Second Witness: Analytical and Contextual Commentary on the Book of

Mormon Brant A. Gardner,2007-09-01 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon Second Witness a new six volume series from Greg Kofford Books takes a detailed verse by verse look at the Book of Mormon It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics anthropology and ethnohistory the commentary approaches the text from a variety of perspectives how it was created how it relates to history and culture and what religious insights it provides The commentary accepts the best modern scholarship which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon s setting For the first time that location its peoples cultures and historical trends are used as the backdrop for reading the text The historical background is not presented as proof but rather as an explanatory context The commentary does not forget Mormon s purpose in writing It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of convincing the Jew and Gentile that Jesus is the Christ the Eternal God

Engraven Upon Plates, Printed Upon Paper Brant A. Gardner,2023-11-14 In Engraven Upon Plates Printed Upon Paper Textual and Narrative Structures of the Book of Mormon author Brant A Gardner delves into the intriguing layers of composition and historical context of the Book of Mormon While taking seriously the implications for what it means for this book of scripture to be a translation of an ancient record written by historical persons Gardner explores the translation process of the Book of Mormon analyzing three compositional layers the nineteenth century text the Nephite Book of Mormon and the Nephite writers and their sources This work contributes to a deeper understanding of the origins and compositional history of the Book of Mormon without aiming to serve as an apologetic defense Praise for Engraven Upon Plates Printed Upon Paper Brant Gardner has long been at the head of Book of Mormon studies With his new book Engraven

Upon Plates Printed Upon Paper he adds to his lengthy resume by deconstructing one of the more vexing issues in Book of Mormon studies namely how to understand the complicated relationship between the Nephite Gold Plates and the nineteenth century English Book of Mormon Gardner provides careful analysis of by what means Joseph Smith may have translated the plates how the Nephite authors may have conceived their project and in what way those Nephite authors may have integrated their own sources into their record Any reader seeking a deeper insight into construction and realization of the Book of Mormon text will find much to admire in this project Nicholas J Frederick Associate Professor of Ancient Scripture Brigham Young University and author of *The Bible Mormon Scripture and the Rhetoric of Allusivity* Written as a companion to *The Plates of Mormon A Book of Mormon Study Edition Based on Textual and Narrative Structures in the English Translation* this volume bristles with insights gained through a detailed reading of the text It represents one of the most thorough and substantive treatments of the nature of the translation transmission and organizational design of the Book of Mormon text to date This expansive study immediately rises to top of must read resources relative to the Book of Mormon Kerry Hull co editor *A Hundredth Part Exploring the History and Teachings of the Book of Mormon* **By the Gift and Power of God** Leo Kappa, 2018-06-12 Although Christian academics such as Dr Stephen Webb Margaret Barker and Richard Mouw classify the Latter Day Saints as Christian most ordinary believing Christians remain unaware of just how very Christ centered the LDS Church is and what a strong position the church holds scripturally and theologically Many Christians today have never had the opportunity to consider the numerous Bible prophecies fulfilled by the Book of Mormon the prophet Joseph Smith the historic Christian apostasy and the prophecies of Gods great and marvelous latter day work which is a new dispensation to set things rightnamely the restoration we announce to the world Christians everywhere must be informed about what God has done for them in these times and why it was necessary as we all prepare for the glorious return of our Lord Jesus with a vast host of angels to judge the earth **Leap** Terry Tempest Williams, 2015-03-18 With Leap Terry Tempest Williams award winning author of *Refuge* offers a sustained meditation on passion faith and creativity based upon her transcendental encounter with Hieronymus Bosch s medieval masterpiece *The Garden of Delights* Williams examines this vibrant landscape with unprecedented acuity recognizing parallels between the artist s prophetic vision and her own personal experiences as a Mormon and a naturalist Searing in its spiritual intellectual and emotional courage Williams s divine journey enables her to realize the full extent of her faith and through her exquisite imagination opens our eyes to the splendor of the world *American Book Publishing Record* ,2000 *Dialogue* ,2005 A journal of Mormon thought *The Gift and Power* Brant A. Gardner, 2011-08-01 The Book of Mormon was presented to the world as the translation of an ancient text engraved on golden plates more than 180 years ago However the faithful assurance that it is a translation has not had an accompanying understanding of how that translation took place How could the ill educated Joseph Smith translate the ancient text on the golden plates into the English Book of Mormon upon which so many base not only their faith but a

willingness to completely change their lives The Gift and Power Translating the Book of Mormon examines the various issues surrounding that translation How does the fact of the translation fit into a magical worldview in which Joseph had a place as a village seer What might that context mean for our understanding of the text This work explores the kind of translation the Book of Mormon represents Did Joseph Smith or the marvelous instruments do the actual work of translation Is it a tight or loose translation How closely tied is the English text to the source text from which it was translated What about Hebraisms in the text What about the lengthy passages of King James English in it The volume concludes with the most puzzling and persistent questions How did the seer stones work Why didn't Joseph retranslate the Book of Lehi How did revival language make its appearance in the book Why couldn't Oliver Cowdery translate Brant Gardner offers answers to these questions The result is a faithful description of how God used a human prophet to translate a transcendentally important scriptural text

Christianity Joe E. Barnhart, Linda T. Kraeger, 2019-06-04 Originally published in 2000 In Search of First Century Christianity contends that Christianity in the first century had no founder but rather evolved as a convergence of many forces political disillusionment cultural mutations religious and theological motifs psychosocial losses and new expectations Moving on from an examination of the foundations of historical and literary criticism in the Renaissance and a detailed study of two writers in antiquity Thucydides and Chariton to examine writings in the period between Plato and the Gospel of Mark the authors then explore the writing of Paul and the stories told in the Gospels With the early Christians drawing from both Greek and Hebrew sources Barnhart and Kraeger propose that like Plato Paul and other Christians generated an anti tragic theatre gospel with
