning and ending of everything. There she might finally set things right. Her path is narrow and the sacrifices necessary for even a tiny chance at success are unacceptable. For the Curse has also released a rot at the very heart of the High and Faraway, an evil more ancient than time itself. It is against this unwavering malevolence that Aster, Errol, Billy, Dusk and Delia must pit themselves. They must do so without their friend Veronica, a girl murdered decades before and brought back to life by Aster's magic. For as Veronica discovers her own vast power, she stares into the face of the enemy and sees in it her true self. **Tales of Superhuman Powers** Csenge Virág Zalka, 2013-09-20 Csenge Virág Zalka, a Hungarian storyteller, has collected 55 folktales from around the world about supernatural abilities like superhuman strength, invulnerability, flying, heightened senses, speed, invisibility, healing, agility, precognition, telepathy, fire manipulation, teleportation, water powers, and shifting. These tales represent powers that people have dreamed of, conjured up and strived for through the ages. Many of the powers are present in popular culture, making the superheroes who wield them the direct descendants of characters such as the princess who could see through

walls or the invulnerable Isfandiyar Zalka excluded stories about magic or about gods with divine powers and focused on less well known stories She included information on similar heroes the ability in the story sources of the powers the origin of the story teachings in it the recommended age group sources variants and comments Entheogens, Myth, and Human Consciousness Carl A.
