Edge Of A Kingdom

Thomas H. Huxley

Edge Of A Kingdom:

Kingdom Come Raymond Grant, 2017-07-20 Kingdom Come is a book of original inspirational poetry that encourages personal preparation in light of God's Word and Christ's second coming. Raymond Grant encourages readers to focus on the choices we make and how our choices can affect us regarding the end times. Kingdom Come also points out some possible results of our choices such as rewards and the promises of God. The author hopes to stimulate careful thought followed by actions which will produce a most rewarding life now as well as in the days to come. From the poem titled 'Dcor' by Raymond Grant: Far from a spectator's glance is a chance to draw some in. Far from an outward look is the message spoken within. The peace of God. The mercy of God. The love of God without end. *The End of the Magical Kingdom: The Evil Princess* L.M. Warren, 2015-09-23 The rules of being a fairy tale princess are simple: 1 Always overdress 2 Always play to win 3 Share with those less fortunate 4 Stay true to yourself 5 And for heaven's sake NEVER fall in love with a WITCH. Princess Mary Melancholy has no idea how to be happy. Self-conscious and socially awkward, all she really wants is to believe in something the way everyone else does. Her royal troubles abound since she's engaged to be married as part of a peace treaty between two warring kings and has a weird habit of singing out in public. Mary meets a witch named Salem who is cantankerous, bawdy and banned from the land because of her evil intentions. But when Salem accidentally kisses the princess and they both feel a spark of attraction, a forbidden romance begins that threatens the future of two kingdoms. The choice is Mary's: Will she believe in love and scandalize the family as The Evil Princess or accept responsibility and protect her people?

Coins of England & The United Kingdom (2019) Emma Howard, 2018-12-10 This historic reference work for British coins is still the only catalogue to feature every major coin type from Celtic to the present day arranged in chronological order and divided into metals under each reign then into coinages, denominations and varieties. Under Elizabeth II the decimal issues are separated from the pre-decimal coinages with all decimal coinage since 1968 listed in a separate volume. The catalog includes up-to-date values for every coin, a beginner's guide to coin collecting, numismatic terms explained and historical information about each British coin from our earliest Celtic coins, Roman, Anglo-Saxon and Norman coins, the coins of the Plantagenet Kings, the Houses of Lancaster and York, the Tudors and Stuarts to the more modern Milled coinage minted for the first time in 1561 during the reign of Elizabeth I. From the earliest of times coins have been used by states or monarchs to communicate with people. Coins of England is therefore not only a reference book for collectors but a fascinating snapshot of British history illuminating its economics, technology, art, politics and religion. As always, the content has been updated and improved throughout by the editors. **Coins of England & The United Kingdom (2018)** Emma Howard, 2017-12-10 This historic reference work for British coins is still the only catalogue to feature every major coin type from Celtic to the present day arranged in chronological order and divided into metals under each reign then into coinages, denominations and varieties.
