Christmas Encyclopedia - Fingerstyle Guitar Edition Steve Eckels, 2010-10-07 The arrangements in this book have been designed for use by the beginner and professional alike. The arrangements consist primarily of the melody, bass and chord symbols so that the professional will be able to easily sight read and embellish them during holiday performances. The beginner will find them straightforward and will be able to learn them quickly to add variety. Many of the songs are presented in two keys or two versions and the pages are laid out to avoid awkward page turns during performance. The contents include all of the well known Christmas favorites plus some lesser known gems. In addition to Christmas carols, many of the greatest melodies associated with Christmas have been included. Some of these are Selections from the Nutcracker, Jesu Joy of Man's Desiring, Ave Maria, the Pastorale from the Christmas Concerto by Corelli, Pachelbel's Canon and others. As a bonus, the book includes ten popular Chanukah songs for Jewish celebrations.

Learning the Classic Guitar Aaron Shearer, 1990 Learning the Classic Guitar is a new direction in guitar instruction. Many ideas in these books break new ground. In developing this innovative method, Mr. Shearer adhered to the following concepts: 1. How and what students practice is as important as how much they practice. 2. Give information only when it is immediately useful. 3. Start with the easiest skills. 4. Approach challenging skills gradually. Part one focuses on technical development and explains the most efficient approach to study and practice. Part two should go along with part one and it presents the elements of music and procedures for developing ability to sight read and memorize. It also introduces the visualization concept. Part three
