Helm,2025-06-30 This is more than a hunt for a killer It's a war Sheriff Sam Bridges has seen plenty of darkness but when a woman is found brutally mauled in Amity's gold mine Sam finds himself facing an enemy unlike any he's ever known Some say it's a wolf Others call it a demon Sam isn't sure what to believe until the creature takes the one person he can't bear to lose This is the stunning conclusion to The Way of the Spirit trilogy *Wallace's Year-book of Trotting and Pacing in ...* John Hankins Wallace,1906 Easter Alan Watts,2023-03-07 THE FORGOTTEN PAGAN ORIGINS OF CHRISTIANITY'S MOST EMBLEMATIC CELEBRATION Easter by whatever name it may be known is a theme common to almost every religion and every people Alan Watts Along with Christmas Easter Sunday is one of the two most popular celebrations on the Church calendar For millions of believers around the world it encapsulates the central message of Christianity Yet Easter has become associated with a perplexing jumble of non Biblical customs colorful eggs chocolate rabbits evening bonfires children's songs mischievous games and more Philosopher Alan Watts proposes that these curiosities are vestiges of a tradition far older than Christianity In *Easter Its Story and Meaning* Watts goes in search of the lost origins of Easter taking readers with him on a kaleidoscopic tour of history anthropology and myth He begins on the scorching plains of Bronze Age Mesopotamia wanders the marble temples of imperial Rome enters the glittering cathedrals of medieval Europe and eventually lands in modern America In the course of the journey Watts unravels the multilayered symbolism of Easter and places the holiday within the broader context of world religions He also delves into several tantalizing historical enigmas such as Why is Christianity's most sacred holiday named after a pagan goddess Is Jesus Christ historically unique or is he just another example of the dying and rising god archetype common in antiquity How was the date of Easter calculated by the patriarchs of the early Church Where did the tradition of the Easter egg come from Could it be African The book closes on a lighthearted note with a collection of weird and wonderful Easter folk traditions old and new From beginning to end Watts

employs his keen intellect and vast erudition to uncover hidden connections between seemingly unrelated events The result is a philosophical adventure that will enlighten readers of all religious backgrounds Watts concludes that Easter is a universal celebration of nature s eternal cycle of life death and rebirth a celebration for all humanity

The British Defence of Egypt, 1935-1940 Steven Morewood,2005 A comprehensive and challenging analysis of the British defence of Egypt primarily against fascist Italy in the critical lead up period to the Second World War Culminating in the decisive defeat of the Italian military threat at Sidi Barrani in December 1940 this is a fascinating new contribution to the field The security of Egypt a constant of British imperial strategy is a curiously neglected dimension of the still burning appeasement debate Steven Morewood adds to the originality of his interpretation by suggesting the old view should be reinstated that Mussolini should and could have been stopped in his empire building at the Abyssinian hurdle Thereafter as Nazi Germany tore the Versailles peace settlement to shreds the drift to war accelerated as British resolve and credibility were brought into question The fascist dictators in Rome and Berlin held no respect for weakness and Mussolini became the conduit through which Hitler could apply pressure to a sensitive British interest through reinforcing Libya at critical moments
